Unknown rioter, hand and arm badly lacerated by bayonet while the militia was clearing the streets.
The fight occurred at 4:30 this evening when a Rock Island train bearing the troops pulled into the depot. At the time of its arrival a large mob of Police, Democrats and Blues was gathered upon the hill overlooking the depot. As the men filed out on the depot platform they were greeted with a chorus of yells and the stones rained down around them. Captain Conrad raised his hand and called to the mob to cease throwing stones. He obeyed him an instant, but seeing the troops remain passive, regained his viciousness and sent volley after volley of stones at the soldiers, at the same time shouting and becoming more threatening. Captain Conrad ordered his men to aim, and as more stones came at the regulars he gave the order to fire. The rioters did not bring back and has not assembled since. The troops went back to Chicago tonight.

DAY'S ADVICES INDICATE THAT STRIKERS ARE LOSING GROUND—ORDERS, HOWEVER, HAVE BEEN PROMULGATED CALLING OUT UNIONISTS IN CHICAGO AND KNIGHTS OF LABOR ALL OVER THE COUNTRY AND OBEDIENCE MEANS MORE FIGHT.

CHICAGO, July 10—Slowly but steadily, calmly and certainly as befits the supreme power of a great nation, throughout all that wide stretch of its domain where evil-disposed persons are taking advantage of an exceptional industrial condition to incite violence and bloodshed, the federal government is moving to the accomplishment of that for which its powers were delegated to it by the people, the preservation of order and the safety of life and property. At Chicago, in conjunction with the military arm taking advantage of the condition of war which prevailed last week. At San Francisco, Sacramento, Los Angeles and various other points in Colorado and Washington where the unruly are crying havoc, it has let loose the dogs of war in token of its intention to have peace, even if it has to fight for it. In this city the military arm having accomplished its purpose, the militia are to be drawn off to other parts of the country to deal with the riotous and lawless elements.

SPRING VALLEY TERRORIZED.
Striking Miners Hold the Populace Under Ban of Intimidation.

OTTAWA, Ill., July 10—Affairs at Spring Valley are taking on an ominous look today. The commanders of the Rock Island and Galesburg companies sent a long communication by wire to Adjutant General Grandoff detailing the situation. The substance of the dispatch was that the miners have so intimidated all classes of people by threats of what will happen if the troops are allowed to enter the valley, that every obstacle is placed in the pathway of the soldiers and all classes act in a hostile manner. Mayor Jackson, who is evidently terrorized, ordered the soldiers to be withdrawn from the valley, but they refused to obey. The telegraph operator was frightened away and one of the soldiers is at the key. The storekeepers have been made to refuse to sell supplies to the troops and the latter have, in consequence, taken possession of the company's store, soldiers acting as custodians in place of the clerks. More troops have been asked for.

SITUATION IN OMAHA.
U. P. Strikers Will be Reinstated—K. of L. Pledge Sympathy With Debs.

OMAHA, July 10—The Federated Board of Union Pacific employes held a conference with General Manager Dickinson in regard to reinstating the striking American Railway union men. Mr. Dickinson expressed a willingness to take back all men out who had been peaceable and had not attempted to obstruct the traffic of the road. Notifications were sent to agents by General Traffic Manager Monroe to accept freight for all points.

GRATULATIONS TO JEFFREY.
DENVER, Colo., July 10—President Jeffrey of the Denver and Grand Railroad company is receiving congratulations from all sides on the success of his method of dealing with the strikers. Mr. Jeffrey has won the position that employees should have time to think over the problem confronting them and has not attempted forcibly to operate trains. The result is that no damage has been done to the property of the company and the strikers are voluntarily returning to work. The road is now open. Santa Fe officials announce that the Denver and Grand and southern California points, and all trains are moving on time.

WAITE LOOKED WORRIED.
DENVER, July 10—Under the impression that President Cleveland's proclamation was a declaration of martial law all labor organizations in Denver gathered before 4 o'clock. Governor Waite looked worried and had nothing to say, except that the state of affairs was very serious. Adjutant General Tarsney thought the proclamation was a direct usurpation of authority. General Metcalf was very busy at his headquarters all day and had no information to give.

