Mrs. Weisslitz, Buffalo, N. Y., cured of kidney trouble by Lydia E. Pinkham's Vegetable Compound.

Of all the diseases known with which the female organism is afflicted, kidney disease is the most fatal. In fact, unless prompt and correct treatment is applied, the weary patient seldom survives.

Being fully aware of this, Mrs. Pinkham, early in her career, gave careful study to the subject, and in producing her great remedy for woman's ills—**Lydia E. Pinkham' Vegetable Compound**—made sure that it contained the correct combination of herbs which was certain to control that dreaded disease, **woman's** kidney troubles.

Read What Mrs. Weisslitz Says.

"DEAR MRS. PINKHAM:—For two years my life was simply a burden, I suffered so with female troubles, and pains across my back and loins. The doctor told me that I had kidney troubles and prescribed for me. For three months I took his medicine, but grew steadily worse. My husband then advised me to try **Lydia E. Pinkham's Vegetable Compound,** and brought home a bottle. It is the greatest blessing ever brought to our home. Within three months I was a changed woman. My pain had disappeared, my complexion became clear, my eyes bright, and my entire system in good shape."—MRS. PAULA WEISSLITZ, 176 Seneca St., Buffalo, N.Y.—*$5000 forfeit if original of above letter proving genuineness cannot be produced.*

FEED HER RIGHT.

he Sure Way to Rear a Healthy Girl.

The relation of food to comfort and ealth impressed an Iowa teacher, who ys:

"After teaching school for several years became a victim of insomnia and night fter night it was 3 or 4 o'clock in the orning before I would fall asleep cometely worn out. Of course I lost rength and brain power and became rribly nervous until I was on the verge nervous prostration.

"bout that time I read an article at Grape-Nuts that convinced me that trouble was due to indigestion, someing I had never thought of before. I t two boxes of Grape-Nuts and began use them for breakfast and supper ith good rich cream. Well, the change as something wonderful and my health ame back in bounds.

"Grape-Nuts took the place of nonourishing food, and I am now better in ealth, brain power and spirits; sleep ell and work longer and harder and ever feel nervous or worried. When I ave finished my school session I still feel have lots of reserve force and energy ft and when I go to bed at night I get ound and refreshing sleep and get up rly, happy as a lark.

"I have had numbers of my scholars try e food and I must tell you about one se. She was a puny, nervous little girl d her mother told me she did not eat ough to keep a bird alive. All she anted was candy and other trash. When told her mother about Grape-Nuts food e followed my advice and its effect upon is child, shown in the awakened energy the body and mind, was simply wonrful. Her school work became entirely tisfactory and she gained in bodily rength, lost all her nervousness, and on became a rosy, chubby young miss." ame given by Postum Co., Battle Creek. ich.

HOUSE WILL IGNORE MOTION TO ADJOURN

Speaker Cannon Is Determined Not to Agree to the Senate's Programme.

UPPER BODY CRITICISED.

Failure to Pass Cuban Reciprocity Bill at Special Session Is Regarded as Direct Reflection on Roosevelt.

HALE SAYS CANADA WILL BECOME PART OF UNION.

Washington, Nov. 23.—Senator Hale to-day went on record in the Senate as believing in the ultimate annexation of Canada by the United States. He said:

"I have little doubt that men now listening to me will see the time when Canada will become an integral part of the United States. If his plan is carried out by the most adventurous of British politicians of colonial preference, a tariff war will be inaugurated between Great Britain and the United States and this English politician will seek to set Canada up as a great rival to us, an agricultural rival. Out of that will arise conditions, discussions and considerations that will end one of the two peoples. But we do not invite Great Britain to send Canada to join us and join the Union. She is too large a Power."

Washington, Nov. 23.—While no proposition has been transmitted to the House from the Senate looking toward an early adjournment of the extraordinary session of Congress, this matter was the subject of several conference to-day between leaders of the House and Speaker Cannon.

There was but one sentiment expressed, and that was that adjournment ought not to be taken until the Cuban measure was finally disposed of, or extra session lapsed into the regular session.

