## NOTIFICATION SPEECH DENOUNCES LEAGUE

### Lodge Tells Harding Covenant Is Another Name for "Holy Alliance."

### MARION CELEBRATES

### Militant Suffragists Urge the Nominee to Support Suffrage Amendment.

By United Press  
MARION, O., July 22.—Henry Cabot Lodge today, in a speech notifying Warren G. Harding of his nomination for president, denounced the League of Nations covenant as submitted by the President as "another name for the evil combination which was attempted hundreds of years ago by the ill-omened Holy Alliance."

Lodge spoke at length on the League question and praised Harding for his conspicuous part in the defeat of the League as written.

"We have been quite ready to join an agreement to benefit humanity such as The Hague convention," he said, "and for the codification of international law and the establishment of a world court of justice for international conference in regard to non-justifiable disputes and for arrangements to bring about a general reduction of armaments, but when called upon to be an integral part of a permanent alliance of foreign powers; to engage ourselves in all conflicts and disputes of Europe of no interest to us; to put ourselves in a position where the youths of the country could be called to fight and die in disputes not their own, we absolutely decline the proposition." Such has been the policy of the Republican party as represented in the Senate and such its policy shall remain.

"We are certain that you who so largely helped frame the policy will, when the executive authority comes into your hands, carry it out in such a manner that we can fulfill all responsibility to the world without binding ourselves to a League such as submitted by the President."

### Marion Flooded With Visitors.

By RAYMOND CLAPPER  
(United Press Staff Correspondent)  
MARION, O., July 22.—Thousands of visitors are here today to see Senator Warren G. Harding receive official notice of his nomination as the Republican candidate for President.

This is the biggest day in the history of Marion and every effort is being made to make the most of the opportunity.

The notification ceremonies took place in Garfield Park, a public recreation ground not far from the Harding home.

Political leaders from all sections of the United States are here, accompanied by hundreds of friends, Harding boosters and visitors. The official notification committee consists of one member chosen from each state delegation at Chicago. National committees are also present.

Marion put on her gala appearance for the occasion. The streets are lined with flags and bunting. Store windows have fancifully framed pictures of Harding prominently displayed.

For the most enthusiastic there are blaring horns, screeching sirens, clackers and other varieties of noise making devices.

Elaborate arrangements were made to accommodate the tremendous crowds. While many of the visitors are stopping in Columbus and are here only for the day, every hotel is packed to the doors and scarcely an empty room remains in a private house.

### Harding Welcomed by Suffragists.

By United Press

MARION, July 22.—Militant suffragists swooped down on Warren G. Harding today somewhat piqued that he had issued an appeal for the ratification of the suffrage amendment on the eve of their arrival there. The militants had not counted on so sudden a move but are not through with their program. They will ask the candidate to use his influence to secure the ratification of the amendment.

One hundred members of the National Woman's party representing about fifteen states marched to the Harding home. They were led by Mrs. Alice Paul, national chairman.

### SEVEN UNIONS ACCEPT

### Telegraph Operators Refuse to Consider Wage Awards.

### BULLETIN

WASHINGTON, July 22.—Railroad officials today presented to the Interstate Commerce Commission suggestions for ways to meet the \$625,000,000 wage increase granted to railroad employees.

The plans included a 20 per cent advance in railroad fare 20 per cent increase for excess baggage and an additional charge of 5 per cent for parlor and sleeping car accommodations.

By United Press  
CHICAGO, July 22.—Seven unions are reported definitely to have accepted the wage awards made by the United States Railway Labor Board Tuesday.

The Order of Railway Telegraphers positively refused to consider the awards and it was said that an order for a strike vote has been issued.

The Order of Railway Conductors has not determined its attitude. A referendum is said to have been ordered by the railway crafts. Trainers, engineers, switchmen, shopmen, locomotive firemen, engineers, mates and pilots are said to have definitely accepted the awards.

Railway labor executives were in an all night conference last night. The conference was continued today. Indications are that all the unions will ask a referendum, making such recommendations as may be deemed necessary.

### Higher Postal Rates May Come.

WASHINGTON, July 22.—The railroads may ask for higher rates on mail transportation to help meet the \$600,000,000 wage increases awarded by the United States Railway Labor Board, railway executives said here today.

At the Postoffice Department it was said that any increase in mail rates may cause higher postal charges.

By United Press  
WASHINGTON, July 22.—A nationwide round-up of more than 100,000 draft deserters will be started soon by the War Department in an effort to bring to justice those who failed to join the draft army during the war, Adjutant-General Peter O. Harris said today.

Operatives of federal, state and municipal governments are expected to be called upon to assist.

The final list will be published as the first step.

A \$50 reward will be offered for the delivery of the deserter.

Every man on the War Department's slacker list will be subject to military court-martial, General Harris said.

