This paper has enlisted with the government in the cause of America for the period of the war.

Our Country's Service Flag.

likewise the mothers and fathers of these brave boys, as well as the wives and sisters and friends, are called on to share in and contribute to the cost of this principle.

Yes, my friends, the cost is great, but the principle is greater. Let us, therefore, count ourselves lucky that we can have a part in this great cause.

As I have said, my friends, our country is nobly doing her share in this great fight against imperialism, militarism, despotism and all other evils that are so detestable to an American.

As our country is doing her share in this great fight against imperialism, militarism, despotism and all other evils that are so detestable to an American.

WHAT THE GOVERNMENT ASKS OF THE

SOLDIER That he give up all of life that he holds most dear; that he go to a foreign land and stand in the path of a foe whose God is lost and whose Creed is Murder.

FARMER That he sow all the wheat he can that he use every atom of energy in his being to produce a maximum yield. That he shall not determine his wheat acreage by what he thinks his profits will be.

COULD MORE BE ASKED OF HIM?

Mr. Farmer, do you realize that when your boy and your neighbor's boy left on that morning train with a smile on his face, that he left, with calm confidence, the responsibility of his fate upon YOUR shoulders?

That he smiled because he felt sure that the folks at home would not fail him? Did the question of where his bread was coming from ever enter his mind? Way should he question it? Where should it come from? Who is he fighting for? What is he fighting for?

He is the only bar before your door. He is the only power under Heaven that can stop the flight of the Hun. He is the only absolute barrier that stands between Germany and the sanctity of your home.

WHEAT WILL WIN THE WAR, nothing can take its place. The United States alone can produce what is needed, and YOU alone are responsible for the part you play in it.

SOW MORE WHEAT than you ever did before, prepare your ground as you never dreamed of preparing wheat ground, and guard against every agency that will tend to reduce production, and then you will simply have performed your duty.

Fine Summer Tonic. If there ever was a time to take plenty of Vin Hepatics, it is right now during these hot summer days. You see, it is made of eight of the finest herbal remedies and tonics known to the medical profession for cleansing and toning up your system in such a way as to give it the greatest resisting power against the ravages of typhoid, malaria, cholera and other summer ailments.

J. H. ORME, Marion, Ky. Letter From J. Perry Travis. France, July 11, 1918. Dear Father and Mother: How are you? How is everything at home? I am all right, at least I am always hanging around at meal time and eat all I can get, so you can judge as to my health.

BIG SALARY. Seek business employment, and at every thing you are "turned down" write Howard you are not limited. Business men are looking for bright young men and women.

Letter From J. Perry Travis. France, July 11, 1918. Dear Father and Mother: How are you? How is everything at home? I am all right, at least I am always hanging around at meal time and eat all I can get, so you can judge as to my health.

I haven't written for about two weeks. You remember I have not heard from you since I left the States and that has been over two months, and it was not at all convenient for me to write until now. Expenses are low. My pay roll is over three months behind.

But when I am broke, why, I don't have any fear of losing my money. Money isn't of much use. Can't spend it, only at the M. C. and they soak you two or three times what anything is worth. The Red Cross gives everything, the Y. M. C. A. gives nothing but writing paper. The Y. M. C. A. here should be called the Old Men's Money Association. We have a paper called Stars and Stripes, printed weekly, for and by the soldiers. It always has a lot of funny things in it, as well as news in general.

Card Of Thanks

To every relative, friend and neighbor, who in any way showed kindness or sympathy to us in our dark hour of sorrow and bereavement we wish to express our heartfelt thanks.

An Interesting Letter From France.

American Expeditionary Force July 22, 1918. Dear Sister: It is once more that I take the pleasure to write you. I can't understand why I haven't received a letter from you since I came overseas. I received a card from you and appreciated it very much. I hope you will write me soon.

To The Citizens Of

Crittenden County

Marion, Ky., Aug. 20th, 1918. The time to give our roads their last general working for the year is now at hand. Any granting that has to be done must be done between now and Sept. 15th. If done later the dirt will not have time to pack before the winter rains. There will be \$2.00 per day allowed for all necessary repairs on the roads until Sept. 15th.

I am directing this appeal to the citizens of the county because road work is the county's business. Every citizen in the county is interested in the roads, no difference if he be of retired old age or not. Since so many of our boys have gone to the war it is the duty of the older men, more now than ever to help to keep these roads in a passable condition.

The county has no money with which to hire road work done. The people, by their vote for the past two years have chosen to work the roads instead of paying some one else to do the work. The biggest sinner in the world is the man who will profit by the oppression of his neighbor. Now, you older men who vote to force the younger man to work your roads for your ignoble rustle up your little sparks of patriotism and help these boys put these roads in shape for the winter.

Your very truly, E. Jeffrey Graves, County Engineer.

As ever your brother, Private Maxie L. Hamilton, 14th Co. C. U. S. Inf., American Expeditionary Forces, France.

A WORD FOR MOTHERS

It is a grave mistake for mothers to neglect their aches and pains and suffer in silence. This only leads to chronic sickness and often shortens life. If work is tiring, if you feel lapsed, weary or depressed, Scott's Emulsion will prove a wonderful strengthening.

A Letter From Camp Logan, U.S. Army, Logan, Ky., Aug. 15, 1918. Dear Mother and Father: I am glad to hear from you and hope you are all well.