With this view of the case, the tentative programme of the House will be to adjourn for three days at a time.

There is some criticism expressed by House leaders regarding the published programme of the Senate to take a vote on the Cuban bill on December 16 and adjourn the present session within a few days.

Such action is declared to be a reflection on the President, who assembled Congress in extra session and emphasised the necessity of immediate action on the Cuban measure. Should the Senate transmit to the House a resolution for adjournment of the special session, the present disposition of that body will be to ignore the resolution on the ground that there is not a quorum present to consider it.

SENATE WILL VOTE DECEMBER 16.

Cuban Reciprocity Bill Goes Over Till the Regular Session.

Washington, Nov. 23.—Panama and Cuba engaged the attention of the Senate to-day to the exclusion of all other questions.

Mr. Hale moved to reconsider the vote by which the Newlands joint resolution for the annexation of Cuba was referred to a committee, and several speeches were made on the motion without disposing of it.

Messrs. Hale and Platt of Connecticut disavowed any desire on the part of the United States to acquire Cuba, and expressed regret that the resolution had been introduced. Mr. Newlands defended the measure as presenting a natural solution of the problem of the relationship between the two countries.

The Panama question came up in connection with the announcement of reorganization of the Senate committees, Mr. Morgan (Democrat) of Alabama, being removed from the chairmanship of the Committee on Interoceanic Canals. Before the order went into effect, Mr. Morgan took the floor and his speech proved to be a discussion of the entire canal question, with liberal criticisms of the President for his course. He had not concluded when the Senate adjourned, and will proceed tomorrow.

Before adjournment the Senate unanimously agreed to vote on the Cuban bill December 16 next.

CENTENNIAL OF "PURCHASE."

President Invited to Attend Ceremonies at New Orleans.

Washington, Nov. 23.—Senators Foster and McEnerny and Representative Meyers of Louisiana to-day presented to the President formal invitations from the Governor of their State and the Louisiana Historical Society, to attend on December 19 next the ceremonies incident to the celebration of the centennial of the transfer to the United States of the Louisiana Purchase.

The celebration is to be held at New Orleans in the Cabildo, the identical building in which the transfer of the vast tract of country took place, and will be very elaborate.

President Roosevelt expressed doubt of his ability to attend the celebration, on account of his public duties, but promised to take up the matter with members of his Cabinet, indicating that one or more of them might attend.

Invitations have been extended to the Cabinet, and to the French Ambassador and to the Spanish Minister to participate in the celebration.

WED IN A PUBLIC STREET.

Lewis Paris and Miss Mahanney Dispense With Conventionalities.

REPUBLIC SPECIAL.

Columbia, Mo., Nov. 23.—Mr. Lewis M. Paris and Miss Mary Lee Mahanney were married in Columbia to-night shortly after dark sitting in their buggy on one of the principal streets. The best man held the horses, while the preacher, the Reverend W. T. Maupin, stood on the ground by the buggy and performed the ceremony. The couple did not leave their seats. A large crowd was attracted. The couple live a few miles east of two.

TRIED TO KEEP WEDDING SECRET.

Wanted to Announce Marriage Christmas.

REPUBLIC SPECIAL.

Taylorville, Ill., Nov. 23.—The news of the wedding of Miss Eva Campbell of Mossonville to Mr. George Craig of Ricks Township leaked out to-day. They were married October 15 in Indianapolis and wanted to announce their wedding Christmas. The bridegroom will then be through the Indianapolis University.

Militiamen to Participate.

REPUBLIC SPECIAL.

Paducah, Ky., Nov. 23.—Adjutant General Murry has issued an order directing that 1,200 members of the State Guard participate in the inauguration of Governor Beckham on December 8. This includes the Wheeler Guards of Paducah.

Fire at Virden, Ill.

REPUBLIC SPECIAL.

Virden, Ill., Nov. 23.—Eugene Twitchell's brick building, on the side of the square was burned early this morning. The building was occupied by Parks Bros.' harness shop and Mr. Twitchell's bicycle shop. Loss $3,000; insurance $2,000.

