

HASKE'S WEEK.

United States Indian Educational Association in Session.

Leading Indian Educators to Be Present.

5 DAYS PROGRAMME.

McKinley Expected to Visit Fort Riley in September.

Other Kansas News of a General Nature.

Lawrence, July 13.—There are a large number of teachers and others present in Lawrence for the meeting of the United States Indian Educational Association of the Third district which convened today and lasts through Friday.

Besides the teachers in the Indian schools who will be present there will be many of the superintendents on hand as well as a great many interested in Indian education who have no connection with government schools. The attendance will comprise teachers from schools in the west and southwest, the northwest and many from schools located in the east.

There will be a number of the leading educators of the country present, Dr. W. N. Headman of Washington, superintendent of the Indian school system handling the list. Among others will be State Superintendent E. Stanley, Prof. G. E. Morrow, president of the Oklahoma Agricultural and Mechanical college, H. E. Wilson, superintendent of the Kikapoo school on the Pottawatomie agency; A. J. Standing, assistant superintendent of the Indian school at Carlisle, Pa.; J. B. Brown, Superintendent of Ponca school in Oklahoma; Philip Johnson, superintendent of Ramona school in New Mexico, and a great many others.

A NUDE WILD MAN.

Travels the Woods Near Pittsburg With a Big Club in His Hand.

Pittsburg, July 12.—In the vicinity of what is known as the Chris Beck coal bank, about a mile and a half from the city, a wild, or rather a half-wild man has been seen.

Lately some boys who were out in the timber along the banks of Cow creek thought they saw something of a new sort the fellow. They were near the bank of the creek when he passed by them a short distance away. To say they were frightened would put it mildly. One of them became so badly rattled that he fell into the creek.

Others have seen him, among whom were some women who were out berry picking a day or two ago. He is described as an average sized man with a low flowing black beard and long hair. He wears a broad brimmed hat of either straw or felt, and wears no clothes, but carries a bundle of some sort under one arm, while in the other hand he carries a big club. Every time he has been seen, he walks with his head hanging down and does not notice or molest anyone.

BROOM CORN CROP.

The Acreage Only a Third as Large as Last Year.

Sterling, July 12.—Careful estimates place the amount of old broom corn brush on hand in this district at 15 to 20 cars. This is contrary to all predictions last fall when it was feared how large the crop was. There have been nearly 475 cars shipped from this district, the largest export ever made in the history of the district, at the lowest prices ever offered.

H. K. Lindley, of the firm of Findley & Co., thinks there is not over a third of the acreage out this year that there was last. He said the grasshoppers have done considerable damage to the crop in Stafford county. South of the river some farmers had to plant three times before they got a good stand.

BRIDGE ON DRY LAND.

The Blue River Cuts a Channel and Leaves a Structure on the Prairie.

Blue Rapids, July 12.—The county board have been investigating the damage done to the bridges in this county by high water and finds it will take \$20,000 to repair and replace the bridges.

One of the bridges to be repaired is the north bridge over the Blue at Irving, where the river has cut a new channel south of the bridge, leaving the bridge out on the prairie.

HIGH SCHOOL FOR HORTON.

The Voters Will Say No or Yes at the November Election.

Hiawatha, July 12.—A petition has been presented to the board of commissioners of Brown county for the establishment of a high school at Horton. The petition contained over 1,600 signatures, several hundred more than the necessary one-third of the voters of the county, and the proposition will now be submitted to the people to be voted on at the election in November.

The building will probably cost \$15,000, which would raise this year's tax levy 1/2 mills.

RAIDING SALINA JOINTS.

Three Violators of the Prohibitory Law Will Face the Music.

Salina, July 12.—Saturday evening three jointers were pulled by Officers Williams and Gilbert.

The jointers were the Nield stand on Iron avenue, one run by W. West in the old Thatcher building, and one run by Jud Thompson in a little "shack" on Iron avenue. The last seems to be a new name on the list of Salina jointers. Their hearings will be next week in the police court.

MCKINLEY AT FORT RILEY.

The Ohio Man Will Inspect the Troops This Fall.

Juncton City, July 12.—Major McKinley will visit Fort Riley.

When General Foraker of Ohio was in Manhattan, Major Davidson and

A TRAMP INSANE.

In Jail at Abilene for Attempted Criminal Assault.

Abilene, July 13.—William Watson, the tramp who was arrested at Hope and is incarcerated in the county jail awaiting trial on the charge of an attempt to criminally assault the 9-year-old daughter of Chas. Nichols, has developed signs of insanity.

He became so demonstrative that his hands were tied. He keeps up an almost continuous moaning and repeats incessantly the words "Don't hurt me," drawn out in a sing-song tone that is almost a dirge.

