## STRAWBERRY SHIPMENTS OUTSTRIP LAST SEASON

BOWLING GREEN, KY.—The total number of cars of strawberries shipped during the 1920 season was 196 and the sum received was \$411,337.64. The total number of cars in 1919 was 128, which brought \$367,000. The money is being paid out.—Louisville Herald.

## THE CHAUTAUQUA

The Redpath Chautauqua has come and gone. It was a success from start to finish and only expressions of pleasure were heard as to the general program. The audience naturally had its preferences but even in that case it was divided as to particular speakers or fun makers.

The Chautauqua is to come again next year, due to the civic pride of the men who guaranteed the \$1,200 necessary to get it. Tickets will be \$3.00 which, when divided into the ten performances, makes them cost thirty cents each, a small price surely for the pleasure and profit that may be gotten out of them. It is to be hoped that our citizens will show their appreciation by buying tickets enough to bring the guarantors clear which was not the case this year.

## FISCAL COURT VOTES YES ON STATE AID

WHEREAS.—At the 1920 session of the General Assembly of Kentucky, House Bill No. 69 was enacted, and by said act, it was provided, among other things, that a State Highway should be constructed from Covington, Kentucky, to the Kentucky-Tennessee state line, near Manring, Tenn., and designated in said Act as project No. 5, and said Highway passes thru Knox County (and Barbourville, the County seat thereof) from Corbin via Gray, Ky., to the Knox-Bell line, and

WHEREAS.—Knox County is desirous that the said Highway should be constructed thru Knox County as early as possible and is willing to furnish such financial aid to the construction of the Highway as it possesses;

NOW THEREFORE.—Upon motion of W. H. Grace, a Justice of the Peace, seconded by S. T. Jackson, a Justice of the Peace.—It is moved that request be hereby made to the State Highway Commission that the said Highway be constructed thru Knox County immediately, and that Knox County loan to the State Highway Commission for the Department of State Roads and Highways all the State Aid money of said County in the hands of the Road Commissioner July 1st, 1920, and such other State Aid money as will come to Knox County for road construction in said County to July 1st, 1920, being approximately \$75,000.00 to be applied on the construction of the said Highway thru Knox County; same to be refunded to Knox County when Project No. 5 shall have been completed. This proposition to be binding upon Knox County upon the acceptance by said Commission and upon such acceptance the said State Highway Commission and State Road Engineer are authorized to appropriate the said funds for said purpose, and the year and days being taken result as follows:—

Yeas:—John D. Martin, S. F. Jackson, E. G. Mills, N. E. Hammons, N. H. Grace, A. O. Grant.  
Nays:—A. J. Furgerson.  
Motion carried.

It is therefore now ordered by this Court that request be, and it is hereby made to the State Highway Commission, that the Highway thru Knox County be immediately constructed and Knox County hereby loans to the State Roads and Highways all the State Aid money of Knox County in the hands of the Road Commissioner July 1st, 1920, and such other State Aid money as will come to Knox County for road construction in Knox County to July 1, 1920 being approximately \$75,000.00—(the exact amount to be determined later) to be applied to the construction of the said Highway thru Knox County and same to be refunded when Project No. 5, of which same is a part, shall have been completed. That upon the acceptance of this request by the State Highway Commission the said Commission and State Road Engineer are authorized to appropriate the said funds for said purpose.

The roads to be improved are Stinking Creek and Little Richland. Engineer J. R. Murphy went to Frankfort with these projects and received the approval of the State Commissioner of Roads, County Attorney J. S. Golden was in Frankfort this week further assisting in the good work.

## COME IN AND SEE THEM

Thru the courtesy of Mrs. B. H. Moore, we are able to show to those who care to drop in and see them a number of photogravures of Decoration Day observance in France.

There has been some criticism of the French among those who were abroad and it would be hard to find perfect human nature in any nation but these pictures prove that the heart of the French people is really grateful to those who offered their lives on the altar of liberty.

The Knox County Teachers' Institute will convene in the Baptist Church, July 12 and continue five days. The instructor will be Prof. E. E. Ervin of Center College, Danville, Ky., and Miss Mattie C. O'Neil of Catlettsburg, will act as Assistant Instructor. Under the ruling of the Department of Education, all teachers are required to attend this institute.

Mountain Advocate—\$1.50 a year

## COAL MINE SOLD

L. L. Hamilton, real estate dealer, consummated a deal last week where by the mines of the Richland Coal Co., in Knox County, become the property of H. R. Shorter, of this city. J. F. Hannigan, of Birmingham, Alabama, will take charge of the mines as superintendent. Mr. Hannigan was here the first of the week, but returned to Birmingham Tuesday to get his family. Mr. Hamilton has created quite an interest in real estate since he entered the business a few months ago. He has made several big deals lately and has several pending now. Mr. Hamilton says property in Pineville will increase 100 per cent in the next eighteen months.—Pineville Citizen.