ENDED IN COLORADO.
PUEBLO, Colo., July 10—The strikers and braves on the Rio Grande here tonight voted to return to work. Places of striking strikers and negroes will be closed. The company announces that all business will be resumed tomorrow. Strikers (Gambler) returned to work to night.

WRIT OF ERROR REFUSED.
CHICAGO, July 10—Justice Bailey today refused to grant the writ of error and supersedeas that would stay the execution of Patrick E. Fitzgerald until his insanity trial could be reviewed by the supreme court. Two last efforts will be made tomorrow to save the life of the assassin by applying to the supreme court for a writ of habeas corpus, and seeking a commutation from Governor Altgeld.

ENDEAVORERS WILL MEET.
CLEVELAND, July 10—Secretary Harter of the United Society of Christian Endeavor, arrived in the city from Boston this afternoon and said: "All reports are run down to the contrary, the annual Christian Endeavor convention will be held in Cleveland July 11 to 15. Postponement is impossible."

Western Union Ordered to Bring His Dispatches Into Court and Indictment Promptly Follows.

His Lieutenant, Howard, and Other American Railway Union Members are Also in the Toils.

All Taken to District Attorney Milchrist's Office Where They Give Bond in \$10,000 Each—Debs' Mail and Papers Seized Under an Order of Court.

Leader Expresses Himself on Arrest and Subsequent Proceedings.

CHICAGO, July 10—The federal grand jury, after receiving the instructions of United States Judge Grosscup this afternoon, returned indictments against Eugene V. Debs, president of the American Railway union, George W. Howard, its vice president; Sylvester Kelcher, secretary, and L. W. Rogers, one of its directors, and shortly thereafter the men were arrested. They are charged with conspiracy to commit an unlawful act, that is, to block the progress of the United States mails. Joined in the indictment with the four leaders of the Railway union was James Murwin, the Rock Island striker who threw the switch which de-

DEBS' LAST ADDRESS.
CHICAGO, July 10—Eugene V. Debs, tonight issued an address "To All Striking Employes and Sympathizers" urging them in view of the serious phase the strike has assumed, not only to refrain from acts of violence, but to add in every way to their power to maintain law and order.
"The responsibility of the grave situation that confronts the country," continues Mr. Debs, "has been placed upon the faith our position is correct and our grievances just, we can afford patiently to await the final verdict. Then the wrong, wherever it may be, will be rebuked and the right party entombed."

HOWARD'S SAY.
CHICAGO, July 10—Vice-President Howard of the A. R. U. said today that the union was through with attempts at arbitration. A general strike was taking place tomorrow. Mr. Howard added: "You know we have got the general managers kicked off the face of the earth. We and them get on their faces more than a week ago and they know it. They said then, though it has not been their policy since, 'we are helpless to do anything in this matter. Let them go ahead and let us do everything until the whole business of the country is prostrated and then we will see if there is not a general uprising to pull down this loging'."

CHIEF SARGENT TALKS.
TERRE HAUTE, Ind., July 10—Chief Sargent of the Bremen said tonight "Telegrams that I have received today were mostly from the south and indicate the main disadvantage among our members at present the quarter. In many sections of the south they have gone out. The strike of the Big Four Bremen was a surprise to me. I have heard nothing from them at all; they are well at the others, have simply struck on their own hook. I suppose when the striking firemen see their places filled with new men they will understand the situation better."

DEBS' ORDERS DISREGARDED.
KANSAS CITY, Mo., July 10—A high official of the Missouri Pacific railroad said today that orders from Debs to the Missouri Pacific to go out would not be regarded, because the men felt the strike at Chicago and had no sympathy with the strikers. The Memphis office, which is affected more than any other railroad, is beginning to move its traffic and their prospect of getting through is being improved. The embargo is practically lifted. The Missouri Pacific day force of strikers went out last night and the Memphis office. The railway claims they will soon have plenty of men to fill the places of the night crew.

KANSAS CITY, Mo., July 10—A special to the Times from Topeka, Mo., says Deputy United States marshal tonight made the following arrests of prominent local citizens: James Kinney, ex-governor of Missouri; H. The charge is conspiracy in obstructing United States mails by the strikers. The prisoners were taken to St. Louis on a special train for trial.