MANY ACRES SWEPT BY FOREST FIRE.

Costly Conflagration Started by Boys on a Hunting Trip.

TRIED TO SMOKE OUT RABBIT.

Trees on R. J. Lackland's County Estate Destroyed and Several Homes Were Endangered.

While trying to smoke a rabbit out of a log, several boys from St. Louis set fire to trees on the property of Rufus J. Lackland, president of the Boatmen's Bank, on the Lackland road in St. Louis County, and burned thirty acres Sunday afternoon.

The boys were out for an afternoon's sport with their dogs and chased a rabbit into a hollow log. After prodding the bunny with sticks trying to get him to leave his haven of refuge, they gathered dry grass, which they stuffed into one end of the log and set fire to it.

The flames spread to the grass around the log and then to the trees. The boys succeeded in smoking their game out and started off in chase, according to O. P. Baldwin of Ritenour Hill, and forgot about the fire.

On account of the dry condition of vegetation in St. Louis County, the flames spread rapidly from one tree to another until the entire thirty-acre forest tract was enveloped.

Persons living in the vicinity turned out to fight the fire, fearing that it would spread to their property. As there was no water and no means of getting assistance from any fire department, they had to resort to the crude method of beating the flames back with pieces of brush.

The homes of Frank S. and William Spencer were in the most danger during the fire. Both are close to the forest, and, to keep it from spreading across the prairie, they called for volunteers with teams and plows. The ground was hurriedly plowed and their homes saved from destruction.

The fire started Sunday afternoon about 2 o'clock and was burning yesterday morning, although most of the trees had been burned by that time, and the vigilance of volunteers prevented the flames from spreading.

It was said yesterday that it would be impossible to estimate the loss. The trees were on the ground of Mr. Lackland's country home in St. Louis County, and he prized the forest more for its natural beauty than its commercial value.

The rabbit escaped.

GOV. ODELL SETS ZIEGLER HEARING.

New York Executive Will Hear Arguments on Extradition on November 30.

Albany, N. Y., Nov. 23.—Governor Odell to-day set Monday, November 30, as the day for a hearing upon the extradition of William Ziegler of New York, for whom the Governor of Missouri has made requisition.

Ziegler has been indicted in Cole County, Missouri, upon charges of having supplied $8,500 with which to bribe members of the Missouri Legislature in connection with the alum deal.

Attorney General Crow of Missouri is expected here to argue in favor of extradition.

MEYSENBURG CASE QUASHED IN ACCORDANCE WITH RULING

Supreme Court Held That Indictment Charging Bribery in Suburban Deal Was Faulty.

The case against Emil A. Meysenburg, which was reversed and remanded by the Supreme Court, was dismissed by Judge McDonald yesterday morning. Meysenburg was charged with bribery in connection with the Suburban Railway bill deal.

Assistant Circuit Attorney George Fickeissen, when the case was called in regular order on the docket, announced to Judge McDonald that he was instructed to agree to the dismissal of the case.

"This is the case," said Fickeissen, "which was reversed and remanded by the Supreme Court on the ground of insufficient indictment. It was redocketed when sent back by the Supreme Court. As the Supreme Court has held that the indictment is faulty, and no other indictment has been found, the State is not ready to proceed and the case will have to be dismissed."

Attorneys Fred W. Lehman, Morton Jourdan and Thomas J. Rowe appeared as counsel for Meysenburg.

Circuit Attorney Folk announced after the reversal by the Supreme Court that the case would again be presented to the Grand Jury. Up to this time, however, it is understood that no Grand Jury has acted upon the case. Mr. Folk declared yesterday that Judge McDonald's action in dismissing the case was only a matter of form and would not prevent the filing of another information or a second indictment against the defendant.

Meysenburg was a member of the City Council when the Suburban Railway bill, known as Council Bill No. 44, was introduced. The indictment returned, with those against John K. Murrell and Charles Kratz, charged that Meysenburg accepted $9,000 for his vote on the measure.

Meysenburg denied the charge and stated that he had sold to the Suburban certain stock in an electrical company, and that the deal had nothing to do with his action on the Suburban measure.

