## J. Frank Loyd's Washington Letter

(Continued from last week.)

If this stupendous sum was distributed equally among humanity it would give \$56.00 to every man, woman and child upon the earth; it would build 6,000 and five hundred national capitols like the one here at Washington; and if made in one dollar bills it would take 224 years to count by counting five bills per second, and working eight hours each day. It would be more than ninety dollars for every minute since Christ was born. In the past 125 years the six greatest wars only cost twenty-one billion dollars, and one of them lasted 21 years, the Civil War lasted four years, yet these six greatest wars only pays the expense of this war eight months. The United States is just getting started good, yet last congress appropriated \$18,000,000,000, and this congress will be far more. It is costing the United States now \$49,000,000 daily. Just to give you some idea what ammunition alone costs in some of the great battles the battle at Sions last year the French alone in the seven days battle expended one hundred million dollars of ammunition.

Up to Aug. 1 1917 the Allies had put up \$67,000,000,000, the Central powers \$31,000,000,000, Germany \$20,000,000,000, France \$18,000,000,000, Russia \$15,000,000,000, and so on down to the smaller nations. The national wealth of the United States the first of Aug. 1917 was \$225,000,000,000. The wealth of the Central Powers, J. E. Germany Austria Turkey and Bulgaria was \$124,000,000,000.

The combined Central Powers has an area in square miles of 1,222,000.

The United States has an area of 3,027,000 square miles, Russia 8,373,000 square miles.

The combined Allies powers has an area of about 18,000,000 square miles. The population of the Central Powers was 147,000,000. The population of the Allies more than 400,000,000 the population of Russia alone was 170,000,000.

Now let us see about the fighting strength. The fighting strength of the combined Allied nations, ages, from 18 to 45 in 1914 was 99,920,000 in Oct. 1, 1917 91,700,000. Estimated enlisted strength October 1st, 1917 was 18,400,000 per cent of man power under arms 27 per cent.

The fighting strength of the Central Powers ages from 18 to 45 in 1914 31,000,000 same as Oct. 1 1917 25,050,000

estimated enlisted strength, Oct. 1, 1917, 11,000,000 per cent of power under arms, 43 per cent.

Now lets see something of the enormous loss of life, now we can only give the correct figures as near as we can get, up to Aug. 1 1917, and you who have watched the reports will agree with me when I say the loss of lives since then is enormous. The grand total was 14,803,000 killed, wounded and captured. The Central Powers loss was 5,884,000. The Allied loss was 8,919,000. Russia alone lost 4,406,000.

The nation that deserves more sympathy than any other nation in the world, is poor little Belgium, a mighty history could be written of this little spot on the map, in 1914 Belgium had a population of 7,600,000 souls, now, she is all but annihilated.

We must not fail to think of poor little Serbia, she has lost 1,500,000 of her men. Now let us see what Uncle Sam can do in case of emergency. France with man-power of 9,000,000 men, equipped and put in arms 6,400,000. Now Uncle Sam with his man power of 22,000,000, can put on the battlefield 15,000,000.

We will remember that in 1914 it was Belgium that checked the mighty hordes of Germans, until France equipped and rushed nearly seven million men to the front.

Belgium and France were forced to do nearly all the fighting the first year. Belgium stood like a stone wall until she was almost annihilated, then it was that England sent to France her regular army of 160,000 men, the German Emperor called it the little contemptible army. That army was annihilated, one division of 12,000 men and 400 officers, came out with 3,000 men and 50 officers.

Then it was that Great Britain with a man power of 12,000,000 between 18 and 45 years rushed her mighty army of five million to the front. The two greatest battles the world has ever known, is the battle of the Marne and at Verdun. I had the pleasure of speaking to Gen. Jeffre twice while he was here in Washington, he is one of the greatest Generals the world has ever known, it was he who won the battle of the Marne, it was he who checked and drove back the mighty German columns and their marvelous fighting machines, perhaps the best disciplined and trained military organization of which the world has any knowledge, seemed to be invincible.

