REDEEMED!

And the Democratic Banner Waves in Triumph Over Them All.

From Ocean to Ocean The Heavens Ring With Democratic Glory and Victory.

New York, Massachusetts and Connecticut Fall into the Democratic Line.

While the Count so Far in Indiana and Pennsylvania Indicates All O. K.

Even Kansas Tumbles to the Racket, and St. John's Case is Gloomy.

GLORY ENOUGH FOR ONE DAY.

All the townships in the county but two are heard from. The entire Democratic ticket is elected by a majority ranging from eight to twelve hundred Lefker's majority will be at least 800 while Neptune's will reach to 600 in all probability. Sim Francisco's majority will be near 600. The victory is complete and beyond Democratic expectations.

Twelfth District.

Harrisonville, Mo., Nov. 7.—Only two towns heard from, but the indications are that the whole democratic county ticket is elected. Morgan, for congress, will have 1,000 majority.

Fifth District.

The Kansas City Times of this morning says:

Mr. Graves has about 2,500 majority in the district, and has probably carried every ward in the city. Messrs. Gill, Wallace, Murphy, Lucas and the rest of the democratic ticket are elected.

Connecticut.

Hartford, Nov. 7.—The vote will be very close, a light vote being polled. The day was fair and the vote quite full. Throughout the state there has been a falling off from the vote of 1880. The Republican loss is very much greater than the Democratic.

Waller, Democrat, is elected governor by 4,000.

New Hampshire.

Portsmouth, N. H., Nov. 7.—Private advices to prominent politicians indicate the probable election of Edgerly, Democrat, for governor. Republicans claim the election of Haines, Republican, to congress in First district, although the Democrats do not concede it. Both branches of the legislature will be Republican. The Republican county officers of this county were elected.

Massachusetts.

Complete returns from several towns show large gains for Butler and a falling off in Republican vote. The towns of Chatham, Den-

nis, Sandwich, Cohasset, Hingham and Hull, which gave a total vote for Long in 1879 of 1,463 and for Butler 523, now give Bishop 1,190 and Butler 828.

Butler's plurality in Boston with some wards to hear from is 13,642. In 1879 Boston gave Long 18,268 and Butler 23,508. Leopold Morse, democrat, for congress, defeats Bowman in the Fifth district by a small majority. Theodore Lyman, civil service independent for congress in the Ninth district is defeated by John W. Candler. Gov. Long is probably elected to Congress from the Second district.

Total vote for Boston: Butler, 30,340; Bishop, 19,719; Butler's plurality over Bishop, 13,621.

At the republican state committee rooms no doubt is expressed of Butler's election, the only question being the sum of his majority. The returns show great gains for Butler and a falling off in the republican vote.

The democratic state committee, up to 9 o'clock, received returns from 197 towns and cities, including Boston, that gave Butler 88,807; Bishop 74,349. The same towns in 1879 gave Long 75,207. Butler 61,192. Butler's gain, 13,600.

Col. French, chairman of the committee, puts Butler's estimated majority in the state at 16,000 to 20,000.

Kansas.

Topeka, Kan., Nov. 7.—This has been a cold day for St. John, prohibition and woman's suffrage, in Kansas. The situation here tonight is extremely gloomy for the saint. When seen by the Times reporter about 10 o'clock he was looking and feeling as blue as a turkey gobbler the day before Thanksgiving. While the St. John men moved around with an air of despondency and gloom, anti-St. John men and democrats paraded the streets in great crowds, cheering and singing. The returns come in very slowly; but, until near morning, the eager and enthusiastic have remained about the different headquarters eager to hear the latest news. At his late hour the indications are strongly in favor of Glick's election by a good majority. The republicans are now condemning St. John in the strongest terms, as being personally responsible for the disaffection and change of political sentiment in Kansas. A prominent railroad lawyer remarked this afternoon that if St. John is defeated he will be considered a martyr and the people will flock around him to his eternal glory and universal popularity. The republican state central committee moved its headquarters into Rossington, Johnson & Smith's law office on the Sixth avenue, where an instrument was placed and the returns received. The republican politicians were gathered there in large numbers early in the evening, but as the dispatches were read giving majorities for Glick and a greatly reduced majority where St. John received any at all, they grew sick at heart and went home. At the democratic headquarters at Liberty Hall a large and wildly enthusiastic crowd was assembled and remained until a late hour, cheering the good news to the echo.

