R. I. & T. REDUCED RATES THROUGH TERRITORY

Ever since the construction of the M. & T. Ry. through the Indian Territory, the local passenger rate between stations in the Indian Territory has been on the basis of five cents a mile. The customary rate of passenger fares on railroads, except in sparsely settled country, is three cents a mile. The population of the Indian Territory during the past few years has grown rapidly; there has been a large increase in passenger traffic on this account, and the Katy officials recognizing the wants of the people and the justice of so doing, have voluntarily arranged to reduce the local passenger rate to a basis of three cents a mile. This reduction will take place on or about November first. There will be great rejoicing among the residents along the line of the M. & T.

Through to Harrison. On April 15th, the St. Louis and North Arkansas Railroad was formally opened to Harrison, Arkansas, establishing in connection with the Priceville from Seligman direct railway communication with some of the richest land and mine fields yet discovered.

The territory traversed by the new line presents perhaps the most remarkable panorama of rugged mountain ranges and fertile valleys to be found on the American continent. A trip to Harrison is well worth the time so spent, either from a commercial or a sight-seeing standpoint.

NEWS OF THE RAILWAYS.

The Rock Island's proposition for cheap rate excursions to and from Colorado during this summer has been negatived by the Western Passenger Association. In consequence notice was served yesterday on Chairman McLeod by General Passenger Agent Sebastian that the Rock Island will take independent action and put in effect a rate of one fare plus \$2.00 for the round trip from Chicago and all intermediate points east of the Missouri river to Denver, Colorado Springs, Pueblo, Salt Lake City and Ogden. Tickets at this rate will be sold on June 27, July 8 and 11 and August 1. From Missouri river points the same rate will be made on the days following those dates. Tickets at this rate also will be sold from Missouri river gateways, Kansas City to Omaha, inclusive, on July 1, 8 and 9. Four special excursions will also be run by the Rock Island from Colorado common points to Chicago and intermediate stations on June 22, July 12 and 20 and August 4. These excursion tickets, both east and west bound, will be limited for return passage to October 31. The Rock Island announces its intention of placing in service special trains for these excursions, leaving Chicago at 8 p. m. and making the run to Colorado with only one night on the road-Chicago Tribune.
