The German Liberal Society of Johnson County Endorses the Democratic Party.

Warrensburg Journal-Democrat
At a meeting of the Johnson county German Liberal Society, Oct. 23, 1882, the following resolutions were unanimously adopted, to-wit:

WHEREAS, The Republican party has separated from the true faith, has exchanged principles for fanatical sentiment, adopted wild extremes, instead of moderations, and went in this and other states into full league with the church, thereby attempting to violate one of the fundamental laws of our republic, and

WHEREAS, We believe it is pre-eminently the province of the family to teach morals, and that our politics ought and must be divorced from our religion; and

WHEREAS, We believe the Democratic party to be a conservative and progressive party, keeping step with the times and the requirements of the people, a party opposed to all extremes and fanaticism, of whatever kind, being a true defender of the personal rights of citizens, and

WHEREAS, We rejoice over the administered rebuke to fanaticism in Ohio, and hope that like attempts at the people's liberties by political or clerical extremists, will be put down in like manner in every state in the Union. Therefore, be it

Resolved, That we will, in good faith, give our support to the Democratic party in the coming election, and will continue to do so as long as our liberties and personal rights will be vouchsafed by the same, and

Resolved, That we earnestly call upon our German brethren in particular and all liberty loving voters irrespective of nationality, in general, in this or any other State of the Union to give the Democratic party a hearty and unequalled support.

F. X. WAGNER, President.
JOHN OPP, Secretary.

The following is a fair sample of Republican corruption, and is calculated to excite indignation in every patriot's breast. It is a special dispatch to the New York Sun:

Washington, Oct. 23.—"What do the women employes in the department do when Mahone's circular reaches them?" was asked of a post-office employe.

"Cry?" was the laconic response. Then they call him a scoundrel."

"One lady from Virginia, a widow with six children, on a \$75 salary, was assessed \$45. When she received the circular she burst into tears. She was advised to appeal to Mr. Dallas, chief of the dead letter office. She did so, and represented her struggles to live on her salary and her inability to pay. He said it was a shame and an outrage, and told her to go to Frank Howe, who is the virtual head of the post-office department. Mr. Howe heard her pitiful story, and then told her frankly that her only chance was to appeal to Senator Mahone.

"And if I refuse to appeal to him or to pay it, will you protect me?" she asked.

"That I cannot do," he replied. "Senator Mahone's wife has a cousin who is in the post-office department on a \$900 salary. She was born in Virginia, but appointed from New York. She has not been assessed."

A Difficult Problem Solved.

The desire for stimulants is becoming a monstrous evil and how to overcome it is a serious question with reformers. Parker's Ginger Tonic fairly solves the difficult problem. It invigorates body and mind without intoxicating, and has brought health and happiness to many desolate homes.—Enquirer. See other column. Nov. 1-1m.

Three men are locked up in New York charged with attempting to blackmail Walter Malley, one of the brothers charged with the murder of Jennie Cramer.

The Height of Folly.

To wait until you are in bed with disease you may not get over for months, is the height of folly, when you might be easily cured during the early symptoms by Parker's Ginger Tonic. We have known sickly families made the healthiest by a timely use of this pure medicine.—Observer. Nov. 1-1m

DEEPWATER.

Items of Interest to the Public From Our "Busy" Correspondent.

DEEPWATER, Oct. 26, 1882.
EDITOR TIMES:—I see no items from our part of the county, nor have I seen for some time past, so as I think we are entitled to a short space in the old TIMES of our county the standard paper. I will note a few as they come up.

Road overseers have been busy for some time past and I believe they are doing good work generally.

J. Schoalt has rented his pasture farm to two men from Illinois for \$3 per acre. Mr. Walker has also rented his for about the same, so I am told. I also understand that W. H. Shelton has purchased the A. H. Horn farm, 40 acres, for \$15 per acre. Good for W. H.

The Leaven at Work.

Sedalia Democrat.
Simultaneously with the action of the Germans in Johnson county, Missouri, there comes the news that Volksblatt, of Louisville, Kentucky, the German Republican organ of that city, has suspended publication. Its owner and editor, Mr. W. Krippestapel, gives the reason for his action in the premises. He says:

"The new phrases which has entered into politics has alienated many Germans from their old political relations. Since the turn affairs have taken in Ohio, and since the fatal blunders the Republican blunders the Republican blunders have made and are still constantly making in favor of sumptuary and proscriptive legislation, I find it impossible to publish a German Republican newspaper. I have received letters from all over Kentucky and Ohio telling me to stop the paper, and so many of my subscribers have stopped, all Germans, that I prefer to quit right now, rather than lose any more money."

This tells the whole story. Here is a newspaper which for twenty-eight years preached Republicanism pure unadorned. There came a revolt in Ohio, and to-day this veteran journal is a thing of the past, being actually stamped out of existence in some little time over a month. Who can say now that the October storm in Ohio was not a veritable tornado?

Highly Esteemed.

Uncle A. S. Badgley, J. C. Lucas and a few others contemplate forming a copartnership for the purpose of sinking a coal shaft in their immediate vicinity, as they are pretty sure of striking a good vein of coal and think there would be "millions in it."

There is some sickness now in this locality A. Rowden and wife and one of his sons are very sick with something like malarial fever Dr. Christy in charge. Miss Nellie Evans is also sick and has been for 3 or 4 weeks and we learn is no better, Dr. Gibbens, her attendant.

Our young friend Wilson Miller, of St. Clair county, Ill., is on a visit to this neighborhood and is now a guest of his grandfather, A. S. Badgley. Mr. Thomas Dunn and one Mr. Smith also of St. Clair county, Ill., are busily traversing the county in quest of good farms, either to buy or rent, as they are well pleased with Bates county.

The school in this district (No. 4.) is taught in a skillful manner by Miss Adda Butler, one who knows how to manage the girls and boys, and most especially the big boys. When we see the playful schollars capering and prancing over the playground and giving their heads an occasional scratch (for the reason best known by a school-boy) we can't help thinking of our happy school days.
