WARNER'S CANDIDACY COSTLY TO KERENS

Former National Committeeman Has Only Three Votes in Jackson County.

SWANGER TALKS BY ACTS.

While Announcing Neutrality, He Prefers the Company of Neidringhaus Headquarters to Any Others.

If propinquity signfies, Secretary of State-elect John E. Swanger favors State Chairman Thomas K. Niedringhaus for United States Senator. His headquarters at the Laclede Hotel yesterday were adjoining those of the State chairman, and he spent most of the day there and at the headquarters of the State Committee in the Commercial building.

During part of the day he was in consultation with Auditor-elect W. W. Wilder of Ste. Genevieve. They discussed appointments, looked over their correspondence, and finally gave up in despair. They said they were taking no part in the senatorial fight. However, when they departed for Jefferson City last night, the politicians were busy figuring them lined up for Niedringhaus and more than one applicant for an appointment was taking a reef in his sails accordingly.

State Senator-elect A. E. L. Gardner of St. Louis County was in charge of the Niedringhaus headquarters yesterday and received numerous visitors. One Democratic member of the present House of Representatives even managed to follow the old tracks to the old headquarters of the Democratic State Committee and discussed the changes that had taken place. He was Representative John W. Farley of Platte.

All the opponents of R. C. Kerens were "taking notice" of the announcement of Major William Warner of Kansas City for the senatorship. It was remarked as very significant that the telegram asking him to announce himself was signed by three members from Jackson County—Senator Clarke and Representatives-elect Moss and Lyons.

Heretofore, the friends of Kerens have been claiming five votes and "probably" six votes from Jackson County. The Warner telegram effectually disposes of this claim, for, if the Warner candidacy means anything, it means that three of the Jackson County members are opposed to Kerens.

FAILED TO LINE UP.

News also leaked out yesterday that Keren's friends have failed to line up their men in the Fifteenth District. Last week Senator McIndoe of Joplin sent out invitations to the members elect in the Fifteenth District asking them to hold a caucus in his offices last Saturday to discuss the senatorial situation.

Friends of Kerens boasted that when the caucus would be held a pronunciamento would be issued telling how solid the Fifteenth was for the former National Committeeman. Another fatal step, for when the caucus was held only McIndoe and two members elect who live in Jasper County were on hand. Not a man from outside of the county appeared.

Naturally no pronunciamento was issued, and it is not certain that all of the Jasper County people will be for Kerens. It is certain that all of the Fifteenth District members will not. The Fifteenth District Republicans are supposed to be for Roosevelt, and they do not care to be put in the attitude of favoring the election of a Senator who is distasteful to the President.

The "switching" of Dr. James Stewart of Warren County was discussed freely among the Republicans yesterday. Some of his old friends claimed that the change of heart from Niedringhaus to Kerens on such short notice was not surprising.

According to them, he had formerly said that he was for D. Pat Dyer first and L. F. Parker second. A close personal friend of Kerens said yesterday that undoubtedly Stewart would remain fixed this time and would not switch any more. Friends of the other candidates express the same opinion now.

A friend of Stewart from Warren County said that Stewart had talked much about his friendship for Roosevelt during the campaign and had remarked to him more than once that Roosevelt's majority in this State should put the party on record as favoring anything the President wished done. If this is the case, the change is all the more remarkable.

HEADQUARTERS FOR WARNER.

Campaign for Senatorship to Be Conducted From Kansas City.

REPUBLIC SPECIAL.

Kansas City, Mo., Dec. 7.—It was announced this evening that offices are to be opened in the Century building, from which the campaign of Major William Warner for the United States senatorship will be directed.

This announcement was made following the statement sent by Major Warner from Washington yesterday, in which he said, in response to a telegram sent by his friends in Kansas City, that he would consent to having his name presented to the Republicans in the General Assembly for the seat soon to be vacated by Senator Cockrell.

For the present, C. E. Moss, Representative elect, will take charge of the Warner headquarters. He will be assisted by C. W. Clarke, State Senator.

CLARKE MAKING APPOINTMENTS.

Sheriff Elect Will Put Patrick Regan in Charge of Four Courts.

