Our good friend and punctual subscriber, A. J. Voris, from Spruce, called Tuesday and renewed his allegiance to the booming TIMES. Thanks.

The Mate of the Mary Ann, one of Miss Sophie Swett's brisk and wholesome stories for young people, will come from the Harper press within a few days.

The best medical authorities says the proper way to treat catarrh is to take a constitutional remedy like Hood's Sarsaparilla.

The ministers have changed the time of holding services Sunday evenings to 7 o'clock. This is a good move and should increase the congregations.

Mr. Stearns, a new comer to the county, has contracted a new residence on his farm eight miles east of this town, which will be an ornament to that part of the county.

H. S. Williams, living near Virginia, and who lost his residence a short time ago by fire, is making preparations to build a large two story house on the site of the one burned.

Ex-senator Jno. B. Newberry spent Monday in the city on business. He has opened up a coal bank on his place which is being superintended by Ewin & Cook, and are prepared to furnish the neighborhood with a splendid article of coal.

Geo. Baker living near Macon, Mo., left home on October 10th to visit friends at Green City, not returning home within a reasonable time search was made for him, and his body was found in a corn field not far from home Frinay with two bullet holes in it. He had evidently been dead several days. Frank Hall has been arrested and placed in jail charged with committing the crime.

A Child Enjoys

The pleasant flavor, gentle action soothing effects of Syrup of Figs when in need of a laxative, and if the father or mother be constive or bilious, the most gratifying results follow its use; so that it is the best family medicine known and every family should have a bottle on hand.

Miss Anna Cole left Sunday for Montrose to spend a month visiting friends. The TIMES wishes her a pleasant time.

C. C. Harris received the sad intelligence Friday night of the death of his only sister, Mrs. Telitha Harris Chenault. She died at Lexington Ky., aged 74 years. This leaves Mr. Harris the only surviving member of a family of ten children.

Mrs. Jane Smith and daughter Angie, charged with having slandered the name of Mrs. Hannah Smith, were arraigned in Squire Hemstreet's court Monday, and after quite a heated trial were discharged by the jury. All the parties were residents of Deepwater township. W. O. Jackson appeared for the defense.

The ROUND OAK

Is positively the only heater made which does not make clinkers. Here is the evidence—all other makes have a dump or swinging grate to turn the clinkers down into the ash pit. Don't you think it shows considerable cheek in any dealer to claim that his stove will not make clinkers when it is supplied with a device for getting rid of them. The ROUND OAK has no dump, you shake the grate and the ashes fall through. It burns the coal all up. Sold by DEACON BROS. & Co.

The Rich Hill Review says the coal trade which has been a drag for some time is looking up and the demand for cars is pressing in order to supply orders. The Rich Hill coal company has received orders for 2,000 car loads, and taking all the companies a lively coal trade is anticipated with the advent of cold weather.

A. C. Rosier and Miss Lulu May, daughter of Mrs. S. J. Funk, were united in marriage at the residence of the bride's mother four miles northeast of this city, Tuesday evening at 7 o'clock. Rev. Blair officiating. The groom is the son of our wealthy and esteemed citizen, J. K. Rosier, Miss Funk is a most charming and accomplished young lady and worthy the love and esteem of the young gentlemen she has chosen to be her liege lord. The wedding was quiet.

Our young friend, L. W. Pearce Jr., son of Rev. L. W. Pearce, former pastor of the South Methodist church of this city and Fred G. Holman have leased the Otterville Call and took charge of the paper last week, a copy of which we have just received. The young men are getting out a splendid local paper, well filled with choice reading matter, neatly printed and a credit to the town in which it is published. The business men and the citizens in general should appreciate the efforts of these two enterprising young men and give them a liberal and cordial support which we have no doubt they will. The TIMES welcomes Mr. Pearce as a member of the editorial fraternity and extends best wishes for the future success of the Call

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became a Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

Warden Pace in Town.

