## EVERYONE CAN HELP TO PROVIDE BOOKS

Funds Solicited to Buy Good Reading Matter for the Soldiers.

### DEFOE IN CAMPAIGN

University Professor is in Charge of Canvass in Six Missouri Counties.

Prof. L. M. Defoe, a member of the State War Library Commission, will have general charge of the work of raising money to provide books for soldiers in training in the United States and abroad, in six counties. Judge James of Andrew County, chairman of the commission has divided the state into districts. The district assigned to Mr. Defoe includes Boone, Audrain, Adair, Randolph, Chariton and Carroll. The work of forming an organization in each of these counties has already been started.

Mayor J. E. Boggs has been made chairman of the committee to carry on the work in Boone County. He has not yet selected the members of the committee.

Mr. Defoe has written letters to each county in his district explaining a plan to be followed in organizing the work. The committee in each will consist of the following:

The mayor of each city—the mayor of the chief city of the county to be chairman of the committee.

The county superintendent of schools who shall be secretary of the committee.

A representative of the Library Board of each town having a public library.

A representative from each newspaper published in the county.

The superintendent of each city school and the principal of each high school in the county.

The teacher of each district school in the county.

For the purpose of making the canvass, the school district is to be made the unit and a solicitation of funds shall be made through the teachers, the children in the schools, and such other persons as shall be designated by the county committee. It is suggested that all men having sons either in the army or in the training camps be requested to assist in the campaign.

The newspapers will be asked to conduct a publicity campaign before the day set for raising the funds. The normal subscription to be asked for per donor is \$1 but smaller or larger amounts may be received.

It is the aim to get some contribution, however small, from every one. It is suggested that the county superintendent send a letter to each teacher requesting that teacher to tell the children in the school the objects and purposes of the fund and to enlist the assistance of every school child in the county work.

The committee will designate a day when the campaign for funds shall be made.

Where the public library boards have already taken some steps toward raising funds it is suggested that the library boards co-operate with the committee in the wider campaign that is intended to reach every family in the county.

### HISTORY TEACHERS TO SERVE

State Organization Formed to Supply War Data.

A committee for historical service of the Missouri Council for Defense has been appointed by Dean F. B. Mumford, chairman of the council. The committee is composed of Prof. Jonas Viles, chairman; Dr. R. J. Kerner, secretary, both of the University; Prof. E. C. Griffith, William Jewell College, and Prof. C. H. McClure, Warrensburg Normal School. Missouri is one of the first states to start a state organization for historical service. The plans that will be adopted by the local committee will be patterned after that used by the National Board for Historical Service. Whenever the Council for National Defense needs any historical information, or wishes a public speaker it applies to this board. The national board is in touch with and knows the specialists in the different fields of historical research. These men are "drafted" into service. In this way correct information is given to the public through public speaking and newspapers. It is the purpose of the state committee to do the same. It will be in touch with the leading history teachers of the state who will be "drafted" by the committee to do any work that the Missouri Council for Defense may ask of them.

As the causes of the war are historical, the history teachers of the United States are naturally interested in it for a pedagogical reason as well as a patriotic one it is set forth by the council. They believe that they know the fundamental reasons for the war and can give the correct causes to the public and thus mold public opinion. They believe that they can educate the public opinion of the war through lectures and pamphlets and newspapers. They desire to supply the public with historical information.

The state committee, in order to stimulate interest among the public school teachers of Missouri is preparing a prize contest to them. The prize will be offered to the best essay on "Why the United States Is at War."

An appropriation of \$300 has been made by the Missouri Council for Defense to pay for the prizes. The prizes will be offered in two groups. (A) To high school teachers, the first prize will be \$75 and four prizes ranging from \$30 to \$10 each. (B) To elementary school teachers, the first prize will be \$75, second prize \$25 and five prizes of \$10 each. The essays are to be sent to Dr. R. J. Kerner, secretary of the Committee for Historical Service of the Missouri Council for Defense, Columbia. The contest will close March 1, 1918. The word limit is 3,000 words. The minor conditions will be announced later.

**Miss King Heads M Women.**  
 The M Women's Association met last night at the home of Miss Ruby Cline, 707 Missouri avenue, and elected Miss Katherine King president and Miss Dorothy Mumford, vice-president. Both are seniors in the School of Education. Preliminary plans for doing national service work this year were made.

**Harrison Brown to New York.**  
 Harrison Brown, who was graduated from the School of Journalism in 1914, and who has been business manager of the El Paso Democrat, a weekly paper at Colorado Springs, Colo., is visiting at his home in Mexico. Mr. Brown has accepted a position in New York.

**Decides Custody of Negro Children**  
 The habeas corpus suit of Mary Brown, negro, Rosedale, Kan., against her former husband, Henry Carter, who lives near McBaine, for the recovery of her two children was decided in the Circuit Court yesterday. She was given the daughter while the son was given to his father.

**Books for Soldiers Increasing.**  
 H. O. Severance, University librarian, is still receiving magazines and books to be sent to the soldiers. A supply of books was sent yesterday morning by Prof. F. F. Stephens. The demand seems to be for late periodicals and for books.

**U. S. Lieutenant Killed in France.**  
 By Associated Press  
 WASHINGTON, Oct. 3.—Lieutenant G. P. Howe of the Boston Medical Corps was killed in action September 28 while on duty with British forces in France, the adjutant general announced today.

**Daughter for Mr. and Mrs. Gibbs.**  
 A girl was born to Mr. and Mrs. Edward Fisher Gibbs of Hartsburg this morning at the Parker Memorial Hospital.

## HUMAN QUALITIES IN A BANK

A modern banking business must be a human institution. Adding machines, typewriters, devices for counting and checking out money are necessary to efficient business—to eliminate the human error. It's easy, however, for a bank to fall into a mechanical existence and become a mere automaton.

The bank that is closest to the life of the community is the one that retains and cultivates its personality.

To cultivate personality is ever the aim of THE BOONE COUNTY TRUST COMPANY.

Our customers justly expect—and have—our personal interest. As advisers in borrowing and lending money, investments; and as administrators, executors, or trustees, we serve in the most personal way.
