

**It Always Helps**  
 says Mrs. Sylvania Woods, of Clifton Mills, Ky., in writing of her experience with Cardui, the woman's tonic. She says further: "Before I began to use Cardui, my back and head would hurt so bad, I thought the pain would kill me. I was hardly able to do any of my housework. After taking three bottles of Cardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill.  
 I wish every suffering woman would give

**GARDUI**  
**The Woman's Tonic**  
 a trial. I still use Cardui when I feel a little bad, and it always does me good."  
 Headache, backache, side ache, nervousness, tired, worn-out feelings, etc., are sure signs of womanly trouble. Signs that you need Cardui, the woman's tonic. You cannot make a mistake in trying Cardui for your trouble. It has been helping weak, ailing women for more than fifty years.

**Get a Bottle Today!**

In some families the children know when Father has been drinking because he comes home and puts his arms around Mother and tries to kiss her.  
 I don't know much, But when I hear a man bragging that he isn't afraid of his wife I put him down as a six cylinder, full-jeweled liar.

**Look to Your Plumbing**  
 You know what happens in a house in which the plumbing is in poor condition—everybody in the house is liable to contract typhoid or some other fever. The digestive organs perform the same functions in the human body as the plumbing does for the house, and they should be kept in first class condition all the time. If you have any trouble with your digestion take Chamberlain's Tablets and you are certain to get quick relief. For sale by Paull Drug Co. Ad.

**Found by Accident.**  
 Many valuable inventions have come to light by the merest accident. For many months a young man in the Kimberly diamond mines was experimenting in trying to find a way of separating the diamonds from other stones other than by the long drawn-out, tiresome hand-picking. He found only failure no matter which way he worked, but he did not become discouraged. Finally one day a garnet and a diamond happened to be on a small board with which he was working at his bench. He happened also, to tip the board in such a way that the two stones reached it; the diamond stopped, however, and the garnet kept right on and fell off the board. This fact so impressed the young man, that he wondered if the diamond just happened to stop or whether the grease had the effect. He tried it again and again with that and with other diamonds and he found that by coating a board with grease and holding it at a slight incline, and then vibrating it, all of the diamonds would cling to the board and every other stone would roll off. He was delighted with his accidental discovery and soon invented a machine which was a success from the very start, and within a few months hand-picking was superseded and a great deal of labor and cost was saved to the mine owners.

**Found a Cure for Rheumatism**  
 "I suffered with rheumatism for two years and could not get my right hand to my mouth for that length of time," writes Lee L. Chapman, Mapleton, Iowa. "I suffered terrible pain so I could not sleep or lie still at night. Five years ago I began using Chamberlain's Liniment and in two months I was well and have not suffered with rheumatism since." For sale by Paull Drug Co. Ad.  
 Some men have so darn little to think of that they can't remember to wind an eight-day clock.

**The Good Citizen's Decalogue.**  
 First.—Remember thy garbage can to keep it covered lest thy garbage become a stench in the nostrils of the people and breed flies.  
 Second.—Thou shalt cut the weeds in thy vacant lot lest it become a hiding place for old tin cans, which catch water and breed mosquitoes; papers and divers sort of trash.  
 Third.—Thou shalt bear witness against thy neighbor's rubbish heap, likewise his dirty back yard,  
 Fourth.—Thou shalt clean out the habitation of thy horses and thy cow frequently lest the stable fly flourisheth and spread infantile paralysis and the house-fly breed by the thousand and millions and annoy thee and thy beast and produce much sickness in thy family.  
 Fifth.—Thou shalt prevent the breeding of the fly in the spring-time that thy children unto the third and fourth generation need not swat him later.  
 Sixth.—Remember thy back yard and alley to keep them clean. Six days shalt thou labor to keep thy premises clean, and if yet the task is not accomplished thou couldst do worse than continue on the seventh.  
 Seventh.—Thou shalt covet all the air and sunshine thou canst obtain.  
 Eighth.—Look not upon the milk when it cometh from the unclean dairy, for the doctor will not hold thee guiltless if thy infant sickeneth, therefrom and die.  
 Ninth.—Remember thy cleaning up day and keep it wholly.  
 Tenth.—If thou dost hearken unto these sayings to do them thou shalt live long in the land.  
 It is a mighty good thing to remember that every man you meet is looking for the best of it.

**Purdy.**  
 Mr. J. B. Burton is in a bad condition at this writing.  
 Mr. Marcus McQueary had th misfortune to lose a nice cow and calf one day last week.  
 We have had a Sunday School organized at Purdy with a large attendance with Mr. Henry Goodin Superintendent.