The Meysenburg case was the first of the boodle cases tried. The jury found him guilty and his punishment was fixed at three years' imprisonment in the Penitentiary. The opinion rendered by one member of the Supreme Court in reversing the case last spring caused considerable comment because of the censure for the lower court.

BOOTH TARKINGTON'S NEW STORY

Is only one of the striking features of Everybody's Magazine for December. Every page is alive with live subjects. Just out—ten cents.

ALL DEMANDS ARE GRANTED, BUT STRIKE IS CONTINUED.

Northern Colorado Operators Hope That John Mitchell May Be Able to Make the Men Work.

Denver, Colo., Nov. 23.—With the opening of the third week of the miners' strike the shut-down in the Northern Colorado coal fields was made complete by the closing of the independent mines in accordance with the decision reached by the union on Saturday to make the strike general for the purpose of aiding the Southern miners.

The Northern operators, who had conceded practically all the demands of the unions, now await the coming of President John Mitchell of the United Mine Workers, hoping that he will be able to force a settlement in the North. The Southern operators seem to be irrevocably fixed in their determination not to deal with the unions.

AFRICAN PIGMIES ASSURED FOR FAIR.

Doctor Verner of Anthropological Department Sails From New York for Congo.

TO JOURNEY ON HORSEBACK.

Mission Considered One of Most Difficult and Dangerous of Assignments for the Exposition.

An exhibit of African Pigmies at the World's Fair is practically assured. The Reverend Samuel P. Verner of Tuskaloosa, Ala., who is heading the expedition sent out by the Anthropological Department to secure the Pigmies, has sailed from New York and will reach Laspalmas not later than December 15.

At Laspalmas, which is situated on the west coast of Africa, he will equip his little band for its journey into the heart of Congo. The journey will be made on horseback, by boats on the river and on foot through the forests of Central Africa.

Before departing from New York Doctor Verner mailed a report of his completed plans to the Anthropological Department. He was joined at the metropolis by two native Africans, who will accompany him and serve as interpreters and guides.

These Africans are young men whom Doctor Verner brought to this country from Congo a few years ago when he traveled through the interior gathering material for his book, "Development of Africa." Doctor Verner will treat with the Powers controlling the Pigmies as special agent of the Anthropological Department of the World's Fair.

The mission is considered one of the most difficult and dangerous of all World's Fair assignments. Members of the expedition will not only have to cope with the dangers of an unhealthy climate, but will pass through a country inhabited by hostile tribes and wild animals.

Even if the party arrives safely at its destination, the matter of inducing the Pigmies to come to St. Louis will be difficult.

It will be hard to persuade them to leave their country, and diplomacy will be required in dealing with the Portugese and British officials, who govern the countries in which they live. It is feared that these officials will raise objection to having the natives exported, even for a short time, and with a sure guarantee of their safe return.

EIGHTEEN SPECIMENS.

According to the present plans the Pigmy exhibit will consist of eighteen specimens, chozen with the view of showing the characteristics of the people. Doctor Verner is instructed to bring, first of all, one Pigmy patriarch, old in years and the head of a tribe.

If possible he is to bring the wife of the patriarch, and a young married couple, the latter to be if possible the son and daughter-in-law of the patriarch. Then he must secure a boy, a girl and two infants.

Further the instructions are for four more adults, to be young and including a priest and priestess. All these specimens must be from the Batwa and Tucki tribes. One fine type of Red African from Ndombe; three more red Africans and two more natives, each of distinct tribes complete the list.

The town of Ndombe in Central Africa will be the basis of operations for the expedition. It is expected that the party will reach there about February 1. It will remain one month, assembling the exhibit and arranging for its transport to the coast. The itinerary provides for reaching Laspalmas on the return trip about April 1.

From Laspalmas the expedition will sail for New Orleans, reaching that port not later than April 20. The rest of the trip will be made by boats up the Mississippi River. By the latter date it is thought the expeditions from Patagonia, Central America, and other distant sections of the globe will have reached the World's Fair City.

