A lady asks us whether etiquette requires one to knock at the door of an editor's sanctum before entering. We hasten to reply. If you are coming to pay your subscription or bring in a nice, juicy item of news, don't stop to knock, but just walk right in as if you owned the place. If, on the other hand you are out on a collecting tour, you should make the fact known through the window, and then knock at the door until the editor opens it. You may sink down from exhaustion before he does so, but you will be adhering to the printing office etiquette that is bound to please the average editor.

Last summer one of our grand-children was sick with a severe bowel trouble. Our doctor's remedies had failed, then we tried Chamberlain's Colic, Cholera and Diarrhoea Remedy, which gave very speedy relief. We regard it as the best medicine ever put on the market for bowel complaints.—Mrs. E. G. Gregory, Fredericktown, Mo. This certainly is the best medicine ever put on the market for dysentery, summer complaint, colic and cholera infantum in children. It never fails to give prompt relief when used in reasonable time and the plain printed directions are followed. Many mothers have expressed their sincere gratitude for the cures it has effected. For sale by Will Lennon, druggist.

The late General John Gibbon, USA was a firm believer in women's rights, maintaining that a woman being "a person" was a citizen of the United States and entitled to all privileges, protection, and immunities under its laws. Sunday morning last while Ed Blackford was attending to one of his father's horses it kicked him in the stomach. Although the injury was not serious it was very painful. Another of our neighbors had been sick for about a week and had tried different remedies or diarrhoea but kept getting worse. I sent him this same remedy. Only four doses of it were required to cure him. He says he owes his recovery to this wonderful remedy.—Mrs. Mary Sibley, Sidney, Mich. For sale by Will Lennon, druggist.

When you call at the office for your mail and the postmaster hands it out, ask him if that is all. If you ask him for your mail and he tells you there is none, tell him there ought to be, then go home and send the rest of the family around to ask at different times during the day. Don't bring your mail to the postoffice until the mail closes, then sail into the postmaster for not opening the mail bag and putting your letter in. When you want a stamp on your letter tell the postmaster to put it on; if he don't lick it, lick him. In case you put it on yourself, soak it in your mouth long enough to remove the mucilage, it will stick then until dry. Be sure to ask the postmaster to credit you with a stamp; if he has any accommodation about him he will do it. If you have a box, stand and drum on it until the postmaster hands you your mail; it will make him feel good, especially if he is waiting on some one else.

Two Lives Saved. Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had Consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Egers, 139 Florida St., San Francisco, suffered from a dreadful cold, approaching Consumption, tried without result everything else then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in Coughs and Colds. Free trial bottles at Grant Holden's drug store.