Watson will be watched closely by the officers and the county physician to discover if possible if he is really demented or is merely shamming in order to deceive the authorities and escape punishment for his crime.

J. F. TODD IN OKLAHOMA.

Has Colored Men Employed Grubbing His Land There.

El Dorado, July 12.—The Times prints the following: The story is in circulation that ex-State Labor Commissioner J. F. Todd, who is now on a farm near Chandler, O. T., has a company of colored men clearing up and grubbing his land and paying them in damaged uniforms, purchased of the government at auction. This is in so, and like as not it is a lie. Todd's flaming speeches in favor of "the laboring classes" may be subject to a considerable discount.

POLICEMAN VAUGHAN QUITS.

Finds Official Life Too Hard on His Feet.

Kansas City, Kan., July 13.—Ira Vaughan was appointed a patrolman on the Kansas City, Kan., police force three weeks ago. Last evening he resigned his resignation to the board and declared to fellow policemen that he had found that policeman's work was not so soft a thing as it is commonly reputed to be. His feet were kept so sore that he could hardly walk, and otherwise showed the effects of hard labor.

He stood up under it as long as he could, thinking that he would become accustomed to it. He was given the resignation, but appointed no one else in his place. No other business was done.

HARRISON CANT COME.

The Ex-President Will Take to the Mountains This Summer.

Emporia, July 12.—The people of Emporia are disappointed that ex-President Harrison will not make a speech here next fall and had arranged for a special Santa Fe train to bring him three weeks ago. Last evening he received a letter from Mr. Harrison saying that he could not come, and continuing: "I am building a summer camp in the Adirondacks, and I must go to it about the middle of next week for a long rest, which I need. I could not make so long a trip in the hot weather."

KANSAS STATE LYCEUM.

Eleven Cities to be Represented at Wichita July 15.

Wichita, July 12.—On Wednesday, July 15, will be held the meeting of the Kansas State Lyceum league. This league was formed at Wichita about two weeks ago and the permanent headquarters were located in this city. The officers are: President, J. H. Johnson, of Lawrence; Vice President, J. H. Johnson, of Lawrence; Secretary, J. H. Johnson, of Lawrence.

SHIP TO EUROPE.

The Cherokee-Lanyon Spelter Co. Make a Big Deal.

Cherokee, July 12.—The Cherokee-Lanyon Spelter company has shipped eighteen cars of spelter to Liverpool. The metal was loaded from the works of the company at Cherokee, Kan., and will be sent to New Orleans, where it will be shipped.

There was 720,000 pounds of metal in the contract. The spelter is manufactured at the works of the company in Pittsburg.

A Woman Dresses as Uncle Sam.

Fort Scott, July 12.—Amanda Crosby, an imbecile woman, inmate of the county poor farm, lives under the delusion that she is a man, and will wear nothing but men's clothes. She makes all her own clothing and takes her pattern entirely from the published pictures of the typical "Uncle Sam," even to the large buttons on the back of the long tailed coat. She frequently tears up the bed clothes and makes them into coats and trousers.

A Big Back Pension.

Fort Scott, July 12.—J. H. Jeffries of this city, who resides at 728 Walnut Hill, has just received notification that he has been allowed a pension of \$18 per month, and that he will receive \$1,982.50 back pension.

Old Settlers Reunion.

Halstead, July 12.—The old settlers of Harvey county will hold their annual reunion at Halstead, August 15. A splendid programme has been arranged.

Many Fail to Get Certificates.

Abilene, July 13.—The Dickinson county teachers' certificates have been issued and it is found that there are 4 first grade, 23 second, 23 thirds, 34 failures. History was the rock on which most of the applicants' hopes were wrecked.

Geary County Populists Favor Harris.

Juncton City, July 12.—The Populist county convention delegates will support Harris for governor and W. D. Vincent of Clay Center for congress.

ING THE VISITORS DOWN WITH FOUR HITS.

Horton made four double plays and Hiawatha ones.

SUNDAY'S GAMES.

Kansas City, July 13.—The Blues boosted themselves back into fourth place by two easy victories from Columbus yesterday. The promise of two games for the price of one admission filled the grand stand and packed the bleachers, in all to the number of about 4,500. Manning's men succeeded in swiftness, battling averages very materially by hitting both Jones and Pears savagely.

"Bumps" Jones and Jack Barnett were the opposing pitchers in the first game. Barnett had good control and fair support, and at no time in the game was he annoyed by thoughts of possible defeat.

Score by innings: Kansas City.....1 0 0 0 1 4 2 3—21 Columbus.....1 0 0 0 2 1 0—4 The second game was a repetition of the first. Batteries—Kling and Blanford; Pears and Wilson.