## SMALL BOY BREAKS LEG

Little Frank Henry Catron, son of Mr. and Mrs. Frank Catron, likes to help his dad and last week he went with him to drive home the cow. Mr. Catron was driving his auto behind the cow and Frank Henry jumped on the machine when it was in motion. His hands being sweaty he let go for a moment and was thrown off, breaking a leg in the fall. Fortunately the wheel of the auto did not pass over him. Drs. J. H. Albright and Leslie Logan set the broken bone and the little fellow is doing fine and being a good injun.

## TYE FAMILY REUNION

Drew Tye, Sanitary Inspector of Dairies, Atlanta, Ga., is visiting his mother, Mrs. H. C. Tye, accompanied by his daughter, Miss Leontine. On Sunday it is hoped to have a regular family reunion, with one exception, the first in thirty-three years. Those present will be Dr. J. G. Tye, Josh J. Cager, Thomas, Charlie, (from Frankfort) Mrs. J. R. Jones and Mrs. John Parker. Mrs. Tye may well be proud of the family she has raised as may also Knox County.

## SWIMMING PARTY

Mrs. G. W. Tye gave a swimming party and breakfast at the river on Wednesday morning of last week. About thirty young people, including members of the Red Grenadier Band were present and had a good time.

## LUNCHEON

A delightful luncheon was served Wednesday of last week by Mrs. Sam Condon in honor of a number of young visitors to Barbourville. Those present were Misses Jewell, Drucilla, and Lilydale Tye, Mary McDermott, Roberta Cole, Cecil Blyrley, Katherine Dishman, Nelle Jones, Betty Perry of Richmond, Francis Tate of Stanford, Marjorie Brown of Varilla.

## TWENTY-TWO CERTIFICATES GRANTED TEACHERS

At the last examination for teachers, there were thirty applicants, of whom twenty-two passed and obtained certificates of which six were 1st Grade Elementary and sixteen 2nd Grade Elementary. Eight failed.

## THERE'S A REASON

For the law that requires banks throughout the United States to print at stated intervals a full and complete and accurate statement of the Bank's resources and liabilities. The reason is not that the officials of the State or the Nation shall be thus given an insight into the financial conditions of the bank, for the Government Bank Officials have made their investigations before the statement was prepared. They have gone into the bank's affairs with the most minute care, examined all the notes and securities due the bank and have carefully scrutinized the bank's assets, and have been convinced that the affairs of the bank are in first class condition; else the statement would not be permitted to be prepared.

## THE BANK'S STATEMENT

Is given to the public so that the public may see for itself just the condition of the institution. The amount of deposits, the amount of money borrowed by the bank on time loans, the amount deposited by savings depositors, all are shown. Also all the bank's resources are shown, so that any man may read the statement and know just the condition of the bank.

## OUR STATEMENT APPEARS IN THIS ISSUE

Read it and then come in and let us talk investment with you. We recommend U. S. Treasury Savings Certificates and Liberty Bonds. They are the safest investments we know of and pay fair interest.

## FIRST NATIONAL BANK

BARBOURVILLE, KENTUCKY

CAPITAL PAID IN FULL \$50,000.00  
SURPLUS AND PROFITS \$35,000.00

## BROAD PRINCIPLES OF THE REPUBLICAN PARTY

Miss Amy Lomstrom of the Hennepin County, Minnesota Speakers Bureau, tells why she is a Republican.

"I choose this party because of its broad principles which enable it to embrace the interests of all the people, not only of a small section or class.

"The Republican Party has always been instrumental in giving the ballot to women, while suffrage was secured to us not because of but in spite of the Democratic Party.

"The Republican Party has always stood in the front rank of welfare legislation. It has numerous laws in favor of labor to its credit; it has always had the interests of women and children at heart, and it was a Republican Congress that passed the bill incorporating the Red Cross.

"In the matter of child labor, the hand-maiden of illiteracy, I find that there are fifty times as many young children employed in industry in the Democratic States as are employed in the Republican ones. The percentage of illiteracy according to the census of 1910 ranged from 29% in Democratic Louisiana to 1.7% in Republican Iowa, with statistics denying the statement that the high per cent of illiteracy in the South is brought about by the ignorant colored vote.

Only seven of the Democratic States have a compulsory education law, and in some of these the entire session is short and the exemptions so absurd as to make the law a mere pretense.

"Only six Democratic States have a mother's pension law.

"Only three Democratic States in the nation grant to mothers equal guardianship with fathers over their children.

"The Republican Party has the ablest leadership and the most constructive program. It has always been the party of a strong and vigorous Union. It has ever put the United States before the individual state. "What other party can we women look to with as much confidence if the past is to be the judge of the future?"

