

"DO NOT WASH FACE"—U. P.

How Order Is Issued by the Railroad Company.
"He who seeks equity must do so with clean hands." Thus saith the judges of all courts of equity.
"He who wishes to hold his job as engineer, fireman, conductor, flagman or brakeman must come into terminals with unclean hands and dirty faces."

Thus saith, in effect at least, the powers that be on the Union Pacific railroad.

The Union Pacific has fewer bad wrecks than any other road in the country, according to interstate commerce statistics. By making the employees in train service come into terminals with unkept clothes and unclean hands and faces it expects to have less in the future.

Assistant General Manager Ware has issued the order only after closest investigation. He finds that the biggest wrecks on his road occur at terminal points and have usually been caused by the fact the engineer and fireman, instead of being in the cab watching diligently for some sign of warning or some obstruction on the tracks, have been down in the gangway or some other convenient point adjusting a necktie, removing overalls and making himself immaculate for entry into the terminal as the country groom who is to win a city bride.

He cites cases where every member of the train crew, fireman, engineer, brakeman and conductor, was "in the clear" sprucing up for entrance to the terminals and the train was entirely unimpeded. He takes the trainmen to task for the danger such action places the public in, especially in larger cities.

In the future, intimates the operating official of one of the biggest railroad systems in the country, it will be prima facie evidence that the trainman, no matter in what department, has been guilty of violating this rule if he comes into a terminal with a "biled" shirt, a diamond in his tie, white cuffs, patent leather shoes, a red carnation in his lapel and an airy swagger that shows too plainly that he is expecting his "best girl" at the station. The engineer and fireman must have at least ordinarily "dirty" faces or it will be chalked up against his record, and he will soon fall a victim to the Brown system of demerit marks.

The men realize the value of the criticism and are passing the word all along the line and it is expected that few violations will follow its promulgation.

RECITAL WAS EXCELLENT.

Pupils of Mrs. Julia Short do Teacher Credit in Music.

A rare treat was provided for the music-loving people of Abilene last night by Mrs. Julia Short, whose pupils gave a recital under her direction at the library auditorium. The work of the participants showed careful training and a high degree of voice culture, in every way creditable to their teacher. There were many guests at the recital, and their response to the various numbers was generous and appreciative.

The following were the soloists: Misses Gravelle, Grace Hopkins, Ruth Broughton, Hudson, Hattie Bolt, Catherine Lucier, Josephine English, Mrs. P. L. Gross, Messrs. Harry and Warren Coleman. The chorus in the "Farewell Song" included: Sopranos, Mrs. Little, Miss English, Miss Hopkins, Miss Hudson, Miss Broughton, Miss Melmaster, Miss Helen Seelye, Miss Mildred White; second sopranos, Miss Solt, Miss Pulver, Miss Carpenter, Miss Seelye, Miss Ada Anderson, Miss Katherine Lucier; altos, Miss Lucier, Miss Tufts, Miss Bigler, Miss Cassatt, Mrs. Gross, Miss Neal. Violinist, Mr. Miller.

For Sale Cheap.

My new five room cottage on East Enterprise street, No. 413, cement cellar, cement walks, fruit trees and grapes, city water, good coal shed and other outbuildings. Price \$1200. Inquire R. Litts, this office.

Cataract Cannot be Cured.

with local applications, as they cannot reach the seat of the disease. Cataract is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Cataract Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Cataract Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Cataract. Send for testimonials free.

F. J. CHENEY & CO., Props., Toledo, O. Sold by druggists, price 75c. Take Hall's Family Pills for Constipation.

Stops itching instantly. Cures itching eczema, salt rheum, tetter, itch, dandruff, herpes, scabies—Don't's Ointment. At any drug store.

INSURE in the Kansas Farmers' Mutual Insurance Association of Up-land, Kansas. The company that gives the farmer insurance at cost. Keep your surplus money in Kansas and in your own pocket by insuring with us.

NICHOLS & HOWARD, Agents, Abilene, Kansas.

TO CHANGE FIRE SYSTEM.

Councilmen to Apply Lesson Learned From Fires.

Something is the matter with the way the city fire system is handled. Members of the council are convinced of that now, and they admit that the lesson was a pretty expensive one. In the Pronger fire, where the loss was over \$14,000 and in the Eagle fire, with a loss of over \$9,000, the water pressure was deficient when it was most needed.