It was said among the Republican politicians yesterday that Patrick Regan of the Twenty-third Ward would be Chief Deputy Sheriff at the Four Courts under Patrick H. Clarke. Mr. Regan is now a Republican clerk at the office of the Board of Election Commissioners.

John D. Becker is also said to be slated for service as Deputy at the Courthouse. Mr. Becker lives in the Second Ward, and was formerly in the office under Sheriff Pohlman. He is one of the most popular Republicans of the Second Ward.

William Budde, City Committeeman from the Sixteenth Ward, will be Execution Deputy, and Joe Kolly will have charge of the prisoners taken to Jefferson City. No selection has been made for Chief Deputy at the Courthouse.

Chief Deputies receive $150 a month, and the other appointments named receive $90.

COUDREY HEADQUARTERS.

Simeon Harris Will Have Charge of Offices in Odd Fellows Building.

Headquarters for the Harry M. Coudrey Contest Committee will be opened in suite No. 736 Odd Fellows' building this morning with Simeon Harris in charge. Notice of the contest in the Twelfth Congressional District against E. E. Wood, elected on the Democratic ticket, was filed Tuesday.

The office force will consist of four clerks at present, but will be increased as the contest gets under full way. Harris is thoroughly familiar with contest work, having been associated with John B. Owen in the William H. Horton case in 1900 and the George C. R. Wagoner contest in 1902. Both were against James J. Butler.

H. S. Caufield, as has been stated, will not contest in the Eleventh Congressional District on account of business reasons.

Election and Watch Meeting.

A special general meeting of the Twenty-second Ward Republican Club will be held at No. 2721 Pine street to-night at 8 o'clock to make arrangements for the annual election of officers, to be held December 31. Following the election a watch meeting will be held.

ROBS NEWSBOY OF SECURITY.

Graff Fails to Return Package Given to Secure Return.

Thomas Brennan, a newsboy 14 years old, of No. 4320 St. Louis avenue, yesterday identified Joseph Graff, who is in the holdover in the Four Courts, as the man who robbed him of $1.50 and eight newspapers Sunday morning.

Brennan says that Graf asked him to carry a package to Grafield and Taylor avenues, but required him to give his money and the papers as security. He was told to go to a nearby drug store and get the package, but was informed there that it had not been left there.

Detectives Cordell and McKenna arrested Graff on the description furnished by Brennan.

ROBBED IN UNION STATION.

Notes and Check Taken While Owner Writes a Message.

Three notes, aggregating $438.10, and a check for $250, in a wallet, were stolen from James A. Young of Louisville, Ky., in the main waiting-room in Union Station yesterday afternoon.

Young was writing a message at the telegraph window, and laid the wallet on the window sill. When he finished and turned around the purse was gone.

One note for $165.45 and another for $100 were signed by D. W. Meyers, and the other, for $172.65, was signed by G. T. Kirkpatrick. The check was also signed by Meyers.

WOMAN HELD UP BY NEGRO.

Threatened to Shoot Her if She Made Outcry.

Leveling a big pistol at her head, a negro held up Miss Lottie Baumann of No. 1329 South Sixth street Monday night at Broadway and Papin street and robbed her of $10. The robbery was reported to the police last night.

"Keep quiet and give me that pocketbook or I'll shoot you," threatened the negro.

"I was tempted to scream, anyway, but was too badly frightened," Miss Baumann told the police. After getting the purse the negro ran west on Papin street and disappeared.

Miss Baumann hastened home and told her mother of the robbery. She was nearly prostrated, and did not leave the house to report the robbery until last night.

Mr. Peck was in St. Louis recently and a few days later it was reported that he had declared for Kerens for Senator. When asked to-day regarding this report, he said:

NO SUBSTITUTE

has yet been found for cod liver oil. There are so-called extracts, wines and cordials of cod liver oil that are said to contain the active principles but not the oil itself. This is absurd on its face. You might as well extract the active principles of wheat and make bread with them. The best form of cod liver oil, that can be digested and assimilated most easily, is Scott's Emulsion.

We'll send you a sample free.

LEADERS LAY OUT SENATE PROGRAMME

Philippines Bill and Statehood Question to Be Discussed Before Christmas.

CRUM TO BE CONFIRMED.

Chairmanships of Committees on Judiciary and Interoceanic Canals Are to Be Filled.