Missouri, Thirteenth District.

Springfield, Nov. 7.—A full vote has been cast at the election in this county to-day. A great amount of scratching was done, and the definite result cannot be reached before morning. Returns received indicate a small majority in this county for Judge Fyan, the democrat for congress. The democrats claim the election of Judge Fyan, democrat, to congress. The greenback vote does not appear to have cut any figure in the election and the defeat of Hazeltine, the greenback candidate for congress, who was elected

two years ago by a combination between his party and the republicans is overwhelming.

New York.

New York, Nov. 7.—A large number of persons have been arrested for false registration and illegal voting by the United States marshal on warrants issued, many of them by Chief Supervisor Davenport. The last betting on the result for governor of this state is as follows: \$1,000 to \$250 that Cleveland will be elected, \$1,000 to \$500 that he will receive 30,000 majority and \$1,000 even he will have 50,000 majority.

The polls opened at 6 o'clock. Between that time and noon the bulk of the voting was done. On the east side a very heavy vote was polled. The Democratic state and county ticket received a tremendous vote. Many republicans did not vote either Folger or Cleveland.

The Commercial Advertiser, a stalwart, says that the lookout for the Republicans are gloomy enough. Cleveland seems to be polling the full strength of his party. The full Republican vote is not coming out at all. At the present moment it may not seem rash to say that Cleveland's majority in the city will be fully 60,000. The support to the citizens' ticket is a disappointment. The Republican disaffection has had the most to do with this.

The president did not go to the polls until after 3 o'clock. He voted at 402 Third avenue, and was accompanied by his brother, Maj. William Arthur and his messenger. He voted the Republican state and county tickets including O'Brien for county clerk.

Returns indicate Cleveland will come down to Harlem river with from 20,000 to 25,000 majority.

S. S. Cox is elected to congress in the Sixth district by 10,000 majority. The total vote is as follows: Cleveland, 62,659; Folger, 24,556. Majority for Cleveland, 38,081.

Tennessee.

Nashville, Tenn., Nov. 7.—A fair day was favorable to the regular Democratic ticket, and a heavy vote was polled all over the state. The indications are now that Gen. Bates' vote will largely exceed the Democratic vote of 1880 for both Wright and Wilson. In many counties Bates has so far polled the full Democratic vote.

Delaware.

Wilmington, Del., Nov. 7.—Both parties claim the state. A full vote is being polled. The majority either way will be in the hundreds. Returns are coming in slowly, and indicate that the Democrats have carried the state by a small majority.

Pennsylvania.

Philadelphia, Pa., Nov. 7.—A cold misty rain this morning, and contrary to expectations the first three hours' polling showed only a slight vote. Towards noon the weather became somewhat clearer and the vote increased. Everything was generally quiet, although the police had to be called this forenoon to quell a disturbance in the Fifth ward. Scattering returns from the state show a large democratic gain over the vote of last year. Pattison has undoubtedly carried this city and will have a plurality of over 20,000 in the state. Post, democrat, is elected in the Fifteenth district.

The indications are that the house will stand 150 democrats and 90 republicans, a gain of 15 democrats. Last year the senate had 5 democrats; this year it will have 12.

Bingham, republican, is elected to congress in the First district; O'Neill, republican, in the Second district; Randall, democrat, in the Third district and Kelley, republican, in the Fourth district.

California.

San Francisco, Nov. 7.—Election in the city is very quiet. There was much scratching and probably some will be elected on both tickets, but the commonly uttered opinion is that the democrats have a majority of from two to three thousand on the general ticket.

Kentucky.

Lexington, Nov. 7.—So far in the Seventh district P. Blackburn, democrat, has 8,106; Ashburry, republican, 2,162. The returns are coming in slow. The democrats claim the district by 4,000 majority.
