

The Butler Weekly Times.

VOL. XI.

BUTLER, MISSOURI, WEDNESDAY FEBRUARY 27, 1889.

NO. 14

LABORITES AT WAR.

The Missouri Union Labor Convention Ends in a Split.

Sedalia, Mo., Feb. 22.—The Union Labor convention held in this city this afternoon broke out in a row, the sheriff was compelled to take possession of the hall to quiet the factions.

The St. Louis delegation, headed by Charles Nolan and composed of the men who were accused of having sold out the party in November last were ruled out of the regular convention and an anti fusion delegation seated. Among those repudiated were the union labor members of the legislature.

The Nolan faction held a convention to-night and elected W. H. Blake of St. Louis chairman of their state central committee.

The regular convention elected a new state central committee, with W. C. Aldridge of California, chairman, D. N. Thompson of Bates and A. Manning of Linn county as members at large. The regular convention declared against fusion, and read out those who favored it.

The row in the convention before the bolt took place was of the most disgraceful character and was caused by the refusal of S. W. Majors, the temporary chairman to entertain a motion to adjourn made by Delegate Clifton of St. Louis.

The St. Louis faction will publish an address to the union labor party setting forth their version of the affair.

Robbed the Train.

Delano, Cal., Feb. 23.—Five men boarded train No. 17 last evening as the train left Pixley. Two went on the engine and covered the engineer and fireman with revolvers. When about two miles from the station the train was brought to a stop and three other men entered the express car and ordered the messenger to open the box, covering him with revolvers. Dynamite bombs were exploded under the cars, and during the excitement several passengers ran toward the front, two of whom were shot. E. S. Bentley, of Modesta, was probably fatally wounded. The other, Charles Gabert, of Poso, was killed instantly. The train ran back to Pixley, where the news was left. The passenger coaches were not molested.

From Thirty-Six to Fifty-two Degrees Below.

Minneapolis, Feb. 23.—Last night was one of the coldest experienced in northern Minnesota and Dakota this winter. The Manitoba weather report showed the thermometer to have fallen to 34 degrees below at Breckenridge, 38 at Barnsville, 36 at Crookston, 40 at Grand Forks and 48 at Neche. No serious delay to trains is reported.

The Northern Pacific weather report showed the thermometer to range from 36 to 40 degrees below between Jamestown and Duluth and Grand Forks. It was 40 below zero at Detroit, Minn.; Minnedosa, W. T., report 52 degrees below.

Sau Diego, Cal., Feb. 22.—Word reaches here that Mrs. Snider, daughter of ex-governor Oglesby, of Illinois, and wife of Mr. Chester J. Snider, of Kansas City, Mo., who has been spending a few days in San Diego, was robbed of \$20,000 worth of diamond jewelry at Delmar yesterday.

They were given to the young man who acted as clerk to be placed in the safe.

The young man and the diamonds have both disappeared.

Washington, Feb. 22.—The president this morning approved the territorial bill admitting north and south Dakota, Montana and Washington territories.

THE "GLOBE" SOLD.

Mr. Louis Hammerslough the Monied Head of the Newspaper.

The new morning paper, the Globe, to-day passed into the hands of Mr. Louis Hammerslough, who has purchased the entire stock of the company, except that of Mr. Robert Corregan, and one or two other gentlemen who have put ready money into the enterprise and retained an equivalent stock. Mr. Hammerslough puts \$50,000 into the paper and assumes full charge to-morrow. It is understood that he will devote himself to the management of the paper, giving his personal attention to the business management, and there will be no change in the personnel of the working force. Mr. Hammerslough is well known as a commercial man in Kansas City and the West and as the proprietor of the Kansas City Post, the morning daily German paper, has had some newspaper experience.—Kansas City Star

The beautiful opera house which burned at Butler Saturday night was a monument to the public spirit and grit of W. E. Walton, who built it with his own money and dedicated it to the public. It is doubtful if the liberality of Mr. Walton was very fully appreciated by the people of Butler, but now that the temple of amusement has been swept away expressions of regret are being heard, and there is talk of rebuilding. When Nevada's opera house burned in April 1882—after being open one week—the citizens met at the court house the night following the fire, and subscribed sufficient stock to rebuild. Col. Moore lost \$15,000 by the fire, but he was not discouraged, and came right back with \$15,000 more. Before the close of the year the new building was erected.—Nevada Mail.

