North Dublin. Mrs. Rhoades visited Dublin S.S. last Sunday and said she liked being a scholar once more a pleasant change no doubt after teaching fifty two sabbaths in each year minus every rainy days.

The last peddler through this vicinity was the annual cat distributor. How people can let those domestic animals accumulate until they have more than they want and then carry them away to starve or depend upon charity is a mystery.

The writer has been trying to find the new definition of the word love since reading of two men, one who loved wife and one who loved a young lady that he wanted to marry so desperately that he murdered the victims of such love and then destroyed their own lives.

But have concluded that Mrs. Desant of Camden county has given a good definition of love for she can endure years of poverty, toil in old age, and even charity, for the husband she loves and the name of similar cases is legion.

Andrew Elliott came up from Reeds Saturday called upon old time friends and returned Sunday.

The last time Mr. Rhoades was heard from up to Wednesday noon he was in Jasper having a broken wheel repaired. There is always some things that some people can not understand. One is why a man that can make wagons from a two wheel to five wheels and all sizes for all purposes can not repair his own wagon that was made by others.

ARE YOU DEAF? ANY HEAD NOISES? ALL CASES OF DEAFNESS OR HARD HEARING ARE NOW CURABLE by our new invention. Only those born deaf are incurable. HEAD NOISES CEASE IMMEDIATELY. F. A. WERMAN, OF BALTIMORE, SAYS:

Baltimore, Md., March 20, 1902. Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion. About five years ago my right ear began to ring, and this kept on getting worse, until I lost my hearing in this ear entirely. I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever. I then saw your advertisement, accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain Very truly yours, F. A. WERMAN, 720 S. Broadway, Baltimore, Md.

Our treatment does not interfere with your usual occupation. Examination and advice free. YOU CAN CURE YOURSELF AT HOME at a nominal cost. INTERNATIONAL AURAL CLINIC, 556 LA SALLE AVE., CHICAGO, ILL.