Col. James L. Pace, the state's popular warden of the penitentiary, spent Sunday and Monday in the city on private business and chatting with his very many friends. The Col. is gaining in flesh and looks the picture of health. He said his daughter, Miss Ada, who was forced to leave school several weeks ago on account of a severe spell of sickness, was improving rapidly, but he feared she would not be able to return to her studies for some time.

In speaking of schools the Col. said Butler people should be proud of their public institutions of learning in this city as the schools had a state reputation and he doubted if there were better schools to be found in the state. This is quite a compliment to the Butler schools and the TIMES is glad to learn from so reliable a source, the high standing abroad of the schools.

The penitentiary he said was in fine shape and the new improved boiler and engine which the state purchased from the exhibitors at the world's fair a few days ago is being placed in position and when in operation will prove a source of economy in the way of a saving to the state. Heretofore the power for light, heat etc. had been scattered over the grounds and the state had to keep 17 mule teams employed hauling fuel to the different engines. Under the new arrangement the steam power would be contracted in one place, the coal dumped from the cars at the engine, the expense of the teams would be done away with and one or two men would do the work of the seventeen heretofore employed.

Among the other improvements is the new slaughter house, which is a great convenience and money saving institution. The penitentiary is now doing the slaughtering for the butchers of Jefferson City and also for the government and last month cleared over \$500 for the state. Bud Starke has charge of the slaughtering and inspection of cattle etc. and he is making a most useful man.

The penitentiary has now over 1,700 convicts and last month the new arrivals were upwards of 130.

Warden Pace since taking charge of the penitentiary has made many changes in the management of the institution and the head of many old fossils who have held positions for years have fallen into a basket and new blood is being forced into the veins of the state workshops.

They say, that they asked at the corn festival the other night: "Why is the wind blind?" One young lady answered promptly: "The wind is a breeze; a breeze is a zephyr; a zephyr is a yarn; a yarn is a tale; a tale is an attachment; an attachment is love and love is blind. Therefore wind is blind." She got three invitations to supper and four young men wanted to walk home with so remarkable a genius—Holden Enterprise

A black eagle is on exhibition in a box on the west side of the square. It was captured in the bottoms the other day in a singular way. It was attacked by a dog while on the ground and in making its escape flew against a telegraph pole with such force as to stun it and before it recovered its captors had his eagleship securely bound. The bird is quite a large one and measures 7 feet from tip to tip.

Positive and Negative.

The Race Question is unsettled. But it is settled that Hood's Sarsaparilla leads all remedies.

Disease marches through all lands. But good health blesses all who take Hood's Sarsaparilla.

Dyspepsia is a great foe of the human race. But Hood's Sarsaparilla puts it to flight.

Scrofula is one of the most terrible of diseases. But Hood's Sarsaparilla expels it from the system.

The people of this day, like Job, suffer from boils. But Hood's Sarsaparilla is a sovereign remedy for them.

Catarrh is one of the most disagreeable disorders. But Hood's Sarsaparilla is sure to relieve and cure it.

Rheumatism racks the system like a thumb-screw. But it retreats before the power of Hood's Sarsaparilla.

Loss of appetite leads to melancholia. But Hood's Sarsaparilla makes the plainest repast tickle the palate.

Life is short and time is fleeting but Hood's Sarsaparilla will bless humanity as the ages roll on.

Off for Texas.

Henry Tilson called to see us Monday, and we were surprised to learn from him that he had disposed of his business at Navy, locked up his store house, and the middle of next week would take his departure for Houston, Texas, near which place on the gulf he had purchased a tract of land and was going to improve the same with a view of locating. His family will remain in Rich Hill for the present, and he said it might be possible that he would return to Bates County, in case he did not like his new home, therefore he would not say he had burned the bridges. Henry is one of our best citizens and the TIMES regrets very much to see him leave, and hopes he may find it to his advantage to return.

Mr. Tilson also informed us that Vernon Campbell and Rev. W. F. Summy loaded a car at Rich Hill Monday with their household goods, and together with their families took their departure yesterday for Texas, and would be neighbors to him. Rev. Summy, he said, had bought a fruit orchard of ten acres and would devote his time looking after it.

