ROUND ROBIN HOOD'S BARN.

DENVER, April 3.—Governor Waite regards with favor Senator Wolcott's resolution requesting the president to enter into negotiations with Mexico looking to the coinage at its mints of standard Mexican dollars.

"We could supplement it most magnificently," enthusiastically declared the governor. "I hope it will pass, because we could make the coin legal tender under the constitution."

WHO WANTS A RAILROAD?

DENVER, April 3.—If Judge Caldwell issues an order for the Union Pacific to abandon the South Park road to Leadville and Gunnison, as he announced yesterday he would do, the questions will arise whether the line will revert to the state, or can be taken possession of by any person or company desiring to operate the road; what will become of the valuable terminal facilities, and can the people along the line obtain any redress from the Union Pacific

The South Park line is 282 miles long. It was built by Governor Evans in the early days of Leadville and became the most profitable railway property in the entire west and was sold to the Union Pacific for $2,500,000. It is said to have cost the Union Pacific $100,000 a year.

BEGINNING OF THE END.

DENVER, Colo., April 3.—The long drawn out fire and police board controversy seems in a fair way to be finally settled within a day or two. The supreme court today agreed to take original jurisdiction if quo warranto proceedings were brought before it by the attorney general. The attorneys reached an agreement and Attorney General Engley assisted by District Attorney Steele, proceeded to prepare papers for the quo warranto proceedings. The supreme court agreed to give a decision with all possible haste.

KANSAS REPUBLICAN LEAGUE.

TOPEKA, Kan., April 3.—The open rate of one and one-third fare on all railroads for the meeting of the Republican league in this city next Thursday assures an exceptionally large attendance. Acting Secretary Butterfield has received word from President Harklass of the Missouri league that he will be here and there will be a number of prominent Republican speakers in attendance. The local committee is making elaborate arrangements to entertain the crowd.

GERMANY WANTS SAMOA.

LONDON, April 3.—A special dispatch to the Morning Post from Berlin says that the reports of fighting in Samoa have caused much excitement among colonial enthusiasts. The Samoa treaty is by them and many others regarded as a failure. The colonial society has adopted a resolution in favor of an exclusively German government in the island.

ARE RED-HANDED

CATHOLICS AND A. P. A. MEN CLASH IN KANSAS CITY.

Victory at the Polls Sought to be Obtained by Bullets Instead of Ballots.

One Man Killed, Five Others Fatally Wounded and a Score of Others More or less Seriously Injured by the Rain of Lead.

Over One Hundred Shots Fired by the Bigoted Adherents of the two Factions Whose Bitter Antagonism Thus Culminated in Murder.

Different Versions of the Occurrence and Both Sides Claim the Other Responsible.

KANSAS CITY, April 3.—The American Protective Association and the Catholics came together in a bloody conflict at the polls in this city today. It cannot be stated which side is responsible for the affray, as the partisans of each loudly charge the other with being the full cause of all the trouble. More than one hundred shots were exchanged between the combatants in less than that many seconds, and when the firing ceased, the following were lying dead, dying, or injured on the pavement:

Killed: Mike Callahan, city sidewalk inspector, shot through the right side.

FATALLY INJURED.

Harry Fowler, laborer, shot through the back.

Con Brosnahan, contractor, shot through kidneys.

Jerry Pate, deputy constable, shot in the face.

Patrick Flemming, shot in the left shoulder.

John McGovern, laborer, shot through right arm.

The riot was the culmination of bitter feeling, which had been manifested by action and words ever since the polls opened in the morning. The two antagonistic elements were solidly divided in their choice of candidates for mayor. The aggressive support that each side gave to its candidate during one of the hottest campaigns ever known in this city, engendered a strong sentiment of bigotry.

It was therefore in no amiable mood that the workers of the respective factions came together at the different polling places throughout the city, and that these workers came expecting trouble to occur before the day wore away is apparent from the number of deadly weapons that were drawn when the first pistol shot was fired.

