

There Is Money In Growing Gensing.

Prof. W. L. Howard of the Missouri State Agricultural College says: "I advise American farmers to cultivate Gensing. Big profits may be realized. It is a hardy plant and is easily grown." A recent bulletin issued by the Pennsylvania State Agricultural College in part says: "The supply of native Gensing root is continually diminishing and the price per pound is correspondingly increasing, while the constant demand for the drug in China stands as a guarantee of a steady market for Gensing in the future. The market for our cultivated root will exist as long as the Chinese exist." Counsel General W. A. Babler of Hong Kong says in the U. S. Consular reports: "The sale of Gensing root grown in America is very large here and the demand is so great that much more could be disposed of advantageously. The root is as indispensable to the 400,000,000 Chinese as is their rice."

Gensing is a staple on the market the same as corn, wheat and cotton. The present market price varies from \$5.00 to 8.00 per pound according to quality, while the cost of production does not exceed \$1.50. There is room in an ordinary garden to grow several hundred dollars worth each year. The plant is hardy and thrives in all parts of the United States and Canada, except in the arid regions. We are successful growers and can show you how to make money growing Gensing. You can get a good start in the business for a small outlay, and soon have a comfortable income. We have several thousand choice roots for sale for fall delivery. The planting season begins in August and continues till the ground is frozen. Write today for further particulars.

BLOOD POISON

On account of its terrible effects, blood disease is called the king of all diseases. It may be either hereditary or contracted; so while it may not be a crime to have the disease, it is a crime to permit it to remain in the system. It may manifest itself in the form of Scrofula, Eczema, rheumatic pains, stiff or swollen joints, itchy skin, eruptions or blotches, ulcers in the mouth or on the tongue, sore throat, falling out of hair, disordered stomach, and a general depression of the system. If you have any of these symptoms don't neglect yourself. You have no time to lose. Beware of "old fog" treatments—beware of mineral poisons—beware of Quack and Fair. **OUR NEW METHOD TREATMENT** is guaranteed to cure this disease, never to return. Bank Bonds will protect you. Our treatment is not injurious in any way, but reaches the very root of the disease and eliminates all poisons from the system. The symptoms of disease gradually disappear. The blood becomes pure and enriched, the whole system is cleaned and purified, and the patient feels prepared anew for the duties and the pleasures of life. **CURES GUARANTEED OR NO PAY. 25 Years in Detroit. 250,000 Cured.**

Warden Vincent at Jackson Loses Two of His Charges.

OVER THE PRISON WALL

Beals and Postel Scale the Masonry With Ladders and Ropes — Their Well-Laid Plans Worked Without Hitch.

Jackson, Mich., Oct. 3.—Two more escapes have been chalked up against the Vincent administration at Jackson prison. The latest fitting woe took place Sunday evening. When the count was taken at 6:30 o'clock it was discovered that Fred Beals and Fleming Postel were absent, and a hurried examination of the yards failed to reveal their whereabouts. Then the guards started out on the usual hunt.

A ladder taken from the Withington & Cooley shops was found resting against the north wall, and dangling from the other side were a number of ropes taken from the Whitehead & Kayles contract shops. The mute evidence was sufficient. Guards now are trailing about Leslie looking for the men.

Beals, alias Frank Howland, was employed in the kitchen and was not under the close surveillance placed on the ordinary convicts. Beals was in the carpenter shop and he did not lock up at 5 o'clock, the hour for the minority. It is thought the men had been planning the affair for some time, as there was no hitch in their plans.

Postel, who is 27 years old, was sent up from Tuscola Sept. 9, 1899, for 12 years, for incest. He is 5 feet 9 inches tall and weighs 135 pounds; light hair and sallow complexion. Beals was received from Ottawa Aug. 20, 1895, for 15 years, for burglary. He is 41 years old, weighs 165, is 5 feet 9 3/4 inches tall, and of dark complexion. Both men wore their prison suits at the time of their escape.

LAW UNCONSTITUTIONAL.

Circuit Court Commissioners Will Not Hear Juvenile Cases.

Marshall, Mich., Oct. 3.—Judge Joel C. Hopkins Monday rendered a decision declaring the new law passed by the last legislature, making circuit court commissioners judges for juvenile offenders, unconstitutional.

Takes Poison When Arrested.

Pontiac, Mich., Oct. 3.—Sheriff Greer was sent to Rochester to arrest Mrs. E. N. Woody on a charge of adultery. When the sheriff appeared she became hysterical and he deemed it best to leave her there to be arraigned. Sheriff Greer stepped up to Justice Compe's office a minute, and on his return found that the woman had swallowed a dose of laudanum. She lapsed into a state of coma. A physician revived her. The man in the case is Edward Tyce, employed in a Stoney Creek factory.

There will be a big parade at 8 o'clock, in which local companies of the Michigan National Guard will participate. Gov. Warner will view the parade from a booth at the Masonic temple. Diphtheria Epidemic Feared.

Holly, Mich., Oct. 3.—Holly is threatened with an epidemic of diphtheria. Several members of the family of Henry Cook are sick with the disease. One of the children attended school on the day her sister died with it, and before the doctors diagnosed the case as diphtheria, exposing hundreds of children. The schools may be closed.

Lad Shoots Himself.

Holland, Mich., Oct. 3.—While playing with a .22-caliber revolver which he did not know was loaded, Jacob Thompson, aged 8, the only son of Mr. and Mrs. I. A. Thompson, who reside near here, received a bullet just above his left eye, lodging back of the eyeball. He was rendered unconscious and physicians are afraid to probe for the bullet.

Two Boys Drown.

Washington, Oct. 2.—Two boys, Percy Dudley, aged 10 years, and George Dudley, 16 years old, brothers, were drowned in the Potomac river Sunday. The younger boy fell from a boat and the brother leaped into the water to have him. Both went down before assistance could reach them.