Hard Wright, an old settler of Fairview township, has sold his farm to C. C. McGinnis and he too intends to leave in a short time to join the above named gentlemen in the Lone Star state.

While the TIMES regrets to lose these good citizens from the county, our best wishes are with them, and we hope to see each of them prosper and do well.

Friday night Mr. and Mrs. Silas Levy came near being suffocated by escaping gas from a base burner in their sleeping apartment. Mr. Levy waked and found the room filled with gas. His wife was seriously affected and it was some time before she recovered. The trouble was caused by a failure to properly shut off the draughts in the stove.

At Elyria, Ohio, Monday night, Chas. Mannering shot and killed his wife, wounded her cousin Mrs. R. W. White, and then killed himself. The wife had begun proceedings for divorce and he had often threatened to kill her, so crazed by drink over his troubles he carried out his threat.

Space in the TIMES is too valuable to be given to merchants outside of the county, and what spare space we have for donation will be given to the home merchant.

The printer is generally rated a pretty bad sort of a fellow, but his misconduct usually consists of vices and not crimes. The following from an exchange shows that before the law he has not proved so bad as some other people: Of 3,890 convicts in the State penitentiaries of Texas there is not a printer or newspaper man; while there are ministers, bankers, doctors, photographers, barkeepers, cooks, barbers and members of all other professions and callings. —Nevada Tablet.

It is just about the season of the year for the fire and water, clothing auction houses to strike Butler, and do as they have done heretofore, unmercifully swindle our people. In anticipation of another visit from one of these traveling fakes the TIMES warns the farmers and others to let them severely alone. No merchant of standing flirts about the country going from town to town to auction goods, and the man or set of men engaged in such business are sharpers, liars, rascals and deceivers. In dollars and cents they do a community more damage than the chinch bug, grass hopper or hog cholera. They are a set of thieves that prey upon the unsuspecting and take advantage of people who are not acquainted with the deception of clothing which is cellular worn, moth eaten and virtually of no value. These goods are thrown upon the market by auction houses in the cities and are sold for a song, afterwards they are taken to country towns by the above peddlers and worked off. The best and safest motto is, to support your home stores, which are reliable and make their recommends good.

ITCHING HUMORS

Torturing, disfiguring eczemas, and every species of itching, burning, scaly, crusted, and pimply skin and scalp disease, with dry, thin, and falling hair, relieved by a single application, and speedily and economically cured by the CUTICURA REMEDIES, when the best physicians and remedies fail.

Itching Skin for Years

My disease (psoriasis) commenced on my head. Spread rapidly all over my body, got under my nails. Scales would drop all the time, suffering endless, and without relief. I cannot praise the CUTICURA REMEDIES too much. Have made my skin as clear from scales as a baby's. All I used was \$5 worth. DENNIS DOWNING, Waterbury, Vt.

Skin Disease 9 Years

Had over nine years a dreadful skin disease. First appeared a few small red spots on my breast which kept spreading slowly to my back. The spots turned gray, and began itching. Small scales would fall off, and it continued all over my body. I tried all medicines, consulted doctors, no use. Then I gave it all up. Tried the CUTICURA REMEDIES, they cured me entirely. My skin now pure and white as that of a child. JOHN E. PEARSON, Whatcom, Wash.

Itched Scratched Bled

Suffered three years with pimples which I had to scratch until I would bleed. After doctoring three years, tried CUTICURA REMEDIES. After using two sets am entirely cured. A. F. GRAMM, Photographer, Mt. Horeb, Wis.

Large Sores on Face

Was greatly troubled with blood poisoning. Large sores appeared on my face. Hands were in such a condition that I could not use them. Tried numerous physicians and remedies, no benefit, tried CUTICURA REMEDIES, and am now free from all skin trouble. SAMUEL J. KEELER, 232 Fairmount Ave., Baltimore.

Sold throughout the world. Price, CUTICURA, 50c.; SOAP, 25c.; RESOLVENT, \$1. POTTER DRUG AND CHEM. CO., Sole Proprietors, Boston.