Men on the lists include both those shown by the War Department records to have disregarded the call and the so-called draft evaders who failed to register.

### HARDING CHAMPIONS PARTY GOVERNMENT

### Importance of Cabinet and Vice-President Is Stressed.

### PEACE IS PROMISED

### Nominee Favors Association of Nations Based on Justice and Not Force.

By United Press  
MARION, O., July 22.—Senator Warren G. Harding, in accepting the Republican nomination for President of the United States, said in part:

"No man is big enough to run this great republic. There never has been one. Such domination was never intended. Tranquility, stability, dependability—all are assured in party sponsorship, and we mean to renew the assurances which were rendered in the cataclysmal war.

"Our first committal is the restoration of representative popular government, under the constitution, through the agency of the Republican party. Our vision includes more than a chief executive, we believe in a cabinet of highest capacity, equal to the responsibilities which our system contemplates, in whose councils the vice-president, second official of the republic, shall be asked to participate. We were not seeking to defeat a world aspiration, we were resolved to safeguard America.

"We welcome the referendum to the American people on the preservation of America, and the Republican party pledges its defense of the preserved inheritance of national freedom. I promise you formal and effective peace so quickly as a Republican congress can pass its declaration for a Republican executive to sign.

### For Reduced Armaments.

"I can hear in the call of conscience an insistent voice for the largely reduced armaments throughout the world.

"I can speak unreservedly of the American aspiration and the Republican committal for an association of nations, cooperating in sublime accord, to attain and preserve peace through justice rather than force.

"I wish the higher way to abide, on one explicit condition—that the wage-earner will give full return for the wage received. It is the best assurance we can have for a reduced cost of living.

### For Mutual Understanding.

"The human element comes first, and I want the employers in industry to understand the aspirations, the convictions, the yearnings of the millions of American wage-earners, and I want the wage-earners to understand the problems, the anxieties, the obligations of management and capital, and all of them must understand their relationship to the people and their obligation to the republic.

"We hold the majesty of righteous government, with liberty under the law, to be our avoidance of chaos, and we call upon every citizen of the republic to hold fast to that which made us what we are, and we will have orderly government safeguard the onward march to all we ought to be.

"We do hold to the right to crush sedition, to stifle a menacing contempt for law, to stamp out a peril to the safety of the republic or its people, when emergency calls, because security and the majesty of the law are the first essentials of liberty.

"We do not oppose but approve collective bargaining, because that is an outstanding right, but we are unalterably insistent that its exercise must not destroy the equally sacred right of the individual, in his necessary pursuit of livelihood.

### Transportation Needs.

"The importance of the railway rehabilitation is so obvious that reference seems uncalled for. We are so confident that much of the present-day insufficiency and inefficiency of transportation are due to the withering hand of government operation that we emphasize anew our opposition to government ownership. We want to expedite the reparation, and make sure the mistake is not repeated.

"Water transportation is inseparably linked with adequacy of facilities, and we favor American eminence on the seas, the practical development of inland waterways, and up-building and coordination of all to make them equal to and ready for every call of developing and widening American commerce.

"We will attempt intelligent and courageous deflation, and strike at government borrowing which enlarges the evil, and we will attack high cost of government with every energy and facility which attend Republican capacity. We promise that relief which will attend the halting of waste and extravagance, and the renewal of the practice of public ownership.

### Small Farm Ownership.

"Our platform is an earnest pledge of renewed concern for this most essential and elemental industry, and in both appreciation and interest we

### BRYAN'S NOMINATION BY DRYS IS SURPRISE

### LATTER IS SILENT

### Prohibitionists Seek New Candidate if Commoner Refuses Place.

By United Press  
COLUMBUS, July 22.—Chieftains of the Cox camp are seeking to have William Jennings Bryan decline the nomination of the Prohibition party. The nomination came as a bombshell to the Cox supporters. The Commoner alone of the Democratic leaders has not assured Cox of his support because of the apparent belief that the nominee has "wet" sympathies.

Democratic politicians admit that Bryan, if he should desire to, could by threatening to take the nomination bring pressure to bear on Cox for a dry stand. Cox this morning declined to comment on the nomination.

### Looking for Another Candidate.

By United Press  
LINCOLN, July 22.—The national Prohibition convention cast about for another presidential possibility after Bryan's reported refusal to run after he had been nominated by acclamation. Party leaders today continued their efforts to have Bryan change his attitude and make the race.

### MANY ORDINANCE VIOLATORS!

### Chief of Police Reminds Columbians of Weed Regulations.

There is a city ordinance that is broken in Columbia every day, according to J. L. Whitesides, chief of police. It is the weed ordinance. This ordinance requires Columbians to cut the weeds on their property.

