

CONTRIBUTIONS TO FINANCE BOYS BAND COMING LIBERALLY

Managing Board of Maysville Boys' Bands Meet With Applause and Support From Local Business Men in Finance Campaign.

Members of the Managing Board of the Maysville Boys' Bands started their annual financial campaign Wednesday morning and most every business house visited met with open arms, loud praise for the great work the band is doing for Maysville and liberal contributions to finance these two organizations.

No organization in Maysville is doing more to put the city on the map than the Cardinal Band. The Horseshoe Band is serving its purpose well in bringing on youngsters in music to take the places of those in the Cardinal band who drop out when they become old enough to take positions.

Maysville people have a pride in the boys' bands that they have in nothing else representing Maysville. Not only are those who have their sons or daughters in the bands, but every really true Maysvillian has a certain amount of pride in the bands that eclipses most any other purely public organization.

The campaign begun Wednesday will be continued until sufficient funds have been contributed to the bands' treasury to assure it a financial success for another year and as soon as such an amount has been reached the campaign will be closed and the people of Maysville will not be asked to contribute for this purpose again for a year.

Another very successful neighborhood prayer meeting in the interest of the approaching revival at the First Baptist church was held Tuesday evening at the home of Mr. and Mrs. Jess Gaither in West Second street.

Mrs. A. G. Crutcher, of Frankfort, is visiting her mother, Mrs. John W. Watson, of West Front street.

WORKING ON CHECK OF LEAF DELIVERY

Field Service of Burley Growers Will Keep Tab on Amount Pledged and Sold Through Cooperative.

An accurate checking of the tobacco pledged to the Burley Tobacco Growers' Cooperative Association with the amount delivered by growers, not only for the crop year of 1922-1923, but for the previous year, is being worked out by the executive committee of the Association and Assistant Chief of the Field Service Division, William Collins.

President James C. Stone, Vice Presidents, James N. Kehon, and Push W. Ailin and John B. Winn were in session at Lexington Tuesday considering the details.

In a few cases last year landlords are said to have sold in their name the tobacco of tenants who were members of the Burley Association, and in a few cases tenants sold in their name tobacco which their landlords had pledged to the association, it is claimed.

Every such violation of contract will be prosecuted, it was said at the Association office, and one of the chief duties of the field service division for the future will be the protection of the grower who abides by his contract, from the grower who may be tempted to break his contract for immediate profits.

DEMANDED MONEY FOR KISS REQUEST; FACES COURT CHARGE

Higginsport Girl-Wife Demanded \$2500 For Request for Kiss—Using Mails to Defraud Is Charge.

Cincinnati, Ohio, Sept. 27.—Because she placed a value of \$2,500 on what she said was a request for "just one kiss," and attempted to collect the amount through the mail, Mrs. Elva Taylor, 17 years old, was arrested yesterday at her home in Higginsport, O., by Tom Donovan, Deputy United States Marshal, and brought to Cincinnati to answer charges of blackmail preferred by postal inspectors after they had investigated a complaint made by J. B. Wright, 917 East McMillan street, Cincinnati, agent for the Singer Sewing Machine Company.

According to the evidence submitted by Mr. Wright, Mrs. Taylor, who was accompanied here by her husband and five-months-old baby, recently sent him letters demanding \$2,500 from him and threatening exposure and prosecution that would humiliate him and cause domestic troubles as an alternative.

The letters, the inspectors said were to the effect that Wright, while trying to sell Mrs. Taylor a sewing machine, asked her to kiss him. The first letter, dated on August 26, was ignored. Mr. Wright said, and a second, dated September 5, was received, the latter containing a demand for \$1,500 instead of the original sum. Mr. Wright then submitted both letters to the authorities.

When arraigned before United States Commissioner Gregory, Mrs. Taylor admitted she had written the notes, but entered a plea of not guilty. Friends furnished bond and she returned home with her husband and child.

Mr. Taylor said he knew nothing about the case until after his wife was arrested.