WAREHOUSE CONSTRUCTION BEGUN

General Service Company Will Construct Big Building at Fair.

The General Service Company yesterday started the construction of its horse hospital, its shoeing shop and bonded warehouse on the World's Fair grounds. The building site is at the west extremity of the grounds, just south of the Brent farm.

It is the purpose of the company to own and operate its blacksmith, wagon-repair and harnessmaking plants. It will have also its own veterinary surgeon. The company has already on the grounds a stable capable of accommodating 225 horses.

The hospital will be 40x60 feet, and will contain twelve box stalls, in which sick horses may be nursed, and at the same time isolated from the rest of the stock. The warehouse will be 100x400 feet and will contain merchandise in bond. In addition the company will erect five warehouses for empty packing cases.

Because of scant terminal facilities the General Service Company has planned to assist the operating department of the World's Fair Terminal Railroad by unloading cars outside the Exposition grounds. The wagons will be sent to various sidings and storage tracks outside the gates, where cars are sidetracked.

SPANISH MINISTRY QUESTIONED.

Carlist Deputy Reminds Chamber of "Wrongs" Inflicted by United States.

Madrid, Nov. 23.—In the Chamber of Deputies to-day a Carlist member interpellated the Government in reference to the sending of the cruiser Rio de la Plata to New Orleans in connection with the St. Louis Universal Exposition, reminding the Chamber of the "wrongs which Spain had suffered at the hands of the United States."

Senor Cobain, replying to the interpellation, said that the conclusion of a treaty of peace and amity had re-established the diplomatic relations of the two countries, and, as a friendly nation, the United States had invited Spain to participate in a festival instituted in the cause of civilization.

APPOINTS JOHN HETHERINGTON.

Landscape Expert Will Take Charge of Philippine Tract.

Arthur E. Anderson, architect of the Philippines buildings at the World's Fair, with the approval of Doctor W. P. Wilson, president of the Philippines Commission, yesterday appointed John Hetherington to take charge of the landscape, horticulture and bedding work on the forty-two-acre Philippines tract.

Hetherington was connected with the landscape department of the Pan-American Exposition. His first work here will be gathering in accessible places on the Philippines reservation a collection of shrubs to be replanted in the spring. He will also superintend the transplanting of large trees.

ROOSEVELT SUMMONS ODELL.

New York's Governor Hastens to National Capital.

New York, Nov. 23.—Governor Odell arrived here to-night en route to Washington, where he is to see President Roosevelt. He left the city at midnight. When asked if he would give the reasons for his trip to Washington, Governor Odell said:

"I received an invitation yesterday from the President asking my presence in Washington."

Durham Appointed Receiver.

Kansas City, Mo., Nov. 23.—The Federal Court here to-day appointed E. R. Durham, United States Marshal, receiver to adjust the affairs of T. F. B. Sotham, the Hereford breeder of Chillicothe, Mo., who last week filed a petition in bankruptcy, giving his liabilities as over $150,000.

Going to California?

If you had not thought of it, why not make plans now to go?
If you are going, we have just a word about getting there:

There is **only one road** that takes you up in Kansas City and puts you down in either Los Angeles or San Francisco without the aid or consent of some other. This one railway is the **Santa Fe.** It is the only line under one management from Kansas City to the Coast, which fact insures uniform and efficient service.

We will, on request, mail to you free a book and a booklet. The book tells about scenes along the Santa Fe Trail to California; the booklet describes the California Limited. Scenery finest in America; train best in the world.

Daily service of the California Limited begins November 29; Kansas City through to Los Angeles, San Diego and San Francisco, via **Santa Fe all the way.** We would suggest that reservations be made early.

If you would like to receive the literature mentioned, just fill out this coupon and mail it to my address:

Please send me California and Limited Train Literature.

TO BAR CAMERAS WITH TRIPODS.

Hand Kodaks May Be Carried Into Fair Grounds Without Charge.

Amateur photographing enthusiasts throughout the country have deluged Exposition officials with letters asking for information regarding the privileges which persons with hand cameras will have at the World's Fair. They desire to know whether any one outside the official photographer will be allowed to take Exposition views.

