—A hat flirtation is the latest idiosyncrasy among the girls. There is no way that a man can wear a hat that doesn't mean something, and the only way you're safe is to go bearheaded.

—A large excursion from Sarnia will be given over the Great Western to Grimsby, Ont, next Saturday where there is a large camp meeting being held. A number of our citizens intend going.

—To RENT—A store and dwelling house, one and one-half miles south of Farr station on the Pt H. & N. W. R. R. It is in a good locality surrounded by a thriving farming country. Terms reasonable. For further particulars apply to D. Kring, Fargo P. O.

—You may talk about your Mulligan guards and things that can't be beat but let us talk about an excursion some time this month. We are sure it will meet with the hearty approval of all. We have not had an excursion from here this summer say we all go in for one.

—C. E. Roswell informs us that he will be removed to his new store in the Duffie Block and ready for business by Monday, 21st inst., with a choice line of new goods and will make it interesting for all of his old customers and as many new ones as will favor him with a call.

—"O? Why do I sigh?" Because I saw Mrs. William Brown sewing with her New Wilson Oscillating Shuttle Sewing Machine, bought of Hickey Bros, for only \$45. A three quarter cabinet machine; a perfect temple of art. O that I too could have one of those machines!

—Why would not an excursion from all points along the Pt H. & N. W. R. R. to Port Huron, then by boat to Walpole Island, be a good scheme. The farmers are now about through harvest and, no doubt, would like to spend a day for recreation. We are sure this place alone would turn out over 200.

—E. Gordon has had the carpenters at work in his store tearing down the old shelving and putting in new and is otherwise improving the looks of the place. He is now better prepared to furnish his old customers, and as many new ones as may favor him with their patronage, with choice groceries, canned goods and everything in his line.

—Even a newspaper man finds it hard sometimes to believe everything he sees in print. At any rate that's the way it affected us the other day when a nine-year-old boy appealed to our generosity by laying before us a card setting forth, in unshrinking doublet, that he was a poor widow and the mother of five children. There's no fancy in this—pure, undiluted truth.

—North Branch has lately purchased a \$1,500 fire engine. North Branch is an incorporated village not much larger than this place, has only been incorporated about a year and have invested in a fire engine already, and are building better sidewalks every day. We hope the incorporation of this place will not be neglected this fall but that the citizens will enter into it with spirit and strive to make this place a model for other towns to copy from. We might have better sidewalks, better schools and the place improved in general. Why let the \$200 license money go to the township when it might be used for improvement purposes here, were this an incorporated village? Think over this fact and do not fail to do something this fall.

—Two showers a day lately.
—The farmers are busy threshing their wheat.

—A Knights of Labor Lodge is about to be organized at Brockway Centre.

—A Harvest Home Basket picnic will be given at Old Brockway, on August 30.

—H. Griswold has lately purchased the Fuller farm one-half mile west of here consisting of 80 acres. It is a nice place.

—Orin Chamberlain has lately had a kitchen, cellar and woodshed built onto his residence. David Brown completed the work.

—A man by the name of Chas Kendrick was killed by a train on the Pt. H. & N. W. R. R. at Pt Huron last Tuesday afternoon.

—A lady was around yesterday soliciting cards from our merchants to be placed in the hotels for the purpose of advertising their business.

T. DARCY & CO.,

Have come to the front to explain that they are getting into better shape than ever to meet the wants of the community in their line of business. The growing requirements of the trade have compelled them to add both to their force of workmen and stock and on short notice can turn out any kind of a rig from a fancy phaeton to a lumber wagon. All kinds of job done promptly and at reasonable rates. The services of Adam Petit, the boss horse-shoer, has been secured and will attend to that part of the business. The public can rest assured that their horses feet will be well attended to.