REVIVAL PROGRESSING WITH GREAT INTEREST. Another large audience gathered at the "Little Brick Church" Tuesday evening to hear Evangelist Butler. He is a very forceful preacher and much interest is being shown in the series of meetings. The music is one of the features of the revival. Meetings continue daily and the public is cordially invited to all.

Mrs. G. H. Leobker, of Covington, is visiting her daughter, Mrs. Phillip Cummins.

PRESBYTERIAN DRIVE FOR EDUCATION GOES ON

Liberal Support Given to Campaign To Raise Funds for Presbyterian Colleges.

Hearty support is being given the Kentucky Presbyterian movement for Christian education in which \$1,000,000 will be raised for nine institutions under the control of the Northern and Southern Presbyterian churches, according to reports from headquarters in Louisville. Campaigns have already been held in a number of cities and in each instance the quotas set by the local Presbyterians have been exceeded.

Paris Presbyterians gave over \$25,000; Henderson, after voluntarily increasing their quota from \$30,000 to \$35,000 over-subscribed the amount; in Paducah and Owensboro, the subscriptions exceeded \$30,000 in each city. Work is now being closed up in Covington and it is expected that \$50,000 at least, will be subscribed there. Intensive work will be opened up in Lexington, Frankfort, Bowling Green, Danville and Harrodsburg within the next few days.

It is reported that the response in the smaller churches has been most generous and church leaders are now certain that the movement will be closed by the end of the year. The money is to be distributed as follows: Centre College, Danville, \$300,000; Kentucky College for Women, Danville, \$200,000; Presbyterian Theological seminary, Louisville, \$300,000; Pikeville College at Pikeville and Witherspoon College at Buckhorn, \$50,000 each, while \$100,000 will be apportioned to Presbyterian Orphanage at Anchorage, Snyre School, Lexington, Loos Collegiate Institute, Jackson, and Matthew T. Scott, Jr. Academy, Phelps.

LOCAL WOMAN OP ST. MARY'S COMMITTEE. Members of the official campaign committee in the St. Mary's College building fund campaign in Lexington have reported to headquarters that solicitation has met with generous responses on every hand.

No amount, however, will be announced, until the campaign opens next Monday night with a public mass meeting in the Lafayette hotel. In the meantime the women's organization is rapidly rounding into shape and not only will be twenty committees but a number of ladies will operate as "free lance division." Among the new captains are Miss Gertrude Scott, Grosvenor avenue; Mrs. Roger Devine, 649 North Broadway, and Mrs. G. Clark, 714 Euclid avenue. Names are available for selection at 421 Lafayette hotel at any hour during the day. The campaign committee of the men's division will meet at a dinner Thursday evening at 7 o'clock to report progress.

BARBECUE AT OLD MASONS' HOME ON OCTOBER 17. Invitations have been received here for a great Masonic reunion to be given on Tuesday, October 17, at the Kentucky Old Masons' Home at Shelbyville. There will be an old-fashioned barbecue and burgoon feast. Several local Masons are planning to attend. This picnic will be held while the Masonic Grand Lodge is in session at Louisville and the Louisville Automobile Club will carry all visiting Masons from Louisville to Shelbyville.

WERE YOU "KISSED"? She stood, hungry for romance, glancing covertly through vines of the veranda at couples here and there who talked in soft tones in the moonlight; one couple dare a kiss with the blindness of those in love. She almost sobbed. Then, suddenly well, she Marie Prevost at the Pastime Thursday and you will know the rest.

NEW WOOLWORTH STORE TO OPEN HERE ON FRIDAY

Beautiful New Five and Ten Cent Store To Be Opened for Inspection Friday—First Sale Held on Saturday.

For many weeks workmen have been engaged in making extensive improvements to the Cablish & Weis building in West Second street for the occupancy of that building by the F. W. Woolworth Company as a Five and Ten Cent store. This work is just about completed and a force of experts in this business from nearby cities where this large concern has local stores, has just about completed the display of the company's merchandise. Announcement Wednesday is made that the local store will be opened for inspection on next Friday. During this day there will be nothing sold but the public is cordially invited to make a thorough inspection of the new store and its stock.

