

MARCH, APRIL AND MAY.

Is the Season for Catarrh and Dyspepsia—the Blood must be Cleaned.

The symptoms of catarrhal dyspepsia are: Coated tongue, pain or heavy feeling in the stomach, sour stomach, belching of gas, dizzy head sometimes headache, despondent feelings, loss of appetite, palpitation of heart and irregularity of the bowels.

For this condition Peruna is found to be an admirable remedy. In all cases it brings prompt relief to the painful symptoms, and in a large per cent. of the cases it makes a permanent cure. Peruna soothes the inflamed mucous surface, and thus strikes at the root of the disease. In cases where the inflammation has been so severe and continued as to produce extreme irritability of the stomach the remedy may be taken in small doses at first, diluted in water; but, as soon as the improvement is sufficient to permit a full dose to be taken undiluted, it is a better way, and the cure is much more rapid. Peruna is also a spring medicine which at once removes the cause of all affections peculiar to the spring season by purifying the blood of all contaminations and invigorating the whole system.

Two valuable books—Family Physician No. 2, setting forth in detail the treatment of catarrh, coughs, colds, sore throat, bronchitis, and consumption, in every phase of the disease, and Family Physician No. 3, on spring remedies and diseases—will be sent free to any address by The Peruna Drug Manufacturing Company of Columbus, Ohio.

Election Laws.

The election laws of Missouri have lately been compiled by Secretary of State Lesuer. They make a book of 134 pages, exclusive of index, fly leaves, etc. The following extracts from these laws ought to be cut out and preserved:

Returns of votes cast for state officers must be sealed and transmitted to the secretary of state, directed to the speaker of the house, and the latter shall cause the same to be canvassed immediately after an organization has been effected. General elections shall be held every two years on the first Tuesday following the first Monday in November. Persons of foreign birth may vote after having declared their intention of becoming a citizen not less than one year nor more than five years before offering to vote. One year's residence in the state and sixty days in a township or city is necessary before voting. Officers, soldiers and marines in the employment of the government cannot vote in this state.

Judges of election shall appoint clerks of election. The polls must be opened from 7 o'clock a. m. until 6 o'clock p. m. The county clerk and two justices of the peace shall cast up the vote of the county within five days after the election. Judges of election are required to preserve good order and may impose a fine and imprisonment on offenders. Contested elections for governor and lieutenant governor shall be decided by a joint ballot of the general assembly. The compensation of judges and clerks of election shall not exceed \$1.50 per day. It is unlawful to steal or mutilate election tickets. Ballots must be printed and distributed at public expense. The county clerk must publish the names of candidates at least seven days prior to the election. If a ballot is spoiled a second one may be procured from the judges of election. Judges of election are not permitted to disclose for whom any one voted. Persons who have served sentences in the penitentiary cannot vote unless they have been pardoned. It is unlawful for any one to even attempt to cast an illegal ballot. Mayors of cities may require dramshops to be closed on election days.

Betting on the result of an election is unlawful and may be punished by a fine \$50. Destroying or taking away any list of voters is a penitentiary offense.

Bribery is defined to mean the procuring of a vote by a gift or a promise or a loan, and constitutes a felony. Candidates are not allowed to treat or to pay any of their friends for doing so. Candidates are limited in the amount of money they may lawfully expend during a campaign, and an itemized statement of all expenses must be filed and sworn to by candidates. This is a feature of the law that every candidate should study carefully.

What a Prominent Insurance Man Says.

H. M. Blossom, senior member of H. M. Blossom & Co., 217 N. 3d St., St. Louis, writes: I had been left with a very distressing cough, the result of influenza, which nothing seemed to relieve, until I took Ballard's Horehound Syrup. One bottle completely cured me. I sent one bottle to my sister, who had a severe cough, and she experienced immediate relief. I always recommend this syrup to my friends.

John Cranston, 605 Hampshire street, Quincy, Ill., writes: I have found Ballard's Horehound Syrup superior to any other cough medicine I have ever known. It never disappoints. Sold by H. L. Tucker, druggist.