## JOCKEL-GOLDEN

The marriage of Miss Esther Jockel, daughter of Mrs. Mamie Orth, of Warren, Ohio, and Mr. Hampton S. Golden, son of Mr. James Golden, formerly of Barbourville, occurred at the home of Rev. W. F. Brown, of Warren, Monday, June 28th. Mr. Golden, who was recently discharged from the Navy, is now an employee of the Cleveland Construction Co., of Toledo, Ohio. After a short honeymoon the young people will be at home to their friends at 18 Iowa St., Warren, Ohio.

Rev. C. M. Summers, District Secretary of the Y. M. C. A., will take charge of this section, vice W. E. Harper, who has been transferred to the Covington district, effective on September 1st. Mr. Summers' headquarters will be at Winchester and those of Mr. Harper at Covington.

## IMPORTANT ROAD NEWS

Judge J. D. Taggle, of Knox County Fiscal Court, and County Attorney J. S. Golden returned this week from Frankfort.

The State Road Commission held its first meeting at Frankfort, July 6th. It was announced that the road revenue on liquor tax had been declared unconstitutional and that the revenue from the automobile tax will not be available until the first of the year 1921. All that remains as revenue is the gasoline tax.

On the motion of H. H. Asher, Commissioner of Bell County, the State Board decided to use \$75,000 from the State fund and \$75,000 of the Federal Government fund on the road running from Barbourville to the Bell County line. None of this is Knox County money. Road Commissioner Joseph S. Boggs told our officials on leaving that it will be necessary to advertise this road project for four weeks and that the contract must be let in thirty days.

The line as located from Barbourville by the way of Richland and Grays has been approved by the State Highway Commission and by the Federal Government and this line will be constructed as soon as funds are available. At the suggestion of Mr. Asher the \$150,000 was applied between Barbourville and the Bell County line so as to bring that end of the road up with the Corbin end of the road as there is a good graded road from Barbourville to Corbin.

In regard to the four miles leading from Barbourville up Little Richland, the contract for which has already been approved by the State Road Commissioner, this will be built with the County funds and State Aid money. The ratio between the County and State will be approximately 35c from the County and 65c from the State for each \$1.00 expended.

The four miles from Old Fiat Lick up Stinking Creek will be constructed in the same manner and on the same basis. Neither of these last two projects comes under the Federal law.

The Fiscal Court has appropriated \$1,000.00 for grade purposes for one mile of road on Indian Creek around the Andy Hill and has also appropriated \$1,500.00 to connect the gap in the macadam south of Barbourville on the Williamsburg road so as to connect the pike with the city limits.

## EPISCOPAL SERVICE

Friday evening, July 16th, at 8:00 p. m. at the Presbyterian Church, Rev. J. J. Clopton will administer Holy Communion to which service all citizens are cordially invited.

## COMMERCIAL AIRSHIPS

Filmson has turned to airships as express carriers in the mad rush for speed caused by competition.

Transporting a rush shipment of film from a company on location at San Diego, Cal., Norman Manning, of the Pathe Company as passenger in the "pony blimp" belonging to the Goodyear Tire and Rubber Company arrived in Los Angeles recently in three hours and eleven minutes just in time to place the film on a fast overland train for New York.

The entire trip of 138 miles was made five miles off shore over the Pacific at a height varying from 700 to 1,000 feet. Two pilots were carried besides the film company manager.

The little 95 foot dirigible, probably the smallest practicable airship ever constructed in the United States, and the first commercial dirigible in the country, consumed but nine gallons of gasoline and a half gallon of oil—a cost of approximately two cents a mile.

Manning, who was recovering from the effects of injuries received in an automobile accident, was badly shaken up by the automobile trip to San Diego, but suffered no discomfort from his three hour air trip. This is the first trip ever made in the United States by a lighter than air craft and the longest ever made by so small a craft.

The United States army has taken cognizance of the practicability of these small blimps by purchasing two for use in connection with artillery spotting and observation.

Good, fast, satisfactory work done in the Advocate Job Printing Office.

## NO. 7284 REPORT OF THE CONDITION OF THE NATIONAL BANK OF JOHN A. BLACK

## METHODIST LADIES AID

The Ladies Aid of the Methodist Episcopal Church met at the home of Mrs. Thomas F. Faulkner Friday afternoon, July 2nd. Miss Faulkner read the Scripture lesson followed by the Lord's Prayer. A short business session was held and several committees made reports. The meeting was then given over to the literary program. Mrs. Swearingen and Mrs. R. N. Cornett had splendid papers on Obedience. Seventeen members responded to roll call with script verses containing the word "obedience."

These meetings are very much enjoyed as everyone takes part in the open discussion which proves to be very helpful. Two visitors added pleasure to the social hour during which the hostess assisted by Mrs. Edward Faulkner and Miss Nancy served delicious sherbert and cake. The next meeting of the Methodist Ladies Aid will be held with Mrs. J. T. Beddow, on Main Street, Friday, July 16th, at 2:30 p. m.

Senator Harding's election will mean a business administration.