The Maysville store is to be designated as No. 1175, it being the one thousand one hundred and seventy-fifth store owned by this one hundred million dollar corporation, the largest of its kind in the whole of the world and operating stores in all parts of the United States and Canada.

Mr. F. W. Woolworth, who until his death a few years ago, was the president of this great corporation, was the founder of the Five and Ten Cent business, the first store having been established by him in the city of Lancaster, Pa., in 1879. The business has been a decided success from the opening of this first store, thirty per cent of the store's entire stock being sold on the opening day. The concern today owns the largest building in America, the famous Woolworth building in New York City and is one of the leading concerns in the world, all having been made from five and ten cent sales.

The stores sell nothing over ten cents. Many other similar syndicates added higher priced lines during the World War but Woolworth alone held to the nickel and dime business.

The local store is a beauty. It is to be managed by Mr. J. P. Doyle, of Louisville, who has been with the firm for three years. One of the secrets of the company's success is that every local manager must have served an apprenticeship and learned the business from the ground up.

HOW SHE FOUND OUT. "I never knew I had such a lovely shape," said a lady who was looking in the mirror, after being fitted with a "Stylish Stout" corset by Miss Mary Darling of New York.

Maysville ladies are certainly to be congratulated in having a chance to be fitted with a corset by a New York authority on corsets by a New York store until Saturday night. She would like to meet all the ladies, whether they are "Stylish Stouts" or "Stylish Slenders." She can make you comfortable and make your figure as it should be.

It is the purpose of the officials of the bank to also give radio concerts for the public throughout the day.

RESIDENTS ASK THAT POOL BE ENJOINED ON REDRYING PLANT

Residents Living Near Central Warehouse Express Protest Against the Proposed Redrying Plant in Filing Suit.

R. L. Turner, W. E. Wells, Robert Wells, J. J. Owens, James Riley, W. H. Jones, George Kirk, Mrs. Rosa Schatzman, Mrs. Martha J. Collins, Mrs. Anna B. Murray and Mrs. C. H. Bland, through Attorney M. J. Hennessey, filed suit in the Mason Circuit Court Wednesday afternoon against the Burley Tobacco Growers Co-operative Association and the Eastern District Warehousing Corporation, asking that the defendants be enjoined from making the Central warehouse, which is located near the homes of the plaintiffs, into a redrying plant.

They set out in their petition that the defendants are about to install and operate in the Central warehouse a redrying plant and they charge that in the process of re-drying loose leaf tobacco there is caused to be emitted and discharged a noxious, nauseating and unhealthy odor and the air for more than 400 feet in each and every direction from the warehouse will be contaminated. The plaintiffs charge that if the defendants are permitted to operate this redrying plant these plaintiffs will suffer great and irreparable injury and damage.

The prayer is that the defendants be restrained and enjoined from installing and operating said redrying system in the said Central warehouse by any process that will cause noxious, noxious and nauseating odors to contaminate the air about the houses of the plaintiffs.

No temporary injunction is asked in the petition and the case will not be for trial until the next December term of Circuit Court.

Mrs. Amanda Campbell has returned to her home in Covington after a visit with her daughter, Mrs. Al Maddox and family, of East Second street.

TRINITY WOMAN WOUNDED BY SHOT DURING ARGUMENT

Argument Over Line Fence Ends Seriously for Widow Who May Yet Die From Pistol Shot Wounds. Arrest Is Made.

Mrs. Nancy Hoover, widow of Mr. Thomas Hoover, who lives in the Tinty neighborhood, was shot and very seriously wounded Tuesday evening at her farm in an argument with a neighbor over a line fence between the two farms. Full and complete details of the tragedy but Mr. John Cox, a neighbor, was placed under arrest and taken to Vanceburg, where he was to be given a hearing.

There appears to be some considerable difference of opinion as to who fired the shot which wounded Mrs. Hoover but Lewis county officers are making a very careful investigation into the affair.

Dr. W. H. Taulbee, local surgeon, was called to Mrs. Hoover's home late Tuesday evening to locate the bullet and dress the wounds. The woman was shot through the right arm and the bullet also passed through the right lung. She is in a very critical condition.