The riot that resulted so fatally was the climax of a series of smaller riots that took place at other points earlier in the day between the same opposing religious factions. This riot took place at the southwest Boulevard, very close to police station No. 3, and those who took part in it had been heated to the fighting temper by reports that had been hourly arriving at the station of the brawls at other polling places. Only an hour before it was known that John Gooley, stonemason, was shot in the back and forehead by William Henry Walker at a voting place at the corner of Fifth and Campbell streets, and that the row was directly due to a fiery debate between the two men regarding the principles of the American Protective Association, to which Gooley was violently opposed. That Gooley was not instantly killed was due simply to the fact that the pistol used was a mere toy of 22 calibre.

The American Protective association, which supported Webster Davis, the Republican candidate for mayor, had their own workers in the different polling places and they distributed in some precincts their own tickets, bearing their candidate's name and decorated with the American flag. Jim Pryor, a Fifth ward politician antagonistic to the American Protective association, who supported Frank Johnson, the labor and factional Democratic candidate, was active at the head of fifty constables which he got Justice Latshaw to appoint last night. It was said by some that these constables were, many of them, irresponsible characters and were solely the cause of all the trouble. Consequently there were loud threats of mobbing them before they were got to headquarters after the bloody riot was over.

It is claimed that one of Pryor's followers fired the shot. The man was Mike Callahan and he was a dead man the next minute. Then the battle began. The deputy constables at this polling booth and the workers of all the political factions crowded together in a solid mass, about 100 strong, and every one of them seemed to be armed. For a minute or two the discharge of weapons sounded like a volley of musketry by a regiment. Hundreds of citizens gathered at every point of vantage to witness the battle which, however, was of short duration. These onlookers trembled with excitement. Many of the residents along the boulevard added to the general feeling of terror by leaning from the windows, shouting and gesticulating wildly.

In less than five minutes from the time the first shot was fired, however, the bluecoats from station No. 3 had appeared upon the scene and quieted the disturbance. With their first approach the fighting political workers ceased hostilities and made a quick effort to hide their weapons.

Pryor's men claim that Callahan was an innocent victim. They assert that it was Jerry N. Pate, an A. P. A. man, who fired the first shot and that that was the shot that killed Callahan. Pate was serving as a constable, having been appointed especially by a Westport official to serve a warrant for the arrest of Jim Pryor, John Pryor, his son, and Bert Pryor, for alleged felonious assault upon a citizen earlier in the day. Anyway, he and Callahan met, had some words and either one or the other fired the shot that commenced the conflict.

Pryor's side of the story gets some color from the fact that Harry Arthur, who is one of Pryor's followers, says he himself is the man that shot Pate in the face. According to his story he was standing on the bridge that crosses O. K. creek close to the scene of the riot, when Jerry Pate and another man came from the other end of the bridge in a buggy with four men running behind him. When Pate reached the spot where Arthur was standing he jumped out of his buggy with a gun in his hand and grabbed hold of Harry McGovern; he said: "Here's one of the men we are after. I've got a warrant for your arrest."

"I went up to Pate and said 'you can't take him.'"

"Jim Todd stepped out too, and said: 'No, you can't take me either.'"

"'I'm a deputy constable and you've got to go, said Pate, and then turning to the man in the buggy said, read that warrant.'"

"Just then Mike Callahan came running toward us from the northern end of the bridge. He ran up to Pate and asked him what right he had to carry a pistol, and demanded to see his permit. The two men exchanged angry words and then Pate aimed at Callahan and fired. Callahan returned the fire and then I and the rest of us began to shoot. I shot Pate."

While the riot was in progress, it is said that members of the American Protective association telephoned to Amourdale and Argentine, strongholds of that order, for reinforcements of 1,000 armed men, and that the assurance was given that the men would shortly be on the way. Members of the American Protective association in this city and Armourdale deny the truth of this story.

The affair is being heatedly discussed at most all public resorts in the city tonight and feeling runs very high.