Washington, Dec. 7.—The Steering Committee of the Senate to-day framed the order of business for the Senate until the holiday recess. Various matters will be given attention in this period.

They are the Philippines bill, on which the Senate to-day agreed to vote December 16; Statehood legislation, the nomination of William D. Crum to be Collector of the Port of Charleston, S. C., and the question of filling the vacancies on Senate committees.

No effort was made to outline a programme for the session or to prejudice action on other urgent business which failed in the last session of Congress or was advocated by the President in his message to Congress.

At informal meetings of the Senate leaders several of these measures have been discussed and the tacit understanding reached that some of them should be kept in the background until later in the session. Notably is this true of the proposed legislation granting the Interstate Commerce Commission supervision over railroad rates.

It is expected that several appropriation bills will be sent over from the House before long, and as usual in short sessions of Congress nothing of a disputed character will be allowed to stand in their way.

NO STATEHOOD ACTION.

It is believed by Senate leaders that there will be no substantial action on the statehood bill in its present form admitting Oklahoma and Indian Territory as one State and Arizona and New Mexico as one State.

The Crum nomination, which failed of confirmation in three sessions because of the contest led by Senator Tillman, doubtless will go through at this session. It is said Senator Tillman has conceded his inability to prevent any longer the confirmation and will be content to record his own vote in the negative when the mater comes up in executive session.

Great interest attaches to the committee vacancies. The most important are the chairmanship of the committees on the Judiciary, made vacant by the death of Senator Hoar, and on Interoceanic Canals, which has not been filled since the death of Senator Hanna.

Senator Platt of Connecticut is the ranking member of the Committee on Judiciary and Senator Platt of New York of the Committee on Interoceanic Canals. Senator Kittridge, who has been the most active member of the Canal Committee since the vacancy, is urged for the chairmanship. When the committee vacancies are filled, provision will be made for Senators Knox and Crane.

ORDERS TO LETTER CARRIERS.

Department Sends Officers Back to Their Routes.

Washington, Dec. 7.—The Post-Office Department has given peremptory orders to James Keller, president of the National Association of Letter Carriers, and President Cunningham of the Association of Rural Letter Carriers to return to their duties at once.

Mr. Keller is a city carrier in Cleveland, O., and Mr. Cunningham is a rural carrier in Omaha.

It is asserted that they have been perniciously active during the campaign in an effort to force salary legislation. Both men, it is alleged, have been away from their Government duties for a considerable time, and it is stated that they will be granted no more such large extensions of leave of absence.

Mr. Keller is serving his second term as head of the city carriers, and it is expected he will return to duty as carrier within a week or a fortnight. Mr. Cunningham is supposed to be at his home in Omaha, but his exact whereabouts are not yet known here. The department is investigating his movements during the recent campaign.

HAPPENINGS IN ILLINOIS CITIES AND TOWNS

DAMAGE SUIT AGAINST POLICEMAN ON TRIAL.

Mrs. Elizabeth Mathews Asks $5,000 For Death of Her Son.

The case of Mrs. Elizabeth Mathews against Policeman Edward Kavanaugh for $5,000 damages for the accidental shooting of her son, John Mathews, in East St. Louis, on May 28, 1902, was tried in the East St. Louis City Court yesterday. All of the evidence was presented and the arguments were laid over until this morning.

The shooting occurred shortly after midnight, on Broadway, near the Eads Bridge. Kavanaugh and Policeman Kratzmeyer had arrested a negro, and, while Kratzmeyer was using the telephone to call for the patrol wagon, the negro ran away. Policeman Kavanaugh pursued the negro and fired three shots at him. One of the bullets struck Mathews, causing his death a few hours later at St. Mary's Hospital.

PITTSBURG LAKE DRAINAGE.

Property Owners of Parts of Winstanley Park and Centerville to Meet.

Property owners of parts of Winstanley Park and Centerville Station, now inundated by Pittsburg Lake, will met the Drainage Commissioners of Centerville Station in Horace J. Eggmann's office on Collinsville avenue, East St. Louis, at 1 p. m. to-day, to devise ways and means for the drainage of this lake.

It is stated by interested parties that the lake, except in some holes, is not more than four feet deep and that a great part is only from one to two feet deep.