Judge Sloan delivered a very elaborate opinion in the Johnson county circuit court last week, in which he held that shareholders in building association must pay taxes—that the exemption in the act of March 31, 1887, is limited to shareholders who borrow from the association. Judge Sloan carefully reviewed all the points argued by the attorneys, and authorities cited, and held as above stated, and concludes his decision by saying:

"I conclude therefore that by the terms of said Section II, the legislature at most only intended to exempt from taxation the shares of stock held by those who borrowed from the Association, and no others; and if it was intended to apply to all shares held by the members who are not borrowers, it would be in conflict with the Constitution and void."—Harrisonville Democrat.

Deafness Can't be Cured

by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that we cannot cure by taking Hall's Catarrh Cure. Send for circulars free.

Children Cry for Pitcher's Castoria.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

THE WALL PAPER POOL.

Will most likely be formed on March 5th, 1889, and those who bought goods while the Pool existed will understand what effect it had on the *Prices of Wall Paper*, and I would suggest to those expecting to

BUY WALL PAPER

to do so at once. I have been advised by reliable WALL PAPER HOUSES that the Pool would surely form and I give it to my customers for what it is worth. I now have in

Stock the Largest, Cheapest and Best Line of Wall Paper

ever brought to Butler. New and Elegant designs, both in common and Gilts, my goods were bought direct from the Factory and many advantages can be given which I have never been in a situation to offer. It will cost you nothing to come and see my line and get prices and you can save 25 per cent by buying from me.

Respectfully,

GEO. W. WEAVER.

FIRST DOOR EAST OF BUTLER NAT'L BANK.

CONSUMPTION SURELY CURED.

TO THE EDITOR—Please inform your readers that I have a positive remedy for the above named disease. By its timely use thousands of hopeless cases have been permanently cured. I shall be glad to send two bottles of my remedy FREE to any of your readers who have consumption if they will send me their express and post office address. Respectfully,
T. A. SLOCUM, M. C., 181 Pearl St., New York.

The idea that a man owns a space extending to an indefinite height above his building lot has, in the last few years, been utilized in the large cities by erecting buildings as high as possible. Last Sunday one of these high buildings, a fourteen story, fire proof structure, in Chicago, collapsed. It was just about completed, and happening as it did on Sunday, it was attended with no loss of life. After a few more such buildings tumble down the builder will probably be content with safer structures at half the altitude. Why the collapse occurred is plainly understood when the hurried workmanship of modern building is considered, and the chances are that any building of fourteen stories is liable to fall at any time.

"Let a girl bleach her hair," says a Boston doctor, "and within three months she will have trouble with her eyes, pains in the head, and be well on her way toward some nervous disorder requiring a doctor's service half the time." And yet they will bleach.

This powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kinds, and cannot be sold in competition with the multitude of low test, short weight alum or phosphate powders. Sold only in cans. ROYAL BAKING POWDER CO., 111 W. 4th St., N. Y.

Notice of Final Settlement.

Notice is hereby given to all creditors and others interested in the estate of Thomas Beattie deceased, that I, W. S. Mudd, administrator of said estate, intend to make final settlement thereof, at the next term of the Bates County probate court, in Bates county, state of Missouri, to be held at Butler on the 15th day of May, 1889.
W. S. MUDD,
Administrator.

FARMERS BANK OF BATES COUNTY,

Front Room in Grange Store Building.

Cash Capital. \$20,000.00

Does a General Banking Business.

Special attention given to time deposits and interest paid on same.

PASSAIC STOCK FARM.

BATES COUNTY, MO.

C. S. CONKLIN, Proprietor.

At this stable, situated five miles north of Butler, and five miles south of Adrain, there will stand for the season, the following stock.

Membrino Chief Jr.

16 1-2 hands high, weight 1250, color bay, black points. Imported to this county from Kentucky, by Mr. Warnock last year. Perhaps there is not a horse, in the state of Missouri, combining within himself such an amount of thorough trotting blood, as this one. Can show a 2:50 gate, and has never been trained.

TIMOTHY,

16 hands high, color dark bay, star in the forehead, can show a three minute gait, without training. A good honest, general purpose horse, and when you want any better pedigree, you will have to go farther than Almont, who has 34, in the 2-30 list. Lady Thorn, 2-18 1/2 because he is directly descended from them, and combines all the best blood that has produced such trotters as Maud, S. J. I. C. et al.

DON CARLOS.

Thoroughbred Jack, color black, mealy nose, five years old, 15 1-2 hands high, and a remarkable fine breeder imported to this county by W. Warnock. Also

DON PEDRO.

Jack, 15 hands high, color black, mealy nose, three years old, will be permitted to serve 20 mares. I insert this in the Times to call your attention to this stock, knowing that if you see them you will be pleased. In the next issue we will give the pedigree in full, also terms, conditions, etc.

Respectfully, CHAS. S. CONKLIN.