It was the intention of the fire water and light committee of the council, if there had been a meeting Monday night, to ask the firemen to come before the council and suggest any changes which they thought ought to be made in the management of the system. One thing the committee are practically agreed on, and that is that the advice given by H. L. Humphrey the day after the Pronger fire, and published in the Reflector should be followed.

Mr. Humphrey urged that central be instructed not to cut off the stand pipe from the mains, when there was a fire, until she had received word back from Sand Springs that they had sufficient pressure on to enable the firemen to work. He pointed out that there is enough water in the stand pipe to furnish good pressure to the firemen for several minutes. This view has proved to be the correct one, and there is little doubt that the proposed change will be made at an early date.

SALINA IS HURT.

Citizens Moving Away Because There Are Better Towns.

Salina is sore all over and just because one family found that Abilene is a far better place to live in and educate its children. From any point of view Abilene is superior to Salina. Take our famous Sand Springs water as an example. Abilene residents don't have to worry about fever germs. We have the purest water in the state, and Salina lives on river water. Abilene is also one of the cleanest towns in the state, both morally and from a sanitary point of view. Things have been so quiet here for the past several years that a day marshal has been dispensed with and very few arrests are made for disturbances of any kind. No hog pens are allowed within the city limits and chickens are not even allowed to run at large.

The educational advantages of Abilene are unexcelled. No one should be blamed for selecting Abilene as a place of residence as against Salina where the police court is busy every morning with its offenders, the mayor even not being exempt from insult if out alone after dark. Booze is sold almost openly, and joints of all kinds are in evidence.

Here is the mail made by the Salina Journal in its Monday issue. It is Abilene taking an unfair advantage of Salina in an effort to increase her population at the expense of Salina. It looks that way anyhow, and sure as you live that Dickinson county town has actually started the immigration in that direction. A map we will call Finnigan left Salina today for the home of the Benignous and the erstwhile Lome of the Flocks.

Mr. Finnigan came to Salina from a farm a few months ago. He brought lots of money, as farmers usually do. He built himself a fine home on State street and he and his family moved in. Then came the cows, the horses, the chickens and the pigs. Then came the complaints of the neighbors and Mr. Finnigan was compelled to invite the pigs back to the country, and the invitation was accepted, as the swine was not very favorably impressed with their new home. Mr. Finnigan didn't see how he could live without his pigs, so he left Salina in search of a new home.

He journeyed to Abilene and stated his case. "Come here to live," said the Abilenotes in chorus, "bring your pigs, your cows, your horses and your chickens, and if you haven't enough we will give you more." Mr. Finnigan bought eight nice large lots, built a cottage thereon and today left with his family for his new home. His family included the horses, the pigs, the cows and the chickens. And that new home at Abilene is three blocks from the postoffice. Something must be done to have an ordinance passed to permit keeping hogs in the city or there is no telling how many of Salina's people Abilene may steal in this manner.

DONALD NICOLAY INJURED.

While Playing Near Tufts' Store Is Run Over by Wagon.

While playing in the alley between Broadway and Cedar near the Tufts & Glah store about five o'clock yesterday afternoon, Donald Nicolay, the four-year-old son of Mr. and Mrs. J. T. Nicolay was run over by a wagon belonging to Tufts & Glah and driven by D. H. Brightbill. He is resting easily.

No one is blamed for the accident. The boy was playing with a friend in the coal house back of the Nichols home on Cedar street. Just as the wagon came up the alley, before the driver had time to see him, he darted from the window of the coal house and ran directly between the wheels. The wagon struck him on the head and shoulders and knocked him down, the rear wheel passing over his back. Rev. W. C. Coleman who was nearby on Cedar street at the time the accident occurred, ran to his assistance.

The boy recovered consciousness after a little while, and passed a restless night, but is better today. Hopes are entertained of his recovery. So far as can be ascertained no bones are broken, and the only danger is from possible internal injuries.

THE AUTO TIPPED OVER.

Mrs. Brown of Abilene, Injured and Taken to Hospital.

Junction City Union: An automobile trip came to a sudden termination Thanksgiving afternoon while a party from Abilene were touring the reservation at Fort Riley. The party had been driving through the post and started up the long hill in the rear of the post hospital. The hill stone here is very steep and the machine when near the top commenced work backwards. An effort was made to stop it but it kept going down hill backwards, and after getting good speed went into a ditch. The auto overturned and one of the party, Mrs. Brown, was injured and was taken to the post hospital for treatment. The car was badly wrecked.

The Reflector has been unable to locate the Mrs. Brown referred to in the above notice or get any trace of an auto which had been in an accident at Junction City on Thanksgiving.

