

## Plan for Summer Comfort

Don't add the heat of a kitchen fire to the sufficient discomfort of hot weather. Use a New Perfection Wick Blue Flame Oil Cook-Stove and cook in comfort. With a "New Perfection" Oil Stove the preparation of daily meals, or the big weekly "baking," is done without raising the temperature perceptibly above that of any other room in the house. Another great advantage of the

## NEW PERFECTION Wick Blue Flame Oil Cook-Stove

is its handsome CABINET TOP, which gives it every convenience of the modern steel range. Has an ample top shelf for warming plates and keeping cooked food hot, drop shelves for holding small cooking utensils, and is even fitted with racks for towels. Made in three sizes, and can be had with or without Cabinet Top. If not at your dealer's address our nearest agency.

## HIGH SCHOOL BALL TEAM MET ITS WATERLOO

Kansas University Freshman Defeated Them 4 to 1.

Lawrence, May 1—(Special)—The Abilene high school ball team was defeated for the first time this season in a game with the Freshman team of the university, score 4 to 1. Abilene's score was made in the 3d inning. The Freshmen out-batted the visitors, one home run bringing two of the scores. McDonnel and Sommers put up fine battery work. Will Moore of Chapman was the only Dickinson boy on the Freshman team.

## A BRIDE SPRAINS HER ANKLE

While changing from one train to another a few days ago a bride wrenched her ankle very badly. She was afraid she would be lame for some time for the ankle pained her and was swelling rapidly. One of her fellow passengers brought her a bottle of Sloan's Liniment. The Liniment stopped the swelling and the next day her ankle was almost as strong as ever. Mr. L. Roland Bishop of Scranton, Pa., says: "On the 7th of this present month, as I was leaving the building at noon for lunch, I slipped and fell, spraining my wrist. I returned in the afternoon, and at four o'clock I could not hold a pencil in my hand. I returned home at five o'clock and purchased a bottle of Sloan's Liniment and used it five or six times before I went to bed, and the next day I was able to work and use my hand as usual. I thought sure I would be laid up, and as we are busy I was very much worried. I cheerfully recommend Sloan's Liniment to all persons who may injure themselves in any way."

## SAYS THE NEW TRAIN WON'T EVEN SLOW UP.

Conductor Follins Gives a Tip to Abilene.

Conductor James Follins of the Union Pacific today said the new through train will start May 11. He further added that it is his understanding that it will not stop at Abilene—not even slow up. A flagman is to be sent out to the Santa Fe crossing so it will not be necessary for a halt there. All the dreams Abilene has had of a convenient and luxurious trip to Kansas City or the west seem to be departing into the glimmering distance. It might do some good for the city officers and commercial club to get busy. It is easier to fix train schedules before the train is put on than after it is in operation.

## High School

By Grazella Pulliver.

Jessie Swigart of D. C. H. S., visited the high school Monday morning. Six of the Juniors, who are studying German, are preparing a first class one act comedy entitled "Eigensinn." On last Monday, despite the storm, our base ball team played against D. C. H. S. It was only another proof of their invincibility, for the score was 5 to 4. The high school is not in vain; one boy has learned that Exodus was not a man. The boys admitted the girls to the Athletic Association. Next morning this notice appeared on the study hall board: "Girls! Don't forget your assessments. We need your money." Mary Sexton, a graduate of A. H. S. in 1908 visited chapel Monday morning.

The Sophomore English classes have finished their study of "The Tale of Two Cities," and will now begin "Silas Marner." Roy Engle of D. C. H. S. attended chapel Monday morning. The Juniors are now wrestling with De Quincey's "Flight of a Tartar Tribe."

Miss Bowers of Hope was a chapel visitor Tuesday. She also attended the music class.

Miss Naomi Engle who has just closed a most successful term of school in Center township, visited chapel Tuesday morning. Miss Verna Pautz, '08; now at tending Central Kansas Business College, has been doing stenographic work at the high school this week. She has been copying the thesis of the Economics class.

The contest for the prizes offered by J. B. Case, upon the question, "Should a fee be charged upon the registration of real estate in Kansas," closed Friday night. About fifteen have submitted theses in competition for the prizes.

The parts for the Senior play, a parody on "The Merchant of Venice," have been assigned and all are hard at work committing their parts.

In compliance with the requirement of the U. S. Commissioner of Education, Mr. Redfield ascertained the number of high school students who expect to attend college. There were between seventy-five and a hundred who declared their intention of taking a college course. It was noticeable that percentage was much higher in the upper class. In the Senior class of thirty-five, there were nineteen, which includes all the boys.

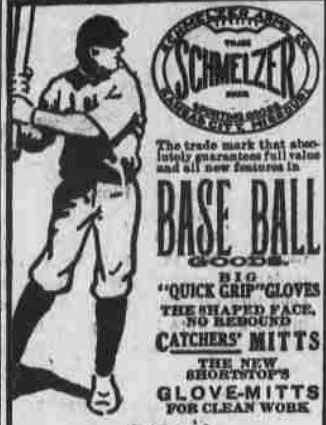

Our baseball team plays the Freshman team of Kansas University today. Several high school students accompanied them to the University town. Among them were the Misses Ruth and Lois Harger, Messrs. Arthur Stacey, Frank and Deane Ackers, Ben Haskell and Leo Sanders.

The Annual will soon be ready for distribution. It will be the largest and finest ever issued by the school.

## A Way to Get More Trade.

The merchants in some Kansas towns are doing a thing that Abilene merchants should do. They are visiting the people in their trade territory. This is the way they do it. On certain days they gather up enough automobiles about their town to carry those who will go and then start out for a pleasure trip to the neighboring towns in the county and in their trade territory. They call on all the merchants in these towns and see the people and visit with the farmers living along the way. By such visits friendships are made and interest awakened in matters of mutual interest, acquaintances are formed and the particular town represented by the touring merchants is well advertised. It is somewhat on the order of the more ambitious trips taken by rail by the jobbers and wholesale houses of Kansas City and Wichita.