"Weedy yards and lots are a nuisance and a blot upon the good appearance of the city," says the chief of police. "People in Columbia will save themselves and the city time, trouble and expense if they will mow the weeds on their property."

### Mail Boxes to Be Painted Soon.

Aldus R. Palmer.

### BABY TESTS FINISHED

### Prizes Will Be Awarded at 10 O'clock Tomorrow Morning.

The final measuring of heads, counting of ribs and testing of lungs of entries into Columbia's Baby Show was held today. Diminutive maidens objected strenuously and characteristically when they approached the scales. Small boys expanded lustily when doctors and nurses applied the tape measure to their chests. One small boy was ready to fight every doctor in the clinic at Stephens College when they began applying measuring stick and tongue depression to his little brother.

The announcement of the prize winners will be made at 10 o'clock tomorrow morning in the main tent of the chautauqua on the Stephens College Campus. An entertainment has been arranged to precede the announcement of the prizes. An admission of 10 cents will be charged to everyone except the mothers of babies entered in the show. The fee is to help defray the expenses of the show.

The mothers of Columbia and Boone and adjoining counties responded eagerly to the chance to have their babies thoroughly examined and to enter them in competition against other babies of the community. One woman in Rocheport got up this morning, did all her work, cooked dinner for the threshers and arrived in the parlors of Stephens College with the baby exactly on time for examination.

A duplicate record of a baby examination will be mailed to each mother next week who sends 25 cents to help pay for it. The printing of the cards costs about 20 cents and the rest is for postage and mailing expenses. Mothers who wish these cards should mail the request with the name of the baby, its class and 25 cents early next week to the baby editor of either the Daily Tribune or the Evening Missourian.

### COUPLE ARE MARRIED IN HOSPITAL TODAY

### Mrs. Margaret McKee, Recently Operated On, Not Able to Go Home.

### GROOM WAS OFFICER

### Col. H. T. Ferguson Served 32 Years and Was Retired in January, 1919.

The wedding of Mrs. Margaret McKee, daughter of Judge G. W. Trimble, and Colonel H. T. Ferguson took place at 10 o'clock this morning at Parker Memorial Hospital. The ceremony was performed by the Rev. S. S. Keith of the Baptist Church in the presence of their immediate relatives. The wedding was to have been in October, but because it was possible for the father of the bridegroom to be present at the wedding now, the date was moved up.

The bride was recently operated on for appendicitis and is not yet able to be moved to her home. Mrs. Ferguson was born and reared in Columbia of an old southern family, and is well known in this community.

Colonel Ferguson was graduated from West Point in 1890; served thirty-two years in the regular army, and was retired from active service at his own request in January, 1919, while colonel of the Thirty-Seventh Infantry. He was born in St. Louis County and raised in Pennsylvania. From that he was sent to West Point. Colonel Ferguson will leave shortly for his orange grove at Arcadia, Fla., and will return to Columbia in October for his wife and stepson, Duncan McKee.

Colonel Ferguson's stepfather, Captain John Tonkin of Oil City, Pa., was present at the wedding.

### TENANTS IN PROTEST

### Renters of Guitar Building Believe Increased Rents Too High.

The tenants of the Guitar Building held a meeting at the County court house this afternoon to protest against a raise in rents made by the owners. N. T. Gentry acted as chairman, and F. G. Harris, secretary of the meeting. The tenants complained of a raise in rent in the last year varying from 50 per cent to 100 per cent.

James W. Schwabe, who is a stockholder in the company owning the building, and also a tenant, contended that the owners had previously rented the building at a rate so low that each year they lost money. He justified the increases on the ground of increased cost of operations.

The other tenants were of the opinion that the increases proposed were more than could be justified.

Mr. Schwabe stated that the books of the company were kept by W. P. Conley, manager of the building, and that the owners would welcome investigation of their accounts.

A motion was passed that the chairman appoint a committee to act with him in investigating the accounts of the manager of the building, and to confer with the board of directors. Mr. Gentry then appointed Dr. H. F. Glick, E. C. Anderson, Wm. H. Sapp and Lakeman M. Price. The committee was authorized to call another meeting of the tenants as soon as their report was ready.

Mr. Conley said later that the company stands ready to lease the building to any person who will guarantee seven per cent interest on the money invested. The cost of operation for the last year was \$11,900 of which only \$1,800 was charged off for depreciation. The net loss on the building last year, according to the annual statement of the company, was \$2,800.

### AUTOMOBILE RUNS INTO RIVER

### Three Persons in Car Rescued By Dr. J. A. Cannaday.

Mrs. J. A. Cannaday and her five-month-old daughter, and Mrs. Sara Yarnell, all of Sedalia, were in the car. Dr. J. A. Cannaday was with the party but had stepped out of the car. He leaped in the river immediately and succeeded in rescuing the three uninjured. The automobile has been recovered.

The party left for Sedalia today.