GAVE PASTORS A RECEPTION.

Christian Church Golden Rule Class Entertains Members.

A reception was given last evening by the members of the Golden Rule class of the Christian church to the members and friends of the church, at the home of Mr. and Mrs. W. D. Nichols on north Buckeye, in honor of Rev. and Mrs. C. E. Rash of Salina and Rev. and Mrs. C. A. Cole of this city.

A musical program was rendered during the evening after which a dainty lunch was served. After lunch the members of the class gave a dialogue entitled "At the Photographers," which was received with great applause.

About one hundred guests were present. They departed at a late hour declared the girls royal hostesses. Mr. and Mrs. Cole will leave Dec. 6 for a three months' visit in California. Mr. Rash will have charge of the pastoral work during Mr. Cole's absence.

The Inward Effects of humors are worse than the outward. They endanger the whole system. Hood's Sarsaparilla eradicates all humors, cures all their inward and outward effects. It is the great alterative and tonic, whose merit has been every where established.

Little One Passes Away.

Enterprise, Nov. 26.—The little baby of Mr. and Mrs. Albin Lind died suddenly Tuesday afternoon. It was only a few days old. The sympathy of their many friends go out to the bereaved parents.

WOMEN'S HAIR.

Can Easily be Made Fascinating and Luxuriant.

On April 3, 1910, Mrs. R. M. Worden, 5 St. James Ave., Holyoke, Mass., wrote: "Parisian Sage is the best hair dressing I ever used. It gave my hair life and a gloss which no other dressing ever did, besides stopping it from falling out. It is the only dressing for us to date women."

Parisian Sage is guaranteed by J. M. Gleason to cure dandruff, stop falling hair and itching scalp in two weeks, or money back. It makes hair grow lustrous and luxuriant. It is a delightfully refreshing hair dressing, not sticky or greasy and will immediately banish all odors. Large bottle 50 cents at druggists everywhere, and at J. M. Gleason's. The girl with the Auburn hair is an every package.

SET FRAILS ON FIRE.

One Boy Will go to Reform School for Carelessness.

While Roy Romberger, fifteen years old, his brother, Ben Romberger, aged eleven, and Walter Steingard, aged fifteen, all of Abilene, were hunting rabbits on the Geoffrey farm three miles south of town yesterday afternoon, and the Stein boy conceived the idea of setting fire to some hay in order to drive a rabbit out of its burrow. The other boys protested, but to no purpose. They got no rabbit, but succeeded in starting a lusty young prairie fire which destroyed two stacks of hay and about \$50 worth of rice corn—the whole valued at about \$170—before it could be checked. It was thought for a time that Mr. Geoffrey's house and farm buildings were doomed but the timely assistance of neighbors saved them. Roy Romberger will be returned to the reform school from which he was recently released on parole.

Mr. Geoffrey telephoned in a complaint to the sheriff's office, and Under Sheriff Jaffcoat brought the boys in. They had a shotgun, a 22 rifle and plenty of ammunition. They were arraigned before Judge Anderson in the juvenile court, charged with unlawfully carrying dangerous weapons, with setting a fire resulting in the destruction of property, and with failure to attend school.

Mrs. J. B. Romberger, mother of Roy and Ben, and Mrs. B. H. DeHuy, the Stein boy's guardian were present at the hearing. The boys pleaded guilty to the charge, and Roy Romberger was returned to the reform school in Topeka on an indeterminate sentence, his parole being revoked. The other two cases were taken under advisement, and will be decided Monday. All three of the boys have been before the juvenile court before, but had been paroled during good behavior.

SOLOMON FIRM IS ROBBED.

Thieves Secured Big Haul in Sellards' Mercantile Co.'s Store.

Solomon, Nov. 26.—Thieves broke into the Sellards Mercantile Company store here early this morning and helped themselves to goods from the stock valued at over \$1,000, together with \$13.40 in money found in the cash register. No clue to the identity of the guilty parties has been found.

The stolen goods consisted of twelve or fifteen men's overcoats valued at over \$225, 35 or 40 ladies' suits worth over 7400, thirteen ladies' skirts, three suits of men's clothing, three or four silk waist patterns, and all but one of some fifteen or twenty pieces of silk goods that were kept in stock.

