What do you know about your Bible or the Christian religion? It is not enough for educated men to have learned a few Bible stories in childhood, to have acquired a few trite quotations, or to depend on fragments gleaned from the weekly sermon. The educated man who is going to merit a position of leadership in the most vital movements of his community must have some adequate knowledge of the Bible and of religion. This requires study under competent teachers. The Bible College of Missouri offers you your opportunity. See announcement elsewhere in these columns. (adv)