About a dozen arrests made in connection with the rioting on the boulevard and the police are working on evidence which they have gathered from the men now under arrest, and it is probable that further arrests will be made tomorrow. No further disturbance has occurred tonight and it is thought there will be no further trouble.

COXEY'S BRIGADE.

PITTSBURG, Pa., April 3.—The Commonweal army has arrived. It reached Lower Allegheny at 1 o'clock and was met with bands by the Iron Moulders' union, pattern makers, boiler makers, bakers and other labor organizations, and a large concourse of people. When the city line was reached a halt was taken for lunch, and at 2:30 oclock the army marched to Exposition park where it went into camp for two days. Long before the arrival of the Commonweal, the streets in the vicinity of Woods were packed with people. Many houses were decorated and along the route to the park, the army was greeted with cheers by the crowds who thronged the sidewalks. A feature of the parade was 100 bicyclists carrying banners inscribed "Coxey's brigade."

CALIFORNIA CONSCRIPTS.

SACRAMENTO, Cal., April 3.—A branch of the Industrial army which proposes to march upon Washington has been organized in Sacramento and over 100 recruits have enlisted under the leadership of W. H. Mitchell and W. J. Meerle, who came from San Francisco to make the organization. Chief of Police Drew has given a committee of the army permission to go to business houses to solicit food and clothing. The army has set up camp on the lower part of the city. They expect to start on their journey in a couple of days. They claim to be awaiting the arrival of 100 industrial soldiers from San Francisco, it having been announced they would leave that city today.

FRISCO'S CONTRIBUTION.

SAN FRANCISCO, April 3.—The San Francisco contribution to the Commonweal army numbering 350 men left the city today on the ferry for Oakland. Thence it is their intention to proceed to Washington. At Sacramento they will be joined by 100 more unemployed who are now in camp there awaiting the arrival of the San Francisco regiment. Early this morning the recruits, who for several days have been marching about the city soliciting provisions for their contemplated journey, began to assemble at their rendezvous. Mayor Ellert has contributed $125 to pay their way to Oakland and two bands have volunteered to escort them to the ferry. At 2 o'clock the order to march was given by Colonel Baker who is the leader, and the start was made: The men quietly and orderly marched away on their way. On the way to the ferry $10 was given to them by the people on the streets. The mayor was at the landing to bid them good bye. The men will camp tonight in Oakland.

FRY'S FRAGMENT.

ST. LOUIS, April 3.—Gen. Fry's army of unemployed workmen arrived at Poplar Bluff today and are now camping in the railroad yards at Ivory station. There are 600 men in all and they appear to be well disciplined. Gen. Fry went to President Boyd, of the Merchant's Exchange, who started a collection. When asked what his men could do, Fry stated that they were all mechanics except two who were preachers. There are 67 Knights of Pythias in the army.

SITUATION CRITICAL.

Bloodshed and Destruction of Property in Coking District Imminent.

UNIONTOWN, Pa., April 3.—The situation throughout the entire region at the close of the second day's strike of the coal miners and coke workers is very alarming and it looks as if bloodshed and destruction of property will only be averted by resorting to the military of the state. As in 1891, the strikers have been receiving food supplies from the company stores, which was cut off from them today. Tonight the great horde of foreigners require food and have not the means to obtain it. The only way it can be secured is by sacking the company's stores, and to do this they must overpower deputy sheriffs who are standing guard with Winchesters. Tonight operators in the region are very apprehensive and fear the strikers will destroy property in every section of the region.

Eleven thousand strikers are bivouacking tonight at different places between here and Scottdale and it is generally believed numerous raids will be made on the company's store before day break. About 300 deputies are standing guard at the different works. Their forces are so scattered and should an attack be made by one of the big mobs, it would be certain death to offer resistance.

FIXING FOR A SCRAP.

