BUILDING.—We learn that Mr. Ingersoll has purchased the unfinished building commenced by Mr. James Shearer, and will go on at once to finish it.

GRADING.—The work of grading Washington avenue—the principal business street—goes on steadily, and before another issue, Lansing will have three blocks of uniform grade, with side-walks, perhaps.

AGRICULTURAL COLLEGE EXAMINATIONS.—The examinations at the Agricultural College commenced yesterday. A short vacation of ten days will follow.

TWO BOOT-JACKS.—City airs continue to abound. No sooner does Higgins appear with his cab on the street, than Van Etten starts a splendid turnout—dark-green cab and black horses, which would do credit to Broadway. Second Ward against the First, and hardest fend off.

BERRIES.—The rich and luscious wild berries, indigenous to a newly settled region, form a great addition to the diet of the table. Hereabouts, we have raspberries in abundance. Swamp whortleberries suffered badly by frost, and were almost cut off, but there is a prospect of blackberries, though they also suffered by the June frosts.

THE CROPS.—Potatoes are suffering hereabout, and corn also. The need of copious rain was never more urgent. The Grand River has not been as low as at present since the first settlement of Lansing, as we are assured by those who have lived on its banks since 1847. Springs are exhausted, rain-water cisterns are giving out, and wells are failing. Pasturage is red and dry, and all nature presents an aspect of barrenness. With exception of a smart shower of fifteen minutes on Sunday afternoon, and a couple of light showers on the 17th, there has been no rain here of consequence since June.

INGHAM HISTORICAL SOCIETY.—Ingham is not such in green youth after all. Thirty years—a whole generation has passed since Ingham first saw the smoke of a settler. During all the time, from that day to this, what toil, what privations, what struggles with poverty, cold, hunger, short crops, late and early frosts, fevers, agues and chills have these early settlers not endured? Ingham has a history, and the details of that history are fresh in the recollection of many an "old settler." In order to preserve as much of the past history of Ingham as is now practicable, we learn that it is the design and purpose to form a Historical Society, the membership to comprise all who feel interested, but especially, so far as practicable, all those whose hands were busy in cutting the first trees, and in tilling the first-broken soil of the county. A noble and useful object.

THE ATLANTIC.—This noble magazine well sustains its reputation. The standing features of this work are too familiar to our readers to require recapitulation; and in addition thereto, there is always, in each number, new literary attractions, affording a variety suited to all tastes. The present number contains a most interesting article on the Zouaves.

Phillips Sampson & Co. are doing the readers of the Union great and continued favors, by furnishing so much matter of a high literary character for twenty-five cents.

KANSAS.—The N. Y. *Tribune* says: The Kansas Constitutional Convention has adjourned, after adopting the instrument, which is the fruit of its labors, by a vote of 34 to 15, every Democrat voting nay. The Constitution is thoroughly Anti-Slavery, but the right of suffrage is not bestowed upon negroes. A competition between Lawrence and Topeka, each desiring to be the capital of the State, and resorting to some questionable expedients to advance its wish, ended in the selection of the latter temporarily. The "Democracy" will probably do their best to defeat the Constitution before the people.

BOARD OF CONTROL.—The Board of Control of the Ste. Marie Canal, left Detroit for Sault Ste. Marie this afternoon, with a view to examine and ascertain what repairs of an immediate character are needed, and to determine if the main work can be deferred till July next, to meet the wishes and convenince of the people of Lake Superior.

ASCENSION AT DETROIT.—Mr. Bannister made a successful balloon ascension at Detroit on Wednesday last. The lady who designed to arise with him, was compelled to remain on this planet, owing to her specific gravity. The balloon landed safely in Canada, after soaring more than a mile high.

THANKS.—Hon. Z. Chandler has our thanks for documentary favors.

Proceedings of the Common Council.

Wednesday evening, July 27th, 1859.

The Common Council met pursuant to adjournment. H. H. Smith, Mayor, in the chair. Present: Aldermen Burr, Kerr, Dunham, Elder and Newton.

The proceedings of last meeting were read, corrected and approved.

On petition, Peter Bentmar and J. H. Chappell, were allowed licenses in the 5th Ward.

The report of the committee on grades, made the special order for this evening, was taken up and amended by insert ng the following streets, to wit: Cherry, Hillsdale, St. Joseph, Townsend and Turner Streets. Said amendments were accepted, and the report as amended was adopted.

Resignation of Geo H. Gassmore was presented and accepted.