It is claimed that at least three feet of water can be drained from the lake by means of a ditch which passes beneath the Rock road at Lake Bridge and runs through Lansdowne. This ditch has been dammed, it is said, and has also been filled in so that it no longer carries off any water.

It is said that if this ditch is opened at least three feet of water can be drained off several thousand acres and render this ground tillable.

SEEKS REFUGE AMONG CHILDREN.

Negro Burglar Enters Their Room When Detected in House.

A negro burglar saved his life by seeking refuge in the children's room at the home of Thomas Doyle Jr. at No. 735 North Ninth street, East St. Louis, yesterday morning.

The burglar was reaching Doyle's trousers when Doyle awakened. Seizing a revolver he jumped out of bed. The burglar started when Doyle awakened and dashed into the room occupied by the Doyle children. Doyle was afraid to shoot them, as he feared that he might accidentally shoot one of his children, and the negro escaped through a window. He secured no booty.

VERDICT IN MAULE'S FAVOR.

Former State Attorney and New Prosecutor on Opposite Sides.

Former State Attorney James A. Farmer and State Attorney Fred Tecklenburg, who was recently elected, met on opposite sides yesterday in Justice of the Peace Wangelin's court in Belleville in the case of Alexander Maule, a coal operator, who was charged with assault and battery on August Lindemann, a coal miner.

Lindemann had been employed at the Maule mine, and entered the engine room while he was off duty. Maule told him to leave the place, but Lindemann got closer to the machinery. Maule pushed Lindemann out of the engine-room, and Lindemann secured a State warrant against Maule, charging him with assault and battery. Mr. Tecklenburg prosecuted the case. A verdict in favor of Maule was returned.

PATIENTS EXTINGUISH BLAZE.

Inmates of Belleville Isolation Hospital Form Fire Brigade.

Smallpox patients in the Belleville Isolation Hospital formed a fire brigade yesterday afternoon, and with blankets and buckets of water extinguished a prairie fire, which threatened to destroy the tents which form the hospital shelter.

The fire started some distance from the hospital grounds, and it was not thought that it would come close to the tents, as a big strip of ground had been ploughed about the property to stop fire in a case such as this.

The fire spread inside the ploughed area and the nurses then realized that it would be necessary for all to work at extinguishing the blaze or the hospital tents and contents would be destroyed.

All of the available buckets were manned and blankets and old brooms were used as supplementary fire extinguishers. After half an hour's work the fire was extinguished.

Grange Hall Dedicated.

Members of Turkey Hill Grange last evening dedicated the Turkey Hill Grange Hall, which has been built to take the place of the one destroyed by fire last January. The fire occurred while Don Miller, a school boy, was cleaning the hall preparatory to a meeting of the Grange that night. Don was so badly burned that he died a few hours later. The building was totally destroyed.

Approves Patrolman's Suspension.

The Police Committee of the Belleville City Council last night approved the suspension of Henry York, a patrolman, because of alleged intemperance. York was discharged several months ago, and at the beginning of the smallpox scare was the only person who would take a position as guard at the isolation hospital. He was promised a berth in the police service again as a reward. He was brought into the police station Tuesday night by a brother officer, and his star was taken from him.

Poultry.

REPUBLIC SPECIAL.

New York, Dec. 7.—Live poultry—Receipts 7 cars Western and 1 Southwestern. There was a continued good demand for prime heavy fowls and market was well sustained, but light stock moved slowly. About 10 or more cars are due yet for later in the week, but if stock gets here in time built will be worked out into consumption. Roosters steady. Prime turkeys firm. Geese plenty and slow. Ducks steady. Pigeons unchanged. Quotations unchanged.

Dressed Poultry—Receipts 2,425 pkgs. Receipts not so heavy, but considerable invoiced for later in the week. Choice large Indiana dry-picked and Ohio scalded chickens, when averaging 8 to 9 lbs. to pair, brought 13½@14c, while 11½@12c was about all other best Western chickens could command, and tons of medium grades of both chickens and fowls were urged for sale at 10½@11c. Choice heavy dry-picked fowls in no surplus and steady at 12c, while 11¼c was top on the average run of dry-picked and 11c was full high on average best scalded fowls.