INDIANAPOLIS 3; MILWAUKEE 2. Milwaukee, July 12.—It was a pitcher's battle, but good fortune was with Indianapolis. Score: R. H. E. Milwaukee.....0 0 0 0 1 0 0 1—2 7 1 Indianapolis.....1 0 0 0 1 0 0 1—3 0 1

MINNEAPOLIS 7; GRAND RAPIDS 4. Minneapolis, Minn., July 12.—The game was remarkably well played, considering the rough grounds. The Millers' pitchers struck out the Golden Sox bunched their hits in the last inning and scored four runs. Anderson allowed the Sox to get on base to bat in the first six innings. Score: R. H. E. Minneapolis.....0 0 0 2 0 2 0—13 0 6 Grand Rapids.....1 0 0 0 0 4 4—9 11

ST. PAUL 18; DETROIT 8. St. Paul, July 12.—The St. Paul team won another victory from Detroit by hard hitting. Thomas was knocked out of the box, seven hits being made off him in the seventh inning. Fricke pitched his first game but the locals made a good impression. Score: R. H. E. St. Paul.....1 0 0 2 1 7 3—18 15 Detroit.....2 0 0 0 0 1 0 2—8 13

NATIONAL LEAGUE. Louisville.....0 0 0 0 0 2 0—5 Baltimore.....0 0 1 1 0 1 1 0—7 Cleveland.....0 0 0 1 0 1 0—5

CLEVELAND 5; CHICAGO 2. Chicago, July 12.—Oat back and the broiling sun gave the Spiders the game in the fifth inning. After two outs, Wallace backed away from the plate. Every man who has a stake in the country, the ever honest man, be he poor or rich, has that, whether a Democrat or Republican, and will in November vote for McKinley. The campaign will not be a fight of Republicans against Democrats, but of patriots against revolutionists.

SILVER LEAGUE MEETS. Held a Session Saturday Night and Secures Quarters on West 6th Street. At the meeting of the Republican Silver League Saturday evening the league selected permanent quarters at 11-11 West Sixth street, (old St. James hotel) and as soon as possible the rooms will be furnished and used as meetings for the league. It is also the intention of the organization to establish a reading room in connection with the headquarters with special reference to the discussion of the financial question.

WHO ARTHUR SEWELL IS.

One of the Largest Owners of Merchant Ships in the Country.

Bath, Me., July 11.—Steadily for over 70 years has the Sewell private signal, a white "S" on a blue ground, fluttered from the main spar from some of the staunchest, finest, swiftest vessels in the merchant marine, carrying the stars and stripes into every foreign port.

From the days of the first chubbly little "Diana" built in 1823 to the great steel "Diriga" launched in 1894, this house has led the country in designs for merchant vessels. Beginning under William D. Sewell in 1823, the house has been continuous and today owns the largest sailing merchantman afloat under our flag.

J. D. Sewell was succeeded by his sons, under the name of E. and E. A. Sewell, which firm has become Arthur Sewell and Company, with Arthur Sewell, Maine member of the national Democratic committee and Democratic nominee for president of the United States at its head, United States Senator, Samuel S. Sewell and his son William D. Sewell, associated with him.

The Sewells are of an old and illustrious family on both sides of the water. The first American Sewell came here in 1634, and Dummes Sewell, the grand father of the first ship builder, came to Bath from York, which was also in the district of Maine, in 1752, when he purchased the tract of land on which today stands the Sewell yard and houses of the Sewell family. In the 71 years that the Sewells have been building ships they have owned 56 ships.

Arthur Sewell, the present head of the firm, is about 50 years of age. He grew up among the scenes of the shipyard and seashore, acquiring a familiarity with business life, which has served him well, not only in that particular branch, but in many other lines of commercial life.

There is hardly a corporation in Sagadahoc county of which he is not a director. He is prominent in railroad circles as well as in politics, having been president of the Maine Central and other important roads. He is now being elected in many. He is a bank president and one of the principal business men of this city. A striking fact in accordance with Mr. Sewell's nomination is that his son Harold is a Republican, having changed from the Democrats as a result of what he considered the party's failure in administration. Young Sewell was one of the leaders of the Red delegation at St. Louis and is one of the leaders of the young Republican movement in Maine.

ENGLISH FOR MCKINLEY. The Pall Mall Gazette Wants to See Him Elected. London, July 11.—The Pall Mall Gazette this afternoon says: The Democrats have placed a premium on dishonesty and all forms of lawlessness. Every man who has a stake in the country, the ever honest man, be he poor or rich, has that, whether a Democrat or Republican, and will in November vote for McKinley. The campaign will not be a fight of Republicans against Democrats, but of patriots against revolutionists.