The burglars gained entrance to the store through a rear window. They appear to have gone about their work deliberately, and were evidently good judges of values and quality. The articles taken were the best in the stock, the cheapest skirt that the thieves would deign to accept being priced at \$12.50. They also tried to open the safe, which was unlocked, and contained \$40 or \$50 in silver, but in working with the door they threw the lock and shut themselves out. Sheriff Young is here working on the case.

Luther League Meeting.

The Luther League of the Lutheran church held its monthly business meeting and social last evening in the parlors of the church with a large attendance. The feature of evening was a taffy pull which was greatly enjoyed by the young people.

INDIGESTION.

Relief in Five Minutes and Permanent Cure or Money Back.

When J. M. Gleason states that he has a remedy that only costs 50 cents and is guaranteed to cure any man or woman who suffers from food fermentation, or money back, what are the poor stomach sufferers in Abilene and vicinity going to do about it?

Food fermentation causes belching, sour stomach, gas eructation, heartburn and that lump of lead feeling as you probably know.

The name of this most remarkable stomach prescription is M-I-O-N-A. Most people call them M-I-O-N-A stomach tablets because they know that there is no remedy so good for indigestion or stomach disorders. Here is one opinion:

"I have been troubled with indigestion for more than a year. I bought one box of M-I-O-N-A and it cured me. Now I would not be without a box in the house for \$5. It saves a lot of doctor bills when you can be cured for 50 cents.—Arthur Soderquest, 4 Nichols St., Wakefield, Mass. M-I-O-N-A stomach tablets cost 50 cents a box at J. M. Gleason's and Struggles everywhere and money back if they don't cure.

MARRIED AT SALINA.

George P. Berger Weds Miss Lillian M. Shirk Wednesday Evening.

Wednesday evening the Rev. George C. Fort of the First Methodist Episcopal church of Salina performed the ceremony uniting in marriage Miss Lillian M. Shirk to Mr. George P. Berger of Abilene, at the parsonage.

Following the marriage the young people went to the home of the bride's parents, Mr. and Mrs. J. W. Shirk, on Highland, where the relatives were gathered and where a fine wedding supper was served.

Miss Shirk is a niece of Mrs. John Ostberg and for the past two years made Salina her home. She has made many friends in Salina and is a charming young woman. Mr. Berger is employed by the electric light plant at Abilene, where the young people will make their home on North Buckeye avenue. They went to Manhattan Thursday for a short visit.

THIS FOR BILL WHITE.

Data for a New "Boyville" Story Right Here in Abilene.

If William Allen White had stepped in to the office of a well known Abilene business man this morning he would have found abundant material for another of those famous "Boyville" stories, said material being the contents of the pockets of the business man's ten-year-old son, which an untoward accident exposed to the rude gaze of the public.

The young man came uptown to see "dad" this morning. Whereupon an evil spirit prompted father to look in one of the fillal pockets. Then and there the owner of the pocket was subjected to the indignity of a search, with the neighbors looking on.

Here is an inventory of what father found: 1 empty rifle shell, 1 piano stop, 6 nails (rusty) assorted sizes, 1 tin whistle, 1 empty tooth powder box ("Sanitol"), 1 bolt and nut, 1 knife, NO STRING! 1 brass casting, 1 piece of steel, 1 pulley, twelve pencils (assorted sizes and colors), 1 two-inch piece electric light carbon, 1 telegraph operator's battery key, rubber erasers (half Doz.), 1 safety pin, half a waste basket full of folded paper.

That boy evidently has a great future before him. His youth is being spent in the proper environment.

THERE WERE SIX OF THEM.

And They all Came from Enterprise—Just Drunk.

Six citizens of Enterprise, whose names are withheld on their own urgent request, accompanied Under Sheriff Jaffcoat up to Abilene this afternoon, where they were arraigned in Justice Quinn's court on a charge of drunkenness. Each pleaded guilty, and each was fined \$5 and costs, making \$12.50 apiece in all. At the hour of going to press all had paid their fines but one, and he was earnestly endeavoring to raise the necessary cash in time to take the Rock Island freight back home to Enterprise.

Prominent Missionary Here.

Rev. and Mrs. M. B. Fuller, who have been visiting Mr. and Mrs. J. K. Forney in this city, left today, Mr. Fuller going to Denver to attend a missionary convention, while Mrs. Fuller will spend a few days visiting friends in Topeka. For twenty-eight years Mr. Fuller has been connected with the Christian Missionary Alliance, having his headquarters at Bombay, India.

GATES ANNOUNCES PLANS.

He Proposes to Spend \$25,000,000 to Capture Steel Business of South and Southwest.