The rules regarding small instruments, coming under the head of hand cameras, has not been definitely decided upon. It is positive, however, that no camera requiring a tripod will be permitted in the grounds, other than those owned by the photograph concessionaire and newspapers and periodicals which have special permits from the Concessions Department.

At the Chicago Columbian Exposition hand cameras were allowed in the grounds provided their owners paid a fee of $1 each day. There the kodak feature was under the control of the official photographer, and he issued and sold the daily permits to amateurs. Here the concessionaire will have nothing to do with issuing permits for small cameras.

Up to date all cameras, without tripods, have been allowed in the grounds without charge. As to whether this will continue when the Exposition opens lies with the Division of Concessions and Admissions. It is probable that a fee will be charged during the Exposition period, though this has not been definitely decided upon.

ELOPED WITH HER COACHMAN

Princess Alice Has Been Missing Since November 9.

HERALD AND THE ST. LOUIS REPUBLIC SPECIAL BY CABLE TO THE NEW YORK HERALD.

London, Nov. 23.—(Copyright, 1903.)—A Berlin despatch to the Daily Mail says:

"According to absolutely reliable information the Princess Alice, wife of Prince Frederick Ernest of Schoenburg-Waldenburg, has completely disappeared since November 9. Her coachman is also missing.

At Dresden, where the Princess used to reside, it is generally supposed that the Princess and her handsome coachman have eloped. Since their disappearance it has come out that the relations between them were not at all those of mistress and servant.

The Princess is 27 years of age and is a daughter of Don Carlos. She married Prince Frederick Ernest in 1897, one son being their issue.

Her sister, Princess Elvira, created a sensation some years ago by eloping with the painter Folchi, whereupon Don Carlos repudiated her, declaring, "She is no daughter of mine."

HARRIGAN TO PLAY AT WORLD'S FAIR.

Celebrated Irish Actor Will Present "Lorgaire" and Other Irish Plays at Exposition Theater.

REPUBLIC SPECIAL.

New York, Nov. 23.—Edward Harrigan, whose portrayal of Irish characters is worldwide, to-day signed a contract with Mr. James A. Reardon to manage and play the leading parts in a series of Irish plays to be presented in the Irish theater at the World's Fair next year.

Mr. Harrigan will be ready to present "Lorgaire" on the night of the opening day of the big show. This play was produced for 135 nights in New York about ten years ago.

Mr. Harrigan has not yet decided what the other productions will be, but he has promised Mr. Reardon that all will be distinctly Irish and will be produced by the best players that can be gotten together.

Many of the members of Mr. Harrigan's present company will take parts in the series, and, in addition, Mr. Harrigan will immediately open negotiations with actors and actresses of Irish birth with a view to engaging them in the United States.

Mr. Harrigan will have entire charge of the productions and will be aided by Martin Hanley, assistant stage manager; Robert J. Cutler, theatrical mechanic, and J. Dodd, the scenic artist.

Too Much Smoke to Hunt.

REPUBLIC SPECIAL.

Houston, Tex., Nov. 23.—Dense clouds of smoke from forest and prairie fires which have enveloped the territory for days, broke up a hunting party in which John W. Gates and his son of Chicago had joined Colonel Moody of Galveston at Enterprise. Ducks and wild geese squawked all about the hunters, but so dense was the smoke, they could only fire at random.

BOY UNDER WAGON'S WHEELS.

Frank Verling Sustains Serious Injuries in Accident.

In attempting to cross the street in front of a wagon driven by Edward P. Barrett at noon yesterday, Frank Verling, 13 years old, fell under the wheels and was seriously injured. He sustained several lacerations of the face and neck, bruises on the shoulders and a fracture of the right thumb and index fingers.

Verling was picked up unconscious and carried to his home, No. 1541 North Fourteenth street. Doctor William H. Voght dressed the boy's injuries. Barrett, the driver, was not arrested, witnesses declaring that the accident was unavoidable.

There's nothing so bad for a Cough as Coughing