It was at Marne on one bright Sunday morning that three million men faced each other to murder and kill. It was that bright Sunday morning that Gen. Jeffre commanded his army to stand and die on the spot rather than give, they stood but all did not get killed. Only one bottle greater than the Marne, and that is the battle of Verdun, it was against the slopes of Verdun that was hurled the mightiest assaults in the history of man. It was here that civilization paused before that impact, then tottered and fell as the Prussian hosts swept onward; then rose again as the countless soldiers of France responded to that watchword of liberty. "They shall not pass."

It was upon this battlefield that 800,000 men 500,000 Germans and 300,000 French lay down their lives, the main battle ground of 31-2 acres of ground, it was said that five men were killed for every 9 square feet or every 3 feet square, in other words they would be five men deep, thick of it.

Today with all its devastation and ruins, with all the sacrifice of life, with all the sorrow it represents, Verdun stands forth as the greatest monument to courage, bravery and determination of which the world knows.

Of these 800,000 killed only 25,000 were found, the rest were shot away either blown back to the elements by that tremendous fall of artillery shell or else lost under the scored and pock-marked earth which has been churned and turned over and over again to a depth in many places of thirty feet.

We cannot read of these horrors without being brought to deep reflection. One cannot read and learn of the suffering endured by Belgium and France without being saddened for a lifetime nor ever expect to have that dreadful picture effaced from their memory. Our boys cannot go and see and come back the same. Those whom God permits to return to us will come to us saddened, deeply religious and sympathetic for human kind as never

before. When one sees the horrors of it all they will cry out in anguish, why must it be? Is it worth all the sacrifice? But for the heroism of Belgium, but for the sacrifice of France, but for the will of the United States to take up the fight for democracy in its last stand, Prussia would now be ruler of Europe and by this very day be hurling her spears at the United States.

### Some Rules For Success

George Reynolds, a well known Chicago banker, says in the August American Magazine:

"To sum up, therefore, these are the essential rules, as I see them:

"Choose your life work early.  
"Make your own rules of conduct early.

"Choose your friends carefully  
"Do more than the routine work of your job.

"Decide quickly in all matters, and act promptly.

"If right, ignore criticism; if wrong, change without delay.  
"Practice economy. Be neither extravagant nor niggardly.

"Avoid depending upon your friends. Give as much as you receive from them.

"Practice diplomacy it smooths the rough spots and gives you the advantage on the next move.

"Cultivate cheerfulness, to enable you to carry the necessary and throw off the unnecessary burdens.

"Indulge in sufficient play and recreation to keep the body strong and the mind vigorous.

"Be square with yourself as with those with whom you are associated."

## Marion High School In Class A.

continued from page 5

we are sure do everything necessary to keep its schools up to a high standard of efficiency. We confidently expect a hearty and liberal response from everyone when called upon to do something to help maintain this high standard. New equipment will be required for some of the new courses to be offered; a larger and better library is needed to teach effectively the courses we now offer. We expect you to help us get them, that the boys and girls of Marion and Crittenden county may have the best opportunities.

We are expecting a large number of pupils from the county to take advantage of the new courses in Agriculture we shall be able to offer because of the aid we shall receive under the South Hughes Act. We hope these young people who come to us earnestly seeking an education will not be discouraged by difficulties in finding places to room and board. Open your hearts and houses to them. If you can accommodate any of them call the Principal by telephone and he will refer pupils to you. Let us all work together for the best session in the history of our school.

Remember the date of the opening, Monday, September 9.

Principal.

**75 More Colleges To Be War Training Centers**  
Washington, Aug. 17.—Acceptance today of seventy-five

additional colleges as training centers for soldiers in the students' army training corps brought to 257 the number of such institutions ready for organization and equipment. Details of the plans for the corps with relation to the new draft law will be made known soon by the war department.