CHICAGO, April 3.—An important meeting of the advisory board of the emigrant clearing house has been called for tomorrow morning. The Union Pacific will be reported at the meeting and it will probably be determined tomorrow just what that line will do. Several of the western passenger lines have a strong suspicion that the Union Pacific does not intend to abide by the agreement which it gave its assent to a few days since. It now receives about 30 per cent of the California emigrant business and it will get no more than that, no matter how hard it may demand it. If the Union Pacific proposes to stay out of the agreement and make trouble, the lines in the association declare they will give it all the fight it wants, and a little more.

3. Cyclomania Run Wild.
5. Are Snowed Under. Will Pack Pork. Makes a Big Sum.
6. Preparations For Fall Elections.

AH THERE, GROVER!

VOX POPULI, VOX DEI, AND CLEVELAND NOT THE PROPHET.

What use Holding Elections When Everything's Unanimous? Marxists Censure the Flirtation With Lilioukalani and Silver Men the Veto of the Bland Bill While Vets Want Pensions and all want a Change.

KANSAS CITY, Mo., April 3.—Returns received up till 11 o'clock tonight indicate that Webster Davis, the straight Republican candidate for mayor, has been elected by a good round majority over all other tickets, carrying with him the entire Republican ticket.

KANSAS CITY, April 4.—At 1 o'clock this morning the count of the vote on mayor was completed, showing the following result: Webster Davis, Republican, 12,283; Frank Johnson, Democrat, Independent Democrat and labor candidate, 5,327; Frank Cooper, Independent and endorsed by the regular Democratic convention, 4,482; J. J. Davenport, Independent Republican, 315. Majority over all for Davis, 2,159. The entire Republican ticket runs very close to Davis.

Kansas.

Dispatches to the Associated Press from all over the state of Kansas and the territory of Oklahoma go to to show that with but few exception, where party lines were distinctly drawn, the Republicans elected their ticket.

LEAVENWORTH, April 3.—At today's election in this city the Democrats succeeded in electing most of their ticket for municipal offices.

At Atchison the entire Republican ticket with the exception of two members of the city council, was elected.

No oppostion was made to the Republican nominees at Lawrence, Kansas.

Missouri.

ST. LOUIS, April 3.—In all the cities of Missouri, with the exception of St. Louis, municipal elections were held today for the election of mayor and other officials. Party lines were not closely drawn. Up to midnight returns had been had from most of the cities. In a majority of these the Republican tickets were successful, while the Democrats carried five cities, and in the remainder mixed results were noticeable.

ST. JOSEPH, Mo., April 3.—The Republicans carried the day here today, re-electing William M. Shepherd mayor by a plurality of 416. They also elected: Joseph Albus, treasurer; T. R. Ashbrook, auditor; John A. Dolman, police judge, and W. R. Hoffman, city attorney.

The council is divided. The Populists made a great effort putting up W. S. Missemer, president of the Carmen of America, but he only polled 1,427 votes out of 7,000.

The A. P. A. cut a big figure in the election.

The Republicans swept Cameron, electing George Long mayor, and all the city council by a heavy majority.

Colorado.

DENVER, April 3.—This was ladies day at town elections throughout the state and flowers and smiles abounded. Pretty young women could be seen pinning violets or carnations on the coat lapels of the big bearded men, with winning smiles that said, "You will vote *my* ticket, won't you?"

At the polls in Highland, a Denver suburb, the women told the men plainly what they thought of taxation principles, and cast 50 per cent of the vote.

Most of the candidates on the Republican ticket, including Carry G. West, as city clerk of Highland, was elected.

At Greeley, Littleton, Fletcher, Globeville, Elyria, Barnum, Herman, other Denver suburbs, women were active and their presence prevented disorderly scenes at the polls. Of 529 votes cast at Sterling 181 were from women. Georgetown women did not turn out as expected.

A big vote was polled at Leadville where the women for some time have been studying up on the Australian ballot system.

