NORTHERN TRIBUNE.

THURSDAY, SEPTEMBER 18, 1884.

Tammany Hall Democrats.

The much talked of meeting of the
Tammany Hall Democrats took place
Monday night, Sept. 8. Instead of endors-
ing Cleveland and Hendricks, as it was
claimed they would do, a resolution was
adopted for the appointment of a com-
mittee of one from each assembly dis-
trict to prepare resolutions defining the
position of Tammany towards the De-
mocracy. Ex-Senator Grady was loudly
called for and was received with cheers.
He said:

Rise principally for the purpose of
saying to you that I have taken no side
in the support of or against any candi-
date, nor will I take a side until Tam-
many Hall, in its meeting of the general
committee, has spoken. [Applause.] I
am involved in no deal, nor am I en-
gaged in transferring any vote other
than my own. I never was in the mar-
ket in a political campaign, and I don't
propose to go in now. I shall take a
side in this selection of a candidate as
my notions of honesty, uncompromising,
fearless manhood, and sterling, unadul-
terated Democracy dictate and main-
tain. As I understand it, the resolution
before the committee calls for the ap-
pointment of a sub-committee to declare
Tammany's position. When that decla-
ration is made I shall try to show that
those who masquerade to-day under the
name of Democrats have proved them-
selves to be the enemies of 5,000,000 of
men who make up the party. I have no
desire to dictate here. I will give be-
fore the general committee the reasons
which actuate my course. I will follow
to the far end wherever it may lead the
course I have begun, because I have be-
gun it for conscience sake alone. If
there be a man who forgives his ene-
mies, I am one who follows his enemies
through thick and thin, returning fire
for fire, until one or the other goes down.
I have no personal grievance with Gov.
Cleveland. I shall speak from the re-
cord, and I will ask to be ostracised from
all decent society if I cannot point to
corruption stalking straight to the door
of the executive mansion, and knocking
at the door and coming out of the door,
with all that corruption sought at the
expense of the people. If I cannot prove
that bribes known to fall in the assem-
bly in 1883 were placed so near Mr.
Cleveland, that if he does not have the
money, he can get it at any time—if I
cannot prove that, I am not what I pro-
pose to be.

Grady was frequently interrupted by
applause. The resolution was unani-
mously adopted, and a committee com-
posed of district leaders appointed and
the meeting adjourned.

SWEPT INTO THE STREAM.

One Thousand Acres of Land and
"Eight Smart of Bears."

On the deck of a big Mississippi steamboat
stood an aged Southern planter. Indicating
by a sweep of his arm the waters the boat was
passing over, he said to a passenger from the
North: "When I was twelve years old I killed
my first bear on a new plantation my father
was then cutting out of a forest that grew di-
rectly over the waters of this bend. That was
a good plantation, and there was a right smart
of bears there, too. But that one thousand
acres of land went into the Mississippi years
ago."

It is putting no strain upon the figure to say
that great forests of youthful hope, womanly
beauty and manly strength are swept in the
same way every year in the great, turbid tor-
rent of disease and death. Yet it should not be
so. That it is so is a disgrace as well as a loss.
People are largely too careless or too stupid to
defend their own interests—the most pre-
cious of which is health. That gone, all is
gone. Disease is simple, but to recklessness or
ignorance the simplest things might as well be
complex as a proposition in Conic Sections. As
the huge Western rivers, which so often flood
the cities along their shores, arise from a few
mountain springs, so all ailments can be
traced to impure blood and a small group of
disordered organs.

The most effective and inclusive remedy for
disease is PARKER'S TONIC. It goes to the
sources of pain and weakness. In response to
action, the liver, kidneys, stomach and heart
begin their work afresh, and disease is driven
out. The Tonic is not, however, an intoxicant,
but cures a desire for strong drink. Have you
dyspepsia, rheumatism, or troubles which have
refused to yield to other agents? Here is your
help.

PILES! PILES! PILES!
A Sure Cure Found At Last.—No One
Need Suffer.

A sure Cure for Blind, Bleeding, Itch-
ing and Ulcerated Piles has been dis-
covered by Dr. William's (an Indian
Remedy) called Dr. William's Indian
Pile Ointment. A single box has cured
the worst chronic cases of 25 or 30 years
standing. No one need suffer five min-
utes after applying this wonderful
soothing medicine. Lotions, instruments
and electrocutions do more harm than
good. William's Indian Pile Ointment
absorbs the tumors, allays the intense
itching, (particularly at night after
getting warm in bed,) acts as a poultice,
gives instant relief, and is prepared only
for Piles, itching of the private parts,
and nothing else.

Read what the Hon. J. M. Coffinberry
of Cleveland says about Dr. William's
Indian Pile Ointment: I have used
scores of Pile Cures, and it affords me
pleasure to say that I have never found
anything which gave such immediate
and permanent relief as Dr. William's
Indian Ointment.

Hon. Judge W. P. Coons, Maysville, Ky.,
says: "I have suffered for years with
itching piles, and have used many
remedies. I have used Dr. William's
Indian Pile Ointment and been cured
while every other remedy failed." For
sale by Paekard & Upham, and mailed
on receipt of price, \$1.00.

A MARVELOUS STORY

TOLD IN TWO LETTERS.

FROM THE SON: "23 Cedar St., New
York, Oct. 28, 1882.

"Gentlemen: My father resides at Glover,
Vt. He has been a great sufferer from Scrofula,
and the enclosed letter will tell you what
a marvelous effect

Ayer's Sarsaparilla

has had in his case. I think his blood must
have contained the humor for at least ten
years; but it did not show, except in the form
of a scrofulous sore on the wrist, until about
five years ago. From a few spots which ap-
peared at that time, it gradually spread so as
to cover his entire body. I assure you he was
terribly afflicted, and an object of pity, when
he began using your medicine. Now, there are
few men of his age who enjoy as good health
as he has. I could easily name fifty persons
who would testify to the facts in his case.

Yours truly,
W. M. PHILLIPS."

FROM THE FATHER: "It is both a
pleasure and a duty for me to state to you the benefit I
have derived from the use of

Ayer's Sarsaparilla.

Six months ago I was completely covered with
a terrible humor and scrofulous sores. The
humor caused an incessant and intolerable
itching, and the skin cracked so as to cause
the blood to flow in many places whenever
I moved. My sufferings were great, and my
life a burden. I commenced the use of the
SARSAPARILLA in April last, and have used
it regularly since that time. My condition
began to improve at once. The sores have
all healed, and I feel perfectly well in every
respect—being now able to do a good day's
work, although 75 years of age. Many inquire
what has wrought such a cure in my case, and
I tell them, as I have here tried to tell you,
AYER'S SARSAPARILLA. Glover, Vt., Oct.
1882.
Yours gratefully,
HIRAM PHILLIPS."

AYER'S SARSAPARILLA cures Scrofula
and all Scrofulous Complaints, Erysip-
elas, Eczema, Ringworm, Blisters,
Sores, Boils, Tumors, and Eruptions of
the Skin. It clears the blood of all impu-
rities, aids digestion, stimulates the action
of the bowels, and thus restores vitality and
strengthens the whole system.