### OVER THE 'PHONE

BY O. T. PERKINS.

The Kaiser called the Devil up On the telephone one day. The girl at Central listened to All they had to say.

"Hello," she heard the Kaiser's voice  
"Is old man Satan home?  
Just tell him this is Kaiser Bill  
That wants him on the phone."

The Devil said "Hello" to Bill,  
And Bill said "How are you?  
I'm running here a hell on earth,  
So tell me what to do."

"What can I do?" the Devil said,  
"My dear old Kaiser Bill?  
If there's a thing that I can do  
To help you, I sure will."

The Kaiser said, "Now listen,  
And I will try to tell  
The way that I am running  
On earth a modern hell."

"I've saved for this for many years,  
I've started out to kill,  
That it will be a modern job  
You leave to Kaiser Bill."

"My army went through Belgium,  
Shooting women and children down.  
We tore up all her country,  
And blew up all her towns."

"My Zepps dropped bombs on cities,  
Killing both old and young.  
And those the Zeppelins didn't get,  
Were taken out and hung."

"I started out for Paris,  
With the aid of poisonous gas,  
The Belgians darn 'em, stopped us,  
And would not let us pass."

"My submarines are devils,  
Why, you should see them fight.  
They go sneaking through the sea,  
And sink a ship at sight."

"I was running things to suit me,  
Till a year or so ago,  
When a man called Woodrow Wilson,  
Wrote me to go more slow."

"He said to me, 'Dear William,  
We don't want to make you sore,  
So be sure to tell your U-boats  
To sink our ships; no more."

"We have told you for the last time,  
So Bill, it's up to you,  
And if you do not stop it,  
You have got to fight us, too."

"I did not listen to him,  
And he's coming after me,  
With a million Yankee soldiers  
From their home across the sea."

"Now, that's why I called you, Satan  
For I want advice from you,  
I knew that you would tell me  
Just what I ought to do."

"My dear old Kaiser William,  
There's not much for me to tell,  
For the Yanks will make it hotter  
Than I can for you in hell."

"I've been a mean old devil,  
But not half as mean as you,  
And the minute I get you here,  
I will give my job to you."

"I'll be ready for your coming,  
And I'll keep the fires all bright,  
And I'll have your room all ready  
When the Yanks begin to fight."

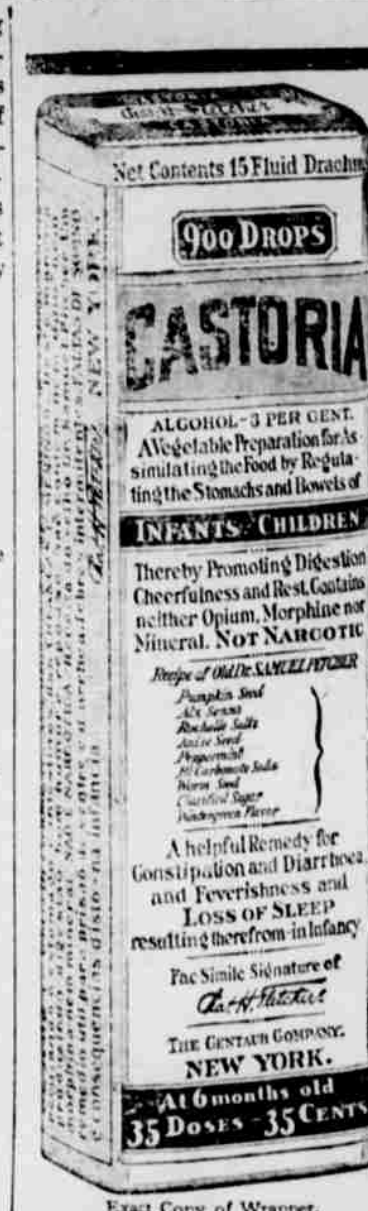

"For the boys in blue will get you,  
I have nothing more to tell;  
Hang up the phone and get your hat,  
And meet me here in hell."

