CHRISTIAN - Preaching services 2 and 4th Sundays of each month at 11 a.m. and 7:30 p.m.

"The frost is on the pumpkin and the fodder in the shock."

It is estimated that the apple crop in Jasper county this season was worth upwards of a quarter of a million dollars.

Take it all around Jasper county is hard to beat. If she misses it on the corn crop, she makes it up on apples, or some other product.

It is understood that Prosecuting Attorney Moynihan is going to shut up the Joplin gambling dens now.

The young man who thoughtlessly shoots at, or otherwise molests the rural mail boxes, had better be careful or he will have Uncle Sam on his trail.

It takes a mighty effort to shake off such a political machine as Tammany in New York, but when the respectable people of all parties get together, as they did in that city, the machine is doomed.

President Roosevelt's independence of thought and action, says the Youth's Companion, was illustrated recently in a manner pleasant to record.

He was particular about having long-tailed horses, said the man of whom he bought them.

He insisted that they should not be docked. It made no difference to him that short-tailed horses are more fashionable.

A Model Political Contest.

From the Chicago Record-Herald.

The election is over in Massachusetts and few people outside that state were interested in the contest anyway.

Never perhaps in the history of the country have rival candidates for a governorship gone before the people with as much good will toward each other as did W. Murray Crane and Josiah Quincy.

The Boston Post, a Democratic paper and supporter of Mr. Quincy said on election morning:

Everyone, Democrat or Republican likes Gov. Crane; respects him, trusts him. To treat him with other than entire courtesy, even in the heat of a political contest, would be to offend the people of Massachusetts who know him.

"The Democratic campaign has been conducted in a spirit of moderation, dignity and of frank recognition of the strong qualities of our present chief executive as a business governor."

On the side of the Republican candidate there was never a question raised as to the ability or the high-mindedness of his opponent.

Mr. Quincy was treated from first to last as a gentleman.

No appeals were made to the passions of the voters. The legitimate issues of the campaign were calmly and plainly presented.

There were at any time references to the personal traits or qualifications of the opposing candidates which were always complimentary.

Massachusetts has furnished the country a fine lesson on the desirability of nominating gentlemen instead of political demagogues and hungry spoils for office.

THE HOME GOLD CURE

An Ingenious Treatment by which Drunkards are Being Cured Daily In Spite of Themselves.

No Nourish Diets. No Weakening of the Nerves. A Pleasant and Positive Cure for the Liquor Habit.

It is now generally known and understood that Drunkenness is a disease and not weakness.

It is now generally known and understood that Drunkenness is a disease and not weakness. A body filled with poison, and nerves completely shattered by periodical or constant use of intoxicating liquors, requires an antidote capable of neutralizing and eradicating this poison, and destroying the craving for intoxicants.

The young man who thoughtlessly shoots at, or otherwise molests the rural mail boxes, had better be careful or he will have Uncle Sam on his trail.

to be hoped that the time is coming when such campaigns may be so common as not to excite comment.

A WORTHY SUCCESSOR

Something New Under the Sun.

All doctors have tried to cure CATARRH by the use of powders, acid gases, inhalers and drugs in paste form.

The powerful acids used in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the disease.

"SERRAVALLE" is the only perfect CATARRH cure ever made and is now recognized as the only safe and positive cure for that annoying and disgusting disease.

Uncle Sidney's Logic.

Pa won't be soild and said to me, "Don't play so much, but try to study more, and you'll be a great man, by an' by."

Now Uncle Sidney says: "You let him be a boy and play. The greatest men on earth, I bet, 'Ud trade with him to-day."

—James Whitcomb Riley.

It Saved Her Life.
