## Stop Wash Day Worries--Have Your Wash Done "The Soft Water Way"

Figure the cost of the laundress, her meals, the gas or coal, the soap and "mess" and your own trouble. Doesn't it make home washing come pretty high?

Why not stop all that? Send your flat work to us, as well as your other laundry to be washed the "soft water way." You can't get such quality from a "hard water" laundry—or even at home—because we use "rain soft" water exclusively in our plant.

Our work is not only clean—absolutely clean. It is fresh, white, soft, sweet smelling. And—because we only use pure soap and soft water, your linens last longer, give you more wear.

### Send Us Your Next Week's Wash

Check up on costs and quality and you'll be won over to "soft water" washing as a real economy.

Our automobiles make prompt collections and deliveries in Annapolis and vicinity.

FRANK COOMBS, OUR DIRECTOR

Frank Coombs, formerly with Dockstader and Haverly, the director of our first minstrel show. Mr. Coombs, of the Harry Miller Co., New York City, has had a wide experience as a director, having been associated with the Harry Miller Co. for the past ten years. Prior to his becoming a director, he played the title role in several plays, principally in Hans, the Flute Player, at the Manhattan Opera House under the direction of Oscar Hammerstein. The success of our minstrel show is entirely due to his able directing.
