THE SHERIFF OUSTED

A Deputy Sent to Summon Jurors in Jett Case.

Murder in Lexington—Republican Nominess by the Ohio State Convention.

INJUNCTION SUITS ARE ENDED

LATEST FROM JACKSON.

Jackson, Ky., June 5—Sheriff Ed Callahan insisted on his right to act and summon the jury to try Jett and White, alleged murderers of James B. Marcum. Callahan is Jett's uncle and is a close personal friend of White. The court took a recess to enable the prosecution to prepare a motion for Callahan's removal.

Commonwealth Attorney Byrd submitted affidavits in support of his motion to remove Callahan and Sheriff Callahan was ousted and Judge Redwine appointed John Jones as elizor. Jones is at present deputy sheriff under Callahan, but is the only deputy not objected to by the prosecution.

The jury will be drawn from Magoffin county.

"It is your duty," said Judge Redwine to Elizor Jones, "to summon only men who are intelligent and honest and of good repute. Get on your horse as soon as this storm is over and go over to Magoffin county and order sixty men to report here by Sunday night."

Jones left on his mission this afternoon. He is a native of Troublesome Creek, in Breathitt county, and has been a deputy sheriff eight years. Because he tried one of the Eversoles

while justice of the peace during the French-Eversole feud, his house was riddled with bullets, but he escaped. He was thereafter identified with the French faction.

The cases of Jett and White will be called Monday.

A CALL ON PARENTS

Board of Education Hold Called Session This Morning.

Deplore Existing Conditions, and Call on Parents to Assist Them.

OTHER SCHOOL HAPPENINGS

The school board met at the drug store of Dr. S. H. Winstead, one of the members, this morning at 9 o'clock to discuss the "walk out" among the graduates Wednesday afternoon.

All members were present except Trustees Jackson, Mattison and Gleaves.

The board then discussed the most advisable action to take. Some of the members were in favor of requiring the graduates to apologize, others wanted them expelled, but both plans were ultimately rejected, and the following resolution was unanimously adopted:

To Parents and Guardians:

The demonstration witnessed upon the city's most prominent thoroughfare a few days ago by a part of the High school graduating class of this year, as an expression of their disapproval of, and contempt for, the board's recent action now so well known, which was intended to benefit the institution of greatest moment to our city's youth, is deplored by this body, one and all, and we believe by all fair minded people in our midst.

The spirit of disquietude thus displayed has spread to one or two other buildings seriously disturbing the conditions that should prevail there.

This unfriendly attitude toward those have and do serve you without compensation and often at ill convenience to personal obligations is viewed by us with many misgivings as to the wisdom of such sacrifice.

We ask you, every one of you, for your support in the effort to conduct the present term to a successful and creditable ending. Some of the teachers to whom this work was entrusted, for which they have received a full term's pay lacking a few days, and who have "loved your children so well" have abandoned them at this most critical hour and are engaged in further work tending to destroy in a day the good they profess to have been engaged in accomplishment for the past ten to 20 years.

The board seemed to think that the adoption of the resolution above was the wisest course suggested. Some of the pupils are apparently taking advantage of the feeling to display a certain degree of lawlessness, but it is believed that they are now all disposed finish school without any further exhibition.

It is understood that some of the striking graduates have evinced regret and apologized for their action to some of the members of the board.

Tomorrow morning Supt. Hatfield will hold his regular monthly teachers' meetings, in which he will instruct them relative to the closing of the schools for the summer vacations.

On Saturday morning at 9:30 all white teachers will meet him at the high school building to receive instruction and in the afternoon at 2 o'clock he will meet all colored teachers at the Lincoln building. This will be the last meeting held this term.

The schools will be dismissed in the afternoon on Tuesday for the remainder of the week, the pupils returning on Friday morning and receiving their cards. On Thursday and Friday the commencements will be held and this will close the term.

Yesterday afternoon several of the grammar school pupils in the Jefferson school building "walked out" but returned to school this morning, however.

Rev. W. E. Cave, of the First Presbyterian church, will Sunday evening at 7:30 o'clock, preach the baccalaureate sermon for the graduating class. It was announced that the sermon would be preached in the morning but this was an error.

This afternoon at 2:30 the graduating class of 1903 presented Prof. C. A. Norvell, its principal, a watch chain containing four diamonds as a token of their love and respect for him. The present was purchased with the money secured in a general collection among the pupils of the 11th grade and is a good recommendation of the popularity and competency of Mr. Norvell.

BOYS MURDERED.

ALLEGED MURDERER SAID TO HAVE PLACED BODIES UNDER ICE.

South McAllister, I. T., June 5—James Wright, alias Charles Nailer, was arrested at Wilburton on charge of murder. It is claimed that on February 16, 1895, at Salt Lake Utah, Wright murdered three boys, and to conceal the crime took the bodies out to a lake, out the ice and threw them in the water.

He was located in one of the Degnan coal mines, and word was sent down for him to come up. He refused to do so until the officers sent the handcuffs down and allowed him to put them on. The authorities have been notified of the arrest.

LICENSED TO MARRY—Edward Dealy, a retired farmer of Jeff. rsor, Mo., aged 63, and Viola J. Swain of Murray, aged 43, were today licensed to wed. It will make the second marriage of both.
