Fact.

A cause of many worldly ills
Right here I would condemn:
For most of us climb all our hills
Before we get to them.

But when it comes to paying bills,
We don't do that that way.

A LARGE PRAYERMEETING.

The attendance at the Christian Church prayer meetings on Wednesday evenings has averaged seventy for the past three months. It is expected a large number will be present tonight as a special service is being arranged. The ladies of the church met after a recent church service and decided to serve light refreshments. This will be a commendable thing as it will enable all the members to become better acquainted.

After the reading of reports and before the social service two things will be emphasized. First, the plan to organize a Home Department in the Bible School and second, the plan to make a study of the Acts of the Apostles at the midweek service will be explained.

Repairs Completed Over Little Sandy Bridge Wrecked Sunday Afternoon By C. & O. Freight.

One of the worst wrecks in the history of the C. & O. was that of Sunday afternoon when a heavy freight train tore down the steel bridge over Little Sandy River near Greensburg, tying up all through travel and traffic for four days.

By working 600 men and half a dozen wrecking crews the company has finished a new bridge and trains will resume today at noon; No. 2 coming up from Cincinnati on schedule time this afternoon.

All trains will again be on fair schedule time today.
