A land scheme of gigantic proportions has recently been made public at Minneapolis. About 3,000 acres near the city limits, on three trunk railway lines have been bought at a cost of \$1,750,000, to be built up with manufacturing and mechanics' houses, somewhat after the plan of Pullman, Ill., only on a much larger scale. It is estimated that \$7,000,000 will be expended on the land and improvements. Factories employing about 1,000 men are already secured.

Bought Land in Lake Superior.

Harry Dewey, real estate dealer of Detroit, had on his hands early last summer a lot of mining stock, the value of which he had previously estimated at \$1,000,000.

In his possession he had a lot of land in the Northern Michigan coast, to make a trade of some of his land for the mining stock. Mr. Dewey, finding that the abstracts and titles were all right, completed and the deal was consummated. He did not examine very closely into the matter, supposing the land to be of some value.

The May Election Law.

Notwithstanding the very full discussion concerning the May election law in this state, there is a good deal of misapprehension concerning its requirements, if we may judge from the following, which we find in one of our exchanges:

The new election law will come into effect at the coming fall election. It provides for secret voting. Each voter will walk up to the polling place like a lamb to be slaughtered, enter his respective stall, look over the ballots, choose the one he wishes to vote, walk out and hand it to the inspector, who places it in the slot, and the country is saved. There will be no peddling of tickets, as anyone found with a ticket in his possession outside the polling place violates the law and is subject to a fine.

The law is undoubtedly an impracticable one and probably unconstitutional as well, but it is not open to the particular criticism above visited on it. There is nothing in the law to prevent the "peddling of tickets" in accordance with time honored custom.

The only material change from the existing law, so far as the tickets are concerned, is in the requirement that they shall be furnished by the township trustee. The provision is that the trustee shall be used as any such tickets are furnished by the trustee.

The trustee shall be used as any such tickets are furnished by the trustee.

The trustee shall be used as any such tickets are furnished by the trustee.

The trustee shall be used as any such tickets are furnished by the trustee.

The trustee shall be used as any such tickets are furnished by the trustee.

The trustee shall be used as any such tickets are furnished by the trustee.