Houston, Tex., Nov. 25.—That John W. Gates is going to spend \$25,000,000 to capture all the steel business of the South and Southwest when the Panama canal is opened was revealed at a banquet tendered him by the citizens of Port Arthur. He announced that he had organized the Republic Supply company with \$200,000,000 capital with a view to handling iron and steel products for Texas and Louisiana through that port.

He also announced that the Republic Iron and Steel company would spend \$10,000,000 next year on the Youngtown plant and \$15,000,000 in the next three years shaping plans for more business when the canal opens.

Smallpox in a City Hall.

Wichita, Kan., Nov. 23.—Wichita's city hall is partly under quarantine because George Neuros of Burlington, Kan., a smallpox patient, who was driven away from a temporary hospital, took refuge in the hall independent of the city officers. City officers have deserted that floor of the city hall and sought temporary shelter with other city officials.

A Square Deal

Is assured you when you buy Dr. Pierce's family medicine—for all the ingredients entering into them are printed on the bottle-wrappers and their formulas are attested under oath as being complete and correct. You know just what you are paying for and that the ingredients are gathered from Nature's laboratory, being selected from the most valuable native medicinal roots found growing in our America forests, while potent to cure are perfect herbs drawn to the most delicate women and children. Not a drop of alcohol enters into their composition. A much better remedy than any for excoriated and irritable skin—the medicinal principle used in their pills—sugar-tipped sarsaparilla. This agent possesses intrinsic medicinal properties of its own, being a most valuable antiseptic and antiferment, nutritive and soothing demulcent.

Glycerine plays an important part in Dr. Pierce's Golden Medical Discovery in the cure of indigestion, dyspepsia and weak stomach, attended by sour risings, heart-burn, foul breath, coated tongue, poor appetite, gnawing feeling in stomach, biliousness and general derangement of the stomach and liver. Besides curing all the above distressing ailments, the Golden Medical Discovery is a specific for all diseases of the mucous membranes, as catarrh, whether of the nasal passage or of the stomach, bowels or pelvic organs. Even in its ulcerative stages it will yield to this powerful remedy if it is used as prescribed in Chronic Catarrh of the Nasal Passage, it is well, while taking the "Golden Medical Discovery" for the necessary constitutional treatment, to cleanse the passages freely two or three times a day with Dr. Sage's Catarrh Remedy. This thorough course of treatment generally cures the worst cases.

In coughs and hoarseness caused by bronchial, throat and lung affections, except consumption in its advanced stages, the "Golden Medical Discovery" is a most efficient remedy, especially in those obstinate, long-continued coughs caused by irritation and congestion of the bronchial mucous membranes. The "Discovery" is not a good for acute coughs arising from sudden colds, nor must it be expected to cure consumption in its advanced stages—no medicine will do that—but for all the obstinate, chronic coughs, which, if neglected or badly treated, lead up to consumption, it is the best medicine that can be taken.

S. STEELSMITH, M. D.

SURGEON GYNECOLOGIST AND OCULIST.

ABILENE, KANSAS. Practice limited to Surgery, Surgical Diseases, Diseases of Women and Diseases of the Eye.

When your feet are wet and cold, and your body chilled through and through from exposure, take a big dose of Chamberlain's Cough Remedy, bathe your feet in hot water before going to bed, and you are almost certain to ward off a severe cold, or sale by all dealers.

CASTORIA

For Infants and Children.

The Kind You Have Always Bought

Bears the Signature of J. C. Hathorn.

Banks On Sure Thing Now. "I'll never be without Dr. King's New Life Pills again," writes A. Schillingcock, 647 Elm St., Buffalo, N. Y. "Then cured me of chronic constipation when all others failed. Unequalled for Biliousness, Jaundice, Indigestion, Headache, Chills, Malaria and Debility. 25c at J. M. Gleason's."

Hood's Sarsaparilla is the medicine for impure blood, eruptions, weakness and general debility—It positively and absolutely CURES.

For a mild, easy action of the bowels, a single dose of Doan's Regulents is enough. Treatment cures habitual constipation. 25 cents a box. Ask your druggist for them.

Ends Winter's Troubles. To many, winter is a season of trouble. The frost bitten toes and fingers, chapped hands and lips, chilblains, cold sores, red and rough skins, prove this. But such troubles fly before Bucklen's Arnica Salve. A trial convinces. Greatest healer of Burns, Boils, Piles, Cuts, Sores, Blisters and Sprains. Only 15c at J. M. Gleason's.