On motion, the resolution defining the grading of Washington Avenue in front of Capitol Square was reconsidered and lost.

On motion of Ald. Kerr, the Marshal was directed to place pumps in certain wells in this city.

Also, that the sidewalks shall have a slope of one inch in four feet; the gutters one foot deep, and the centre of the street to be level with the walk at the gutter.

Also, some directions to Mr. Stafford.

On motion, the Council adjourned.

GEO. A. ARMSTRONG, *City Clerk.*

KELLOGG, Eclectic Physician and Surgeon, would most respectfully announce that he will visit St. Johns on the 12th, Lansing on the 13th and 14th, and Howell on the 15th of every month, where he will be happy to meet his old friends, and especially those who are afflicted with chronic and lingering diseases.

SPECIAL NOTICES.

Pimples on the Face, and Skin Diseases,

Are generally caused by Animalcule burrowed in the skin. Dr. Trask's Magnetic Ointment, by its powerful and penetrating qualities, destroys every vestige of them, restoring health and beauty to the skin wherever applied, removing Tan and Freckles.

INFLAMED OR SORE EYES.—A. G. Cushing, of South Reading, says: "The Magnetic Ointment is the only remedy in use here for *Inflamed Eyes*. The Auditor of our county has so much faith in its curative powers in this disease, that he not only highly recommends it, but offers to forfeit the amount paid for it in each case, if it fails of a cure."

PILES.—Piles, which are at this season of the year particularly troublesome, are cured at once by Trask's Magnetic Ointment, apply to the parts affected and small of the back.

NERVOUS OR SICK HEADACHE.—Apply the Ointment freely to the forehead and temples, and back of the neck, also to the soles of the feet and palms of the hands. It will relieve the severest headache in thirty minutes. Read advertisement in this paper. 3my1

A PUBLIC SINGER CURED OF BRONCHITIS OF LONG STANDING.

PHILADA., May 17, 1859.

DR. C. M. JACKSON—Dear Sir:—Thanks to your "Hoofland's Balsamic Cordial," I am now, I believe, thoroughly cured of that soreness in the throat which has distressed me for so many years. You may not know that I am mainly dependent upon my salary as a leader of a choir for a subsistence. About eight years ago, I first felt a weakness in the throat, which, as I supposed it was but temporary, gave me no uneasiness. But it soon became so painful as to incapacitate me, for a time, from filling my situation. I therefore decided from all vocal exercises for a month, when my throat became better. Resuming again, the soreness returned with increased violence. I now had recourse to medical advice, and after weeks to several advertised remedies, with but slight effect. Despairing of a cure, I relinquished my situation, and had turned my attention to other business, when one of your circulars fell into my hands. I determined to try the Cordial, and bought a bottle with that view. I could not see that I was any better, after taking it, yet determined to persist. I accordingly bought a second, and soon after a third bottle, by which time I felt so much better, that, in fact I could scarcely afford it, I determined to purchase a half dozen. When I had taken the sixth bottle, I felt that I was cured, and I have taken no more since. Six months have passed away, and I have felt no return of the disease. I have recommended it in that case, and the future looks bright before me. I think you are entitled to this certificate of it at your service.

Truly yours, C. S. GARRETT.

Prepared only by Dr. C. M. Jackson, No. 418 Arch st., Philadelphia, and for sale by druggists and storekeepers through-out the United states and Canada. Price 75 cts. per bottle. 2my223

FROM GEN. D. TAGGART.—Trenton, N. J., March 4, 1858.

DR. C. M. JACKSON—Dear Sir: I have been troubled for some time with a cold and a bad cough. I thought I would let it alone an' it would get well, but instead of getting better it grew worse, until my lungs got so sore that I became seriously alarmed. Upon the recommendation of I. D. Jones, your agent in this place, I got a bottle of your Cordial, and before it was out my cough was entirely well. I think it is the best remedy for a cough I ever saw, and have since recommended it to all my friends who have been troubled in that way. Yours truly,

D. TAGGART.

They are prepared by Dr. C. M. JACKSON, 418 Arch street, Philadelphia, Pa., and sold by druggists and storekeepers in every town and village in the United States, Canadas, West Indies and South America, at 75 cents per bottle. 4w259

Knowing that *money is the great lever of human actions*, and that people think more of their "dimes" than they do of anything else, and that the great absorbing question is, "Where can I trade the cheapest, and thereby save the most money?" we answer in as few words as possible, that this is

(in favor of our customers) will readily be seen, between our prices and those who trust.
