We desire to return thanks to Mr. Pierre Y. Toups for several melons which he left at our sanctum this week to sample. Mr. Toups has been engaged in raising melons for a number of years and he is proud of the fact that his melons cannot be excelled by any in flavor and sweetness. The melons were simply delicious and the only fault to find is that such gifts are not more frequent.

We would like to call the attention of our readers to the advertisement of the Williams Electro-Medical Faradic Batteries of which our much liked friend Mr. A. R. Staunton is agent. Every body knows that electricity is the greatest curative agent known to science for the most learned physicians of Europe and America use these Electrical Batteries every day in their treatments of chronic diseases. Mr. Staunton is very anxious for some of his friends to try some of these Electrical Batteries and note their wonderful effects. Any one desiring further information would do well to interview Mr. Staunton on this subject in which he is much interested.

A very interesting game of base ball will be played in Tetreau's Park Sunday afternoon at 4 o'clock between the Greys and the Napoleonville boys.

The Napoleonville boys say that they are confident of playing winning ball with the boys just so long as Pierce is not in the box. Napoleonville has a good strong team and we have no doubt but that they will make matters rather exciting. We are satisfied that our boys will as usual make a splendid showing but after all it may not mean victory.

We hope that a good large crowd will be out at the park to witness the game and encourage our boys in upholding the good name they have earned for themselves. The game will be called at 4 o'clock.

At a meeting of the Carnival Club held last Tuesday night it was decided to give a fair some time during the month of September for the purpose of securing funds to defray the expenses which will be entailed by our next Mardi Gras parade.

The Carnival Club has decided to make one last final appeal to the people of Thibodeaux and parish of Lafourche and we sincerely hope the appeal will be responded to which will insure the success of the next parade.

We sincerely hope that the fair being held under the auspices of the Thibodeaux Fire Co. No. 1 will be a great financial success and that the people of Thibodeaux who are grateful to our faithful and deserving firemen for noble and gallant work already rendered will make it their duty to see that their fair will be a marked success in every particular. It would indeed be a shameful reflection upon the citizens of Thibodeaux if the fair should prove as complete a failure as the last Carnival Fair. Turn out every body and contribute what you feel able. Every little is a great help and we hope that every citizen in town and community will be able to say I have helped the boys our brave firemen in their deserving efforts to improve our Fire Department.

Bank Statements.

The Statements of both the Bank of Lafourche and the Bank of Thibodeaux appear in this issue of the Sentinel and we call upon our readers to read over these statements carefully and notice the prosperous condition of our banking institutions.

It is with pleasure indeed that we mark their growth and it is only a question of a short space of time when they will have the active and united support of those people who have not yet become patrons of our local banks.

A Pleasant Excursion.

Six coaches, comprising an excursion train from Thibodeaux, La., pulled into Alexandria yesterday shortly after noon. The coaches were well filled with white people, and a most enjoyable day was spent by the excursionists. The weather was perfect—just cool enough to be pleasant, and little or no dust. The excursion, lists visited all the more important places in the city, including the two bridges, and many crossed the traffic to Pineville and registered at the National cemetery and some even walked to the upper Fort to enjoy the forest en route and the beautiful view of the surrounding country from the top of the Fort. In the afternoon at 2 o'clock the larger number of the excursionists were at Duke's Park to witness a good ball game between the Thibodeaux and Marksville teams. The score was 12 to 8 in favor of Thibodeaux. The citizens who came on this excursion were the best behaved and most orderly that ever visited Alexandria.—Town Talk.

Base Ball.

The Crowley Hard Hitting Record Base Ball team was gloriously defeated last Wednesday evening in Tetreau's Park before a very large crowd of people by the Thibodeaux Greys. The game was the most intensely interesting one which has been played on our diamond this season. It was a great game because it was almost an errorless one and played without one single hitch.

The Crowley boys previous to the game wore a smile which indicated more than mere confidence. It rather meant victory but the Greys were hopeful though, they knew what great ball playing the Crowley team had been doing, therefore went on the diamond determined more than ever to win. Well the Greys put up a magnificent game and won.

Pierce was in the box for the Greys and pitched in every respect a brilliant game. All the boys on both teams deserve a special write up so well did they play.

The following is the official score of Wednesday game.

Table with columns: CROWLEY, A.B.R.B.H.P.O.A.E. Rows: Sentel, s. & p., Kurz, lb., Sens, l. f., Duplatne, c. f., Hoff, 2b., Montero, 3b., Fugier, o. f., Myatt, p.

Summary: Two-base hits—Gibbs, Troclair, Sentel. Three-base hit—March. Stolen bases—Toujean, Sentel, Sens. Struck out—by Pierce 11, by Myatt 8. Wild pitch—Pierce 1. Passed ball—Fugier 1. Hit by ball—Myatt. Time of game—1 hour and 30 minutes. Umpire—Morvant. Score—Auslet.

The second game of base ball between the Greys and the Crowleyites was played off Thursday afternoon at Tetreau's park before a much larger crowd than on the previous day. It was believed by many that as the Greys had taken one game from the Crowley boys that the Greys would of course lose to the visitors in the second game but in this conclusion they were badly mistaken.

The Greys put a magnificent game though they have a few errors credited to themselves. Gannier pitched a good game and held the visitors down to eight hits. The game was practically one sided. The Crowley boys were outclassed by the Greys in both games in all respects. Every member of our team played fast ball but hard and fielded to perfection. The whole situation sized up in a nut-shell is that the Greys were too much for the Rice eaters.

The following official score explains the rest.

Table with columns: CROWLEY, A.B.R.B.H.P.O.A.E. Rows: Sentel, s. & p., Zenger, p. f., Kurz, lb., Sens, l. f., Duplatne, c. f., Hoff, 2b., Montero, 3b., Fugier, o. f., Lohrano, r. f.

The Williams' Electro-Medical Faradic Batteries.

In this age it requires no argument to convince thinking people that electricity is the greatest curative agent known to science. The most learned physicians of Europe and America concede that there is to-day, not a hospital in the world, or a great physician in practice, who does not daily use it with most wonderful effects in all chronic diseases.

Our batteries are operated by powerful Dry Cells of the very best quality. The coils in our machines and all mechanical parts of our Batteries are made by skilled mechanics and DO NOT GET OUT OF ORDER. The Dry Cells with which our machines are fitted will last from three months to a year, according to the use the Battery receives. All the Batteries are so constructed that the Dry Cells can be removed by any person who has read and new Cells put in their place in a very few seconds.

Diseases in which a speedy Cure can be Effectuated by the use of the Faradic Currents of Electricity generated by our Batteries:

Paralysis, Epilepsy, Locomotor Ataxia, Rheumatism, Muscular Rheumatism, Neuralgia, Sciatica, Dyspepsia, Constipation, Kidney or Bright's Disease, Liver Complaints, Catarrh, Asthma and Bronchitis, Insomnia, Sleeplessness, Female Complaints, Nervous Debility, Other Chronic Diseases.

We publish a little Book entitled, "Suggest ions and directions for treating diseases with Faradic Currents of electricity," by J. J. Mackey, M. D. A copy of this Book will be sent free of charge to each person purchasing one of our Batteries. For further particulars, apply to A. R. STAUNTON Electrician, Agent, Thibodeaux, La.
