

# Campaign Offer.

In order to have the TIMES more widely circulated during the campaign we have reduced the price to only 25 cents cash from now until after the election. At this great reduction every family in Bates county should take the TIMES for the next few months. Old subscribers can take advantage of this reduction by paying up arrears.

The union labor party of Vernon county, met at Nevada the other day and decided not to nominate a county ticket under the heading of "union labor;" but to call a mass convention and nominate a people's ticket. The union labor fellows are getting to be great schemers.

J. M. Courtney & Co., will in a few days ship 100 head of fine cattle to the Kansas City market. These cattle were bought of Walton Bros., and will average 1,530 pounds. They are fine and will bring the top of the market.

Capt. H. P. Nickell, presented the TIMES office Saturday with a mastodon watermelon. To say that it was appreciated and eaten with a relish is putting it mildly and at the finish three times three and a tiger was given for the Capt. by the TIMES force.

The following ladies of Foster and vicinity, chaperoned by J. D. Lisle, passed through Butler Monday for Warrensburg to attend the Sunday school encampment at Perle Springs: Mrs. T. J. Wilson and daughter, Miss Emma Franklin, Mrs. Parks, Miss Anna Recter, Mrs. Henderson Miller and Miss Anna Pickens.

Gen. John H. Rice, of Ft. Scott, Kansas, is out as an anti Ingalls candidate for the legislature, and is scoring Ingalls in his speeches with all his vim. His opponent, nominated on the republican ticket is his own son. This is a queer combination of politics at Ft. Scott, and the outcome of the canvass is watched with interest.

Miss Joie Bryan, an accomplished young lady of Kansas City, who has gained quite a reputation as a musician, was in town Monday and gave us a call. The object of Miss Bryan's visit to our city was for the purpose of investigating the advisability of give our people a musical and educational entertainment at an early date. If she decides to come she will be assisted by Miss Eunice Fulton, also of Kansas City.

The union labor party's state committee had a regular cyclone meeting at Jefferson City last week. After the smoke had cleared away it was found that the head of Blake, chairman of the committee, had fallen in the basket. Two years ago Blake sold the party to the republicans and was making arrangements to again fill his pockets this year.

From Jesse Trimble, who was in the city Saturday, we learn the sad news of the death of Mrs. J. N. Haynes, which occurred at her home in Foster, Friday. The cause of her death was supposed to be heart disease, as her death was very sudden and unexpected. She leaves a husband and four children to mourn their loss, the youngest child only an infant a few weeks old.

The nomination of Judge David A. DeArmond for congress in this district will, the Noticer believes, give general satisfaction to the democratic party. He is an able lawyer, a high-toned, honorable gentleman and one who thoroughly understands the great issues now confronting the people of the west. Vernon county can be depended upon to roll up the usual eighteen hundred majority for the gifted gentleman from Bates.—Nevada Noticer.

The F. & L. U. picnic, advertised to be held in Wells' grove east of this city, Sept. 23d, has been indefinitely postponed.

Robt J. Porter, one of the leading men of Deer Creek township, and one of the TIMES oldest subscribers, while in the city Saturday called and renewed '91. The latch string of the booming TIMES always hangs on the outside for such friends.

We were favored with a pleasant call from N. E. Stephenson, of Hudson township, who is in the city attending the Normal. Mr. S. has been spending the summer in Oregon and returned home about a month ago. He will teach the Elmer school in Pleasant Gap township this winter.

Every honest democrat is pleased with the nomination of Judge David A. DeArmond for congress. He will carry the full strength of his ticket, and go out of Vernon county with from 1,800 to 2,000 majority. This is the sentiment of Nevada business men as was demonstrated to a Mail reporter who made the rounds Saturday afternoon when the news of DeArmond's nomination was received.—Nevada Mail.

The entire TIMES office crew return their sincere thanks to Bennett, Wheeler & Co., for a jumbo watermelon. It was the largest one we have seen this year and the meat was delicious. Messrs Bennett, Wheeler & Co., are not office seekers but as candidates for the trade of the citizens of Bates county we can recommend them as reliable business men and are carrying one of the largest stocks of groceries, hardware, buggies and implements to be found in this section of the state, and their prices as low as the lowest.

The Dade county Advocate is claiming all the honor, through her delegates, for the nomination of Judge DeArmond. There is no doubt of Dade county's sincerity to Judge DeArmond, for her six delegates stayed with him from start to finish, and if it is such a source of gratification to them we will just take the honors from those fourteen delegates from Vernon, who cast the last ballot and the die, to the heads of Dade's honest six. In the nomination Bates captured the prize and of course her fourteen solid delegates headed by that matchless democrat, W. P. Coleman, can afford to be magnanimous.