WASHINGTON 14; ST. LOUIS 1. St. Louis, July 12.—The game was not an interesting one, the Browns being almost shut out. The Washingtons made 19 hits off Donahue, out of which they scored 14 runs, aided by errors. Attendance, 5,000. Score: R. H. E. Washington.....0 1 0 0 0 0 0—1 St. Louis.....0 0 0 4 2 0 2—14

MORRILL ON BRYAN.

The Governor Says the Whole Country Can Now Observe Populist Methods.

Gov. Morrill is quoted as saying in regard to the nomination of Wm. J. Bryan for the presidency: "It is yet too early to form an intelligent opinion of the situation in Kansas. The fight is certain to be close. When the enthusiasm dies down, however, I believe the Democratic party will stand against at what they have done. Never since the foundation of the American government have the people tried such an experiment as the nomination of a man only 37 years of age, whose qualities are totally unknown to them beyond the fact that he can address a crowd and move them by appealing to their prejudices and their fancied wrongs. There is one thought which occurred to me this morning which afforded me considerable gratification. The nation at large will now have an opportunity to taste a little of the campaigning presented by the Populists all these years in Kansas."

"With Bryan at the head of the ticket and the Populist party in full chase at its heels, I believe I shall be given a grand opportunity to inspect the spectacle of a campaign made on the nomination of a man only 37 years of age, whose qualities are totally unknown to them beyond the fact that he can address a crowd and move them by appealing to their prejudices and their fancied wrongs. There is one thought which occurred to me this morning which afforded me considerable gratification. The nation at large will now have an opportunity to taste a little of the campaigning presented by the Populists all these years in Kansas."

"I believe the sober second thought of the American people will condemn the action of the Chicago convention. However we have a way to legislate and we might as well frankly admit it, but never before has the Republican party in our state been in such a condition to make this fight aggressive."

STATE HOUSE NOTES.

The teachers in all the Indian government schools will hold a normal institute at Haskell Institute, near Lawrence, beginning today. State superintendent of public instruction delivered the opening address this morning.

Bank Commissioner John W. Bredendahl has gone to Goodland to be present at the trial of M. B. Tomblin, who was arrested on the charge of receiving deposits after the bank was in a failing condition.

FELL FROM HIS BERTH.

Washington, July 13.—Harry J. Pocock, ex-city register of St. Louis, died suddenly on a Baltimore & Ohio train near Parkersburg, W. Va., Saturday night. His death is surrounded by circumstances both suspicious and sensational.

Deputy Commissioner of Pensions Bell was a passenger in the same car with Pocock. At 11 o'clock Mr. Bell heard an agonizing cry from the upper berth of No. 6, the berth of his evening companion. The shriek was followed with a groan and shrill exclamation, "Oh, my head, my head, my head!" Mr. Bell sprang into the aisle and had scarcely got upon his feet when Pocock in agony tumbled from his berth and fell head first on the floor. All the passengers were sound asleep except Mr. Bell and two women in the lower part of No. 6.

Mr. Bell and the conductor stiffened his limbs opened his eyes wide, his muscles relaxed and he was dead.

DROWNED AT LAWRENCE. Four Persons in a Boat Swept Over the Dam. Lawrence, July 12.—Sunday evening about 8 o'clock four persons were drowned in the Kaw at this point. They lost control of the boat just above the dam and it was swept over. In the afternoon L. C. Study, his wife and daughter and his wife's sister, Mrs. Hook, and her babe started up the river from the boat house at Lawrence for a pleasure trip. The river was very high on account of the recent rains and the return trip accomplished till the boat house was reached.

The control of the boat was lost in turning it toward the landing, and the boat and occupants were swept over the dam. The rescue parties at once organized and succeeded in rescuing Mrs. Hook, one of the occupants of the boat, and Flossie Study, below the dam, but both are in a very precarious condition. The other members of the party were drowned. The names of the drowned are: L. C. Study, a printer and old time resident of this city; Mrs. L. C. Study, his wife; Katie Reynolds, daughter of the Reynolds who lived in town and who was visiting the Studys and went riding with them, and an infant child of Mrs. Hook.

MCKINLEY AT ST. PAUL.

Foraker and Hobart Will Also Attend the Encampment.

St. Paul, July 13.—Applications for quarters during the G. A. R. encampment have been received from fully 12,000 people, and up to date every one of these have been cared for with the aid of the prompt responses received from citizens offering rooms in their homes. This morning an application was received from an association composed of past aides to past commander-in-chiefs. Up to date there are forty-five of this association coming. Special invitations have been sent to Governor McKinley, Mr. Hobart and Senator Joseph B. Foraker, and there is no question that they will all be here. It is already settled that Senator Thurston of Nebraska, will be one of the orators at the grand encampment, and Mr. G. Burton, one of the congressmen from Missouri, will address the campfire on the subject "The Flag." He is considered one of the best speakers on this subject in the country, and his effort will doubtless be a great treat.