## WOMEN'S WOES

Marion Women Are Finding Relief at Last.

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up," must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing-down pains; they must stoop over, when to stoop means torture. They must walk and bend and work with racking pains and many aches from kidney ill. Keeping the kidneys well has spared thousands of women much misery. Read of a remedy for kidneys only that is endorsed by people you know. Mrs. E. J. Gibbs, W. Bellville St., Marion, says: "I have used Doan's Kidney Pills off and on for many years with the best of results. Whenever my kidneys have acted irregularly, or my back has been weak, or ached, I have bought a box of Doan's Kidney Pills at Orme's Drug Store and they have never failed to relieve the complaint."

Price 60 cents at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Gibbs had. Foster-Milburn Co., Mfgs., Buffalo, N. Y. 8

### THE BLUE AND THE GRAY.

And here's to the blue of the wind-swept north,  
When we meet on the fields of France,  
May the spirit of Grant be with you all,  
As the sons of the north advance.

And here's to the gray of the sun-kissed south,  
When we meet on the fields of France,  
May the spirit of Lee be with you all,  
As the sons of the south advance.

And here's to the blue and gray as one,  
When we meet on the fields of France,  
May the spirit of God be with us all,  
As the sons of the earth advance.

—George Morrow.

The following verse has been added by the editor of the Record-Press, who has become poetically inclined:

And here's to the tri-color, of beauty and grace,  
Held aloft by the old guard in France,  
May the Stars and Stripes give it holy embrace,  
As the heroes of freedom advance.

### GET READY.

Now is the time that your hens will moult or shed their feathers. This process is rather slow and Nature should be assisted. B. A. Thomas' Poultry Remedy will help your hens to moult causing them to shed earlier and be ready to lay when eggs are highest in the winter. If this remedy does not make good, we will.

### Millionaire Is Killed When Auto Overturns

Sandusky, O., Aug. 20.—J. J. Dauch, millionaire head of the Hinde & Dauch Paper Company of this city and his chauffeur, Harry Hicks, were killed early to-day when the automobile in which they were speeding to Cleveland skidded and overturned at a curve seven miles east of here. Dauch and Hicks were crushed under the car. Dauch's wife and daughter, who was riding with him, were seriously hurt.

### Woman Meets Death In An Automobile Collision

Owensboro, Ky., Aug. 16.—In a collision between two automobiles on the pike near Hartford, in Ohio county, tonight, Miss May Eastan was killed when a piece of flying glass from the broken windshield severed her jugular vein. Miss Eastan, who lived in Seco, Eastern Kentucky, was visiting at the home of Dorsey Martin. In company with Mr. Martin and other members of the Martin family, they were out riding. Dust obscured an approaching automobile driven by Carlisle Oldman, and the collision resulted. Both machines were wrecked.

### Aurora Borealis Puts Wires Out Of Business

New York, Aug. 20.—Telegraph wire service in a large area in the East and West was hampered to-day by the electrical phenomenon known as the aurora borealis, or "Northern lights." First Vice President G. W. E. Atkins, of the Western Union Company, said cable and land lines were affected, especially in New Brunswick, Nova Scotia and Maine, service being intermittently interrupted.

## Reasons!

Why you should use Cardui, the woman's tonic, for your troubles, have been shown in thousands of letters from actual users of this medicine, who speak from personal experience. If the results obtained by other women for so many years have been so uniformly good, why not give Cardui a trial?

The Woman's Tonic

Mrs. Mary J. Irvin, of Cullen, Va., writes: "About 11 years ago, I suffered untold misery with female trouble, bearing-down pains, headache, numbness . . . I would go for three weeks almost bent double . . . My husband went to Dr. — for Cardui . . . After taking about two bottles I began going around and when I took three bottles I could do all my work." E-80
