Teach Your Boys.
Teach them that a true lady may be found in calico quite as frequently as in velvet.
Teach them that a common school education with common sense is better than a college education without it.
Teach them that one good honest trade well mastered, is worth a dozen beggarly "professions."
Teach them that honesty is the best policy; that it is better to be poor than rich on the profits of "crooked whiskey," and point out your precept by the examples of those who are now suffering the torments of the doomed.
Teach them to respect their elders and themselves.
Teach them that as they expect to be men some day, they can not too soon learn to protect the weak ones.
Teach them that to wear patched clothes is no disgrace, but to wear a black eye is.
Teach them that God is no respecter of the sex, and that when he gave the 7th commandment, he meant it for them as well as their sisters.
Teach them that by indulging their depraved appetites in the worst form of dissipation, they are not fitting themselves to become the husbands of pure girls.—Canada Farmer.
