Excursion to-day To Walpole Island. Quite a heavy shower Saturday night. R. Emery is building an addition to his sample room. Are you going to the excursion to-day? Everybody is going. Mrs. H. F. Leonard and son, are visiting friends in Lapeer. Chas. Powers, of Armada, paid us a pleasant call on Tuesday. Wm Cooper and son left for their home in Stratford this week. I. S. Pearsall and wife, of Romeo, are visiting at G. W. Waring's. David Brown is building a prescription case for C. A. Wells & Co. J. H. Duffie returns next Tuesday to his studies in the College at Adrian. C. E. Roswell is receiving daily a large lot of goods for his new store. Thos Hickey is improving the looks of his store by a coat of paint. Mrs. A. Hopper and son, of Alpena, are visiting at H. F. Leonard's. Mrs. W. N. McKenna and Miss Ada Baker were visiting in town last week. Andrew Kelley is putting up a fine residence on his lot west of Wm Wear's. C. S. Gilbert is building a new house on his lot north of O. W. Mill's residence. Mrs. R. Bailey, of Vassar, was visiting at her father's, Wm Wear, this week. F. A. Baker has one of the neatest little drug stores in these parts. Call and see it. We are getting out the EXPOSITOR this week a day earlier on account of the Excursion. Jas Pearce returned from York state where he has been visiting for some time past. The laying of the steel rail on the Pt. H. & N. W. R. R. has been commenced at this place. Levi Morrill, sr, returned from an extended tour through the New England states last week. J. A. and L. Morrill, Jr. and C. H. Kelley left on Tuesday for Cheboygan, looking after timber. A large excursion passed over the Pt. H. & N. W. R. R. on Monday to the reunion at Port Huron. J. C. Holden, of the firm of Holden Bros. is at present in Detroit purchasing their fall stock of goods. S. L. Ballentine, one of Port Huron's live and enterprising merchants, was in town on Tuesday. MARRIED—In this place, on Aug 23rd, by Rev L. Clark, Mr James Fraick, to Miss Sarah Ann Emery. The green apple gets the better of the small boy because it don't fight fair. It always hits below the belt. Dont anybody say anything about the way we spelled "Walpole" last week. We are up for correction now. J. D. Jones moved into his new house last Tuesday. We are glad to welcome him as one of our village citizens. Chas Adams, of Armada, called in to see us on Tuesday. He has been visiting at his uncle's, Chas Hopkins, for a few days. Mallon Beers was elected superintendent of the M. E. Sunday School last Sunday in place of Miss Ella Fraser resigned. C. Cooper took a trip to Walpole Island last week in search of Indian ponies, returning Saturday with a span of little beauties. Tom McArthur informs us that he has purchased a fine stock of goods in his line and will move into his new building sometime next week. Al Sisco, of Bay City, was here last week looking at Thos Hickey's store with the intention of opening out a grocery and liquor business. The M. P. Sabbath School Institute will be held at Riley Centre, Sept 19 and 20. A good program has been gotten up and a pleasant time expected. We would say to the farmers that when they sell their grain we should be happy to have them call and subscribe for the EXPOSITOR, only \$1 per year. J. D. Vivian has removed into his new Carriage Repository and has received a lot of new buggies and harness which he will sell cheap for the next 30 days. Heard from at last. A meeting of the directors of the Brockway Centre Agricultural Society will be held on Saturday, Sept 2nd at 1 o'clock. Do not fail to attend. Prof's High and Townsend went to Brockway on Tuesday to take charge of the Cornet Band there and get them into shape to play for the picnic on Wednesday. The Charleys are young but good boys and deserve a hearing.

The officers elected for the ensuing year to the State Teachers Institute of St Clair County are: President S. G. Bettis; Treasurer, J. S. Duffie; Secretary, Prof Fisher. A grand cream festival will be given in the masonic hall at Peck, on Wednesday Sept. 6th under the auspices of the Union Sunday School. A good time is expected. John McMurtrie, of Lynn, came to town Monday, hubbubbed too freely of "buggy", got into his buggy and drove but a short distance when he fell out, nearly breaking his neck. Mrs. G. W. Bell wishes to announce that she intends going into the dressmaking business, having secured the service of a first-class dressmaker. Read her advertisement in this issue. The "Home of New York Insurance Co" has added a new departure to their business and takes risks and issues policies against loss by wind, cyclones, and tornadoes. Jas Brown is their agent in this vicinity. Mrs. Teets declares that she must have a three quarter cabinet Sewing Machine. Mrs. Homer Rector and Mrs. William Brown have three quarter cabinet Sewing Machines, and they are only \$45; about one half the price that was formerly paid for one of the old fashioned kind; and then the appearance of these old fashioned machines was nothing to be admired. Now I think Samuel that we must have a sewing machine. For my part I am tired of this way of sewing with the needle, when one can do so much more work in a day with a machine, and do it better.—HANNAIL. As Wm Whiteide and family and John Tomlin and family were driving along the road last Sunday, two young gentlemen (as they would term themselves) by the names of Jacob Holmes and Richard Secor, with their best girls, Misses Emma J. Duest and Rachel Heron respectively came driving at a furious rate racing with a team they met, endangering the lives of the two families. Having passed them Richard Secor with his buggy ran over a cow half killing it and throwing his girl out of the buggy onto a large pile of stones bruising her badly. These young gentlemen should be hauled up for cruelty to animals and severely punished. Last Friday we paid a visit to Farr's station or otherwise known as Fargo, P. O. and found everything going on smoothly. C. P. Farr the genial postmaster keeps a general store and is always prepared to furnish the weary traveler with plenty of good things to eat and a good place to sleep. W. Shell has on hand a large stock of general groceries and is a good fellow to deal with. F. A. Hill is building a store near the station and as soon as it is complete he will move into it. A new station house is being built also a large saw and grist mill which will, no doubt, be a great help to the place and it will not be long before Farr's station will be a very busy little burg. The annual school meeting will be held next Monday evening for the purpose of electing a Director in place of W. H. Palmer resigned. Now that Brockway Centre has a fine large hall, why would it not be a good scheme for the young folks to meet together some time soon and organize an Amateur Dramatic Club for the purpose of entertainment this fall and winter and also for improvement. The papers of Macomb county are loud against the history of that county lately written by M. A. Leeson & Co., claiming it to be a fraud. The firm are at present writing up a history of this county and it would be well for the inhabitants to find out whether the history be correct before subscribing for the work. The following items is clipped from the Fort Gratiot Sun:—"That man is to be supremely pitied who thinks that because he withdraws "his patronage" from his home paper that it will make any material difference with the financial workings of the concern. There is no such thing as "patronage" in the newspaper business. Merchants advertise expecting to be richly repaid. And the man who tenders the publisher of The Sun a dollar for a year's subscription simply because he "wishes to help support a home enterprise" will have his filthy lucre returned to him in short order. A newspaper reporter and publisher sees life in all its various stages and meets with all kinds of people which they say "it takes to make up a world;" but the most contemptible of all beings is the business man who gets offended because he does not receive a complimentary notice in nearly every issue of his home paper."

Everybody Read This!

Law the man with the mule, Takes everything cool, But he keeps moving about, His wagon runs easy When he keeps it greasy, And the little mules are stout, He draws goods by the load, And can be found on the road, Between the city and station, He is not a dead beat, But will work so cheap, As to almost surprise the Nation.
