SEWING MACHINES!

THE WILSON SEWING MACHINE
MANUFACTURING COMPANY

are now offering to the Public,

WILSON'S

NEW FAMILY MACHINES

FOR ONLY TWENTY DOLLARS!

It is the only First-Class Sewing Machine in the market that retails for less than \$55. We present our new Machines to the Public with all the improvements that can well be combined in a Sewing Machine. Great labor and pains have been bestowed on this Machine to bring it into the very highest class in the scale of Sewing Machines. It is acknowledged by the best judges to be an entirely new and superior Machine ever invented.

Wilson's Celebrated Sewing Machine

has the capacity for doing

All Kinds of Family Sewing

equally as well as any other Machine in the market. It will SEW, Hem, FELL, CURTAIN, COSS, BIND, BRAID, GATHER AND SEW ON THE GATHER AT THE SAME TIME, AND EMBROIDER BEAUTIFULLY.

It uses all common Spool Cotton, Lines Thread, Silk, and Twine directly from the Spool, and can be run (by steam) at the unprecedented speed of 4,000 stitches per minute. This Machine makes the celebrated

Elastic Lock-Stitch,

which can be cut at frequent intervals of every inch, and can not be worked or pulled apart.

Wilson's

NEW \$20 MACHINE

Does away with our old style of Treadle Machines.

It is as large as the old Machine, and is so adapted that it will stand upon any work-table, and remain firm without fastening.

IT FEEDS THE WORK ITSELF.

It relieves the hands almost entirely, which obviates the necessity of using a stand and treadle, or to allow the operator the use of their hands to guide the work. All those who have operated on treadle Machines, will appreciate this great improvement, as well as all the scientific Enthusiasts, who have decided that sewing machines propelled by the feet are highly injurious to females, and should not be used more than one or two hours a day. With Wilson's Improved Machine the operator can sit erect, thus preventing pain in the back, head and chest, which are caused by the old style of Machines.

In order to introduce our Machine throughout the civilized world, we have decided to offer the following

Unprecedented Inducements:

To any one sending us Twenty Dollars, either by Draft, Postal Money Order, or Express, prepaid, (which they can do at our risk), we will forward one of the Wilson Machines on Trial for two weeks, and at the end of that time, if they find the Machine is not, in every respect, just as we presented it, they can return it to us, paid through, and we will refund the money.

Send us this advertisement cut and add it to us, with your address and Twenty Dollars, and we will forward you a Machine by return Express. Distances accompany each Machine, from which the most inexperienced will find no difficulty in arranging its use.

EACH MACHINE

Warranted for Five Years!

AGENTS WANTED

On Commission, or to work for a regular Salary. We will send Private Terms to Agents, with Machine to those who desire an Agency.

Address all Orders—

THE GEYSERS OF THE NEVADA.—About twenty miles from Carson City, Nevada, are some remarkable mineral springs called "Steamboat Springs," from the noise they make, which sounds like several steamers discharging steam. These springs cover an area of about three acres. The water is boiling hot, and the escaping steam can be seen for several miles before sunrise, and the atmosphere in the vicinity is filled with the smell of sulphur. The water cures the rheumatism effectually. There are crevices in the rocks where the water can be seen boiling at a depth of thirty feet. There is also a spring which is called the "Breathing Spring." It is shaped like a well. The water recedes to the depth of ten or twelve feet, and remains calm for five minutes, and then commences to boil, and rises until it shoots into the air above ten feet, and in five minutes it begins to recede.

TWO WAYS OF DOING A THING.—In the train from Harrisburg, was a gentleman Jack Tar, in a go-ashore outfit, jolly, genteel and happy, with a decidedly pretty specimen of eighteen years old crinoline to whom he had been a week spliced, and was conveying Philadelphiaward. Opposite Jack and his wife were a couple that any one could see were on a honeymoon cruise, the bride all blushes, beauty and bashfulness, and the gallant bridegroom all devotion and endearment. At one of the way stations the cars stopped, and the careful bridegroom thus addressed his timid bride:

"My love, I am about to step out for a few moments for refreshments. Do not be alarmed during my absence."

Gentleman Jack took the cue, and patting his wife on the shoulder, sung out as if he was halting the main top gallant-yard in a gale of wind:

"I say, wifey, I'm going ashore to wet my whistle; don't tumble overboard while I'm gone."

"Pray, excuse a bit of sarcasm," said Smith to Jones; "but you are an infamous liar and scoundrel."

"Pardon a touch of irony," replied Jones, as he knocked him down with a poker.

Negroes are hereafter to be designated as gentlemen of Congressional color.

A Western paper says: "Wanted at this office, an editor who can please everybody; also, a foreman who can so arrange the paper as to allow every man's advertisement to head the column."