DENVER, April 3.—Returns from the greater part of the state at midnight show a pretty general Republican sweep. Occasionally a town returns a slight populist majority, but in very few places. In Las Animas the Democrats are ahead. Leadville Republicans polled over 400 plurality, and have more votes than populists and Democrats combined. Pueblo goes Republican by 500.

At La Junta where the issue was law and order versus the gamblers, the latter were buried, thanks to the ladies, out of sight. Returns as they come in only increase the Republican majority. Cripple Creek elects the citizens' ticket.

Colorado Springs elects the entire Republican ticket.

PUEBLO, Col., April 3.—The entire Republican city ticket has apparently been elected by a large majority. The count will not be finished before midnight.

Nebraska.

OMAHA, Neb., April 3.—Politics cut no figure in Nebraska elections today. The only question at stake was license or no license. In fully ninety-five per cent of the towns that have reported up to midnight license has carried. In Nelson and Superior, where prohibition has hitherto reined, license boards have been chosen. In Lincoln there was but a light vote polled, the expected interest in the candidates not materializing. Here the women were expected to take a lively interest in the choice of school directors and many of them went quietly to the polls and voted.

The result in Lincoln will not be known before morning. There were three tickets in the field, backed by the three political parties, with some A. P. A. complications. In South Omaha trouble was expected but none has materialized up to date. There were two tickets before the voters, the regular Democratic and a citizens' ticket backed by the A. P. A. This combination made matters rather warm for a time and several fights were reported, but so far as can be learned none actually took place. The count is proceeding very slowly and will not be concluded tonight. It is pretty certain, however, that the citizens ticket has been elected by a small majority.

Oklahoma.

Special Dispatch to the Daily Eagle.

OKLAHOMA CITY, O. T., April 3.—Excitement runs high, the election has been very close. The election shows a Democratic gain. The following have majorities: Mayor—N. Button, Democrat. City Clerk—J. T. Martin, Republican. Police Judge—F. S. Goodrich, Republican. City Treasurer—Dr. J. G. Street, Democrat. City Attorney—W. R. Taylor, Democrat. Assessor—S. M. Riley, Republican. Treasurer school board—B. F. Owen, Democrat. Councilman, First ward—A. L. Dunn, Democrat. F. S. Rhoder, Democrat. Second ward—J. D. Richards, Republican. Third ward—C. A. Fowler, Republican. Fourth ward—C. A. Calhoun, Republican. School board, first ward—Dr. C. A. Peyton, Democrat. Second ward—Dr. J. D. Bradford, Democrat. Third ward—J. R. King, Democrat. Fourth ward—J. M. Hainsle, Republican. Holdover councilmen, second ward—C. E. Dunn, Republican. Third ward—Dr. J. R. McIlvaine, Populist. Fourth ward—H. F. Butler, Democrat.

Special Dispatch to the Daily Eagle.

KINGFISHER, O. T., April 3.—Republicans elect the entire city ticket. Prior Smith has a majority over both Democrats and Populists; the latter polled only one-fifth of the vote. The Republicans also elect six of the eight councilmen; the Democrats two.

New Mexico.

ALBUQUERQUE, N. M., April 3.—The hottest city election ever held here resulted in the election of the whole Republican ticket. Mismanagement of city affairs for two years by the Democrats caused their defeat.

Wisconsin.

MILWAUKEE, April 3.—Ninety-six out of 123 precincts in Milwaukee give Koch, Republican candidate for mayor, 18,453; Fehr, Democrat 14,013, and Ulrich, Populist, 2,685; plurality for Koch, 4,339.

Eau Claire, Appleton, Baraboo, Waupun, Neenah, Black River Falls, Columbus and a majority of the cities in the state where there were elections elected Republican mayors. Washburn elected an out-and-out A. P. A. ticket.

