ANYONE who has read the fascinating romances by Parker knows what it is to find him at his strongest, as in this tale. The setting is Ireland, England, the Atlantic Ocean and the West Indies, with some connections which carry it to the shores of America, during the stirring days of the French Revolution. The story has a dramatic sweep of action that is irresistible. The author with penetrating insight and great artistry, has contrasted the Irish and English temperaments; as a result, many deft and tragic-humorous touches enliven the tale. In all respects a very unusual romance, we have selected it for serial reproduction in these columns. Regular readers are requested to watch for it and others should subscribe now in order not to miss the first installment.

Sir Gilbert Parker

Only a very limited number of Canadians have received the distinction of knighthood. Among them Gilbert Parker stands out most prominently, for he has the unique record of acquiring the honor solely as a recognition of his literary gifts.

Since making him a knight in 1902, the British Empire has conferred additional honors upon him. He was created a baronet of the first class in 1915, a privy councillor in 1916 and later made honorary colonel of the ancient and aristocratic Kent Royal Garrison artillery. He also has a collection of regular and special college degrees.

To most of us he is more impressive as plain Gilbert Parker, one of the foremost novelists of the day, who was once a poor boy and who rose to his present prominence through the sheer force of ability.

He has written about thirty novels, a book of poems, several successful plays and some books on travel. It was the great Canadian story, "The Right of Way," which established him firmly. This paper has secured one of his very successful stories, "No Defense," for serial printing. It will start soon. Do not miss it.

A Splendid Story by a Great Writer

No Defense

By Sir Gilbert Parker

Seldom do you get an opportunity to read a story by Gilbert Parker in serial form. As a rule they appear as novels, the minimum price of which is \$2.00. Only recently has the great Canadian author consented to their publication otherwise. We have taken advantage of the opportunity and secured for our readers "No Defense," one of his most popular tales. It is a real Parker romance with the high lights and deep shades, swiftly moving plot, unexpected and unusual developments, the warm human love and absorbing interplay of soul upon soul, which distinguish his writings above all others.

Watch for the Opening Installment in This Paper!