Needs Overhauling. From the amount of pot house politicians who have managed to attach themselves to the farmers' organization the time would seem to be ripe for a general overhauling of the membership. Bill Aldridge of Monetau county and John M. London of Macon are samples of the political hacks who have managed to get into the organization.—Jefferson City Tribune.

With propriety the same might be said of the organization in Bates county. As it is a well known fact that a number of broken down politicians have by some hook or crook or oversight been permitted to join the order. These fellows are leeches, they care nothing for the good of the order or its objects and aims, their only ambition being to use it for their own personal aggrandizement and profit. Of these gentry the order needs purging and needs it badly in Bates county.

### A REMARKABLE CURE.

By Faith and Prayer Mrs. J. M. Sallee is Restored to Health.

On Thursday last the citizens of the north part of this city, especially the ladies were all agog over the report that Mrs. J. M. Sallee who has for the past seven years been confined to her bed a hopeless invalid, had been restored to health through the instrumentality of faith and prayer. As the good news spread the neighbors began to gather and soon there was 150 or more in and about the home of Mrs. S., all anxious to learn the full particulars of the wonderful and remarkable cure. In the center of the room sat Mrs. Sallee surrounded by her devoted husband and daughter, laughing, chatting and shaking hands with those about her, while songs and prayers were being offered by friends to the great Physician who had said, "Thy faith hath made the whole, take up thy bed and walk."

Mrs. S. for many years has been a devoted member of the Baptist church and has borne her sufferings with christian fortitude and resignation.

Her case has been a peculiar one and has baffled the skill of our best physicians and until a short time ago she and her family had about given up all hope of her recovery, when it was suggested by a neighbor that she consecrate herself to God. The suggestion was accepted by Mrs. Sallee and she fell to praying with all her strength, not ceasing night or day, when on Thursday last to her great joy and the delight of her family her prayers were answered. She immediately arose from her bed, and after taking a bath attired herself in clean clothing and walked about the house and out in the yard to the front gate, something she had not done before in nearly seven years.

Mrs. Sallee is firm in the belief that a permanent cure has been effected and that as soon as she can gain strength she will be herself again. She does not believe in christian science or faith cure, but is satisfied that her cure was effected through the efficacy of prayer.

"God works in mysterious ways,  
His wonders to perform,  
He plants his footsteps on the sea,  
And rides upon the storm."

Bates county was misrepresented at the state meeting of the farmers' and laborers' union at Sedalia by Capt. H. C. Donohoe and Thomas Jefferson Hendrickson. Capt. H. C. Donohoe, heretofore the rankest republican in the county, and a warm supporter and yelper, for Harrison log-cabin-coon-skin-high-tariff-ticket, but who of late, on account of failing to be recognized as a candidate for the U. S. marshalship, has gone over heart and soul to the union labor party, was not a fit subject to represent this county. Thomas Jefferson Hendrickson was also unfit to represent this county, from the fact, that being a candidate for representative on the union labor, rag-baby, red-flag ticket he is antagonistic to the farmers' and laborers' union and using his best endeavors to drag that worthy order into the slums of the gutter of politics. We don't believe after sober thought and reflection any of the farmers of this county who love their homes, their family and the farmers' and laborers' organization will be gulled into supporting and following the leadership of such men as Hendrickson, and the red-flag party to which, for the sake of getting a nomination for office, he belongs. We have more confidence in the good judgment and citizenship of both the republicans and democrats to believe they will so far forget themselves as to do the like.

J. H. Melton, the merchant prince of Spruce, while in the city Monday gave us a pleasant call. Mr. Melton carries a large and splendid stock of general merchandise, consisting of dry goods, clothing, boots, shoes, groceries, queensware and glassware and pays the highest market price for all kinds of country produce. He sells cheap and is a clever gentleman to deal with, and deserves the trade of that section of the county. See his advertisement in another column.

Judge DeArmond the nominee is a clean man in every station of life; and like Mr. Cleveland's admirers assert of their leader, he is better than his party. If elected he will make a representative of which the 12th district will have no occasion to be ashamed.—Butler Record.

In glancing over our announcement column we again take pleasure in calling the attention and earnest consideration of the readers of the Journal to the familiar name of Col. James L. Pace, a prominent candidate for county clerk. We have known Mr. Pace for the past ten or twelve years and have had many business dealings with him and have found him to be straight-forward in all his transactions; he possesses an unquestionable reputation; one who has done more for the democratic party and done more for the upbuilding of our county seat than any other one man in Bates county. He is in every way fully qualified to make the county one of the best county clerks we have ever had should he be elected. He is a friend to the poor and needy, in fact a friend to everybody, which accounts for his popularity throughout the county. Remember him with your vote at the primary the 30th inst., you won't regret it.—Adrian Journal.