MILWAUKEE, April 3.—Mayor Koch, and the entire Republican city ticket is elected by 6,000. The council is Republican by ten majority, a gain of eleven. Elections were held throughout Wisconsin today. In Racine the Democrats elect treasurer; Republicans elect other officers, four out of seven aldermen. Populists get two aldermen and Democrats one. Beloit, Richland, Hudson, Oconomowoc, Kenosha, Shellsburg, Benton and Sparta went Republican. Mineral Point, Chippewa Falls, Madison, Berlin, Nenasha and Darlington are Democratic.

Illinois.

CHICAGO.—At nine o'clock tonight the returns showed the Republicans have elected 23 aldermen, the Democrats 11. Seven Republicans succeeded Democrats, two Democrats succeeded Republicans. In the town elections the Democrats carried the entire west side ticket and three out of four offices in the south town. The Republicans carry the north town by 5,000. The Democratic majority in the south town is in all cases clear, a few hundreds dividing the totals. The proposition for the annexation of the towns of Evanston and Morgan park to the city of Chicago carried by over 20,000 majority.

SPRINGFIELD, Ill., April 3.—The Republicans carried every ward in the city for aldermen and elected their entire township ticket by 700 to 1,300 majority; also 13 out of 17 supervisors.

At Havanna the Republicans elected their entire ticket.

At Lichfield and Pekin the Republicans also scored a sweeping victory.

At Quincy the Republicans elected mayor and three of six aldermen.

Minnesota.

ST. PAUL, Minn., April 3.—There were more municipal elections throughout Minnesota and South Dakota today. The results were much mixed. License or no license were the chief factors. At Waterville, Minn., the Republicans put a straight ticket in the field and the Democrats and Populists fused and elected their ticket by a large majority. The Republicans elected the mayor at Fairbault and carried all offices but one alderman.

New York.

BROOKLYN, N. Y., April 3.—In today's town elections in Kings, Queens and Suffolke counties, the Republicans were as a rule successful in the election of supervisors and justices of the peace. The count at Gravesend had not been completed at midnight, but it was evident that the McKane ticket had been badly routed by the Citizen's league movement.

West Virginia.

PARKERSBURG, W. Va., April 3.—The city election here today resulted in the election of five Republicans and one Democrat for city council.

WAITE'S WRANGLE.

DENVER, Colo., April 3.—Attorney General Engly applied to the supreme court this afternoon for a writ of mandamus to compel Messrs. Orr and Martin of the old police board to turn over the property of the police department to Messrs. Mullins and Barnes, the governor's new appointees, pending the settlement of the question as to who are the legal members of the board. The new board is waiting for some further action in the supreme court before attempting to perform business. It has been decided, however, to remove H. M. Bebyner as chief of police and appoint Senator Hamilton Armstrong. Armstrong is not a resident of the city, but Governor Waite says that makes no difference.

WHEAT AND FRUIT.

CHICAGO, April 3.—The Farmer's Review tomorrow will say: Reports from correspondents in Tennessee state that the injury done to wheat and fruit by the recent cold weather show the damage to wheat is small in the aggregate, but very bad in some localities where the wheat had made rapid growth. The disaster to fruit is widespread, the states where the trees were most forward suffering most. In the northern sections of a number of the states the larger fruits were saved for the reason that they have been held back in development.

The ten states reported are as follows: Illinois, Indiana, Ohio, Michigan, Kentucky, Missouri, Kansas, Nebraska, Iowa and Wisconsin.

When my little girl was one month old, she had a scab form on her face. It kept spreading until she was completely covered from head to foot. Then she had boils. She had forty on her head at one time, and more on her body. When six months old she did not weigh seven pounds, a pound and a half less than at birth. Then her skin started to dry up and got so bad she could not shut her eyes to sleep, but laid with them half open. About this time, at the earnest request of friends, I started using the CUTICURA REMEDIES, and *in one month she was completely cured.* The doctor and drug bills were *over one hundred dollars*, the Cuticura bill was not more than *five dollars*. My child is now two years old, strong, healthy and large as any child of her age (see photo.) and it is all owing to CUTICURA. Yours with a mother's blessing,