An Aeronaut's Awful Death.

Cannes, March 25.—An immense crowd gathered here to-day to witness a balloon ascension by the aeronaut Wilton, who is well known in America. No car was attached to the balloon and Wilton ascended hanging to a rope. When 15,000 feet high the balloon was caught in a current of air that carried it rapidly seaward. It was apparent that he could not control the valve at the top of the balloon, which had been opened, would have let the gas out and the balloon to descend gradually. For some unexplainable reason the aeronaut let go his hold of the rope from which he dangled, and his body shot downward into the sea with frightful velocity. The accident occurred in full view of the spectators and a number of women in the crowd fainted away. A number of pleasure boats hurriedly made their way to the place where Wilton had fallen, and after a short search his body was recovered. His death must have been almost instantaneous.

Ballard's Snow Liniment.

This liniment is different in composition from any other liniment on the market. It is a scientific discovery, which results in its being the most penetrating liniment ever known. There are numerous white imitations, which may be recommended because they pay the seller a greater profit. Beware of these and demand Ballard's Snow Liniment. It positively cures Rheumatism, Neuralgia, Cuts, Sprains, Bruises, Wounds, Sciatic and Inflammatory Rheumatism, Burns, Scalds, Sore Feet, Contracted Muscles, Stiff Joints, Old Sores, Pain in Back, Barb wire cuts, Sore Chest or throat and is especially beneficial in Paralysis.

SHOT TO DEATH BY A MOB.

Olive Jackson, an Alabama Negro Murderer Riddled With Bullets

Montgomery, Ala., March 29.—To-day Oliver Jackson, one of the Grant murderers, was taken to the lower part of the county for preliminary trial. After the trial the negro was committed to jail without bond.

While en route back to Montgomery to night a dozen masked men took the prisoner from the two deputies at the point of pistols and sent the deputies back down the road. They had retreated about 100 yards from the mob shots were heard. Getting help, the deputies went to the scene and found the prisoner dead with a hundred bullets through him.

Oliver Jackson was the negro who had been hired to kill Mr. Grant, but was late in meeting the conspirators, and the latter did the deed. Jackson had committed three murders. Several years ago he killed a white man near the city and burned him to hide the crime. Five of the Grant murderers are now in jail here awaiting trial. The murder was committed about three weeks ago near this city.

Grandmother—"Well, Buddie what is a fortification?" Buddie (with a wink of his eye)—"Grandma, I don't know unless it be two twentyfications."

"Gimme my wife," said the Chicago man to the telephone girl. "Number please!" "Number three—oh—er—I mean gimme 41144."—Indianapolis Journal.

Executive Clemency.

Gov. Stone granted clemency to two negro convicts Monday. Isaac Dickson, convicted of manslaughter in the second degree in St. Louis November 1893 and sentenced for 5 years was granted a pardon. He is 70 years old and has been an inmate of the hospital ever since his imprisonment.

Charles King, who was convicted of robbery in the first degree in Jackson county, November 1885, and sentenced to the penitentiary for 25 years, was granted a commutation reducing his sentence to 12 years with benefits of the three-fourths rule. The sentence was deemed to be unnecessarily severe and King had made a good prison record. By working overtime he has earned considerable money which he has contributed to the support of an old lady in Mississippi who formerly owned him.

Men That Women Don't Like. Of course, women like good men, but they don't like prigs. The other day one bright girl was entertaining another with the description of a young man who lived next door. He seemed a model. He had never smoked, played cards' stayed out late, talked back to his mother, told a lie or said a swear word in all his life.

"Now what do you think of a young man like that?" cried the first bright girl, with the expression of one who played the ace of trumps. "I think," said the second bright girl, slowly and solemnly, "that he must have liver complaint, and have it badly."—Chicago Post.

Sweet Springs Has a Blaze.

Marshall, Mo., March 28.—A disastrous fire occurred at Sweet Springs, this county, last night. B. F. Swaggert's livery stable and contents were consumed. Thirteen horses perished. John M. Bellaney's three warehouses filled with grain, were also destroyed. Two boys sleeping in the barn narrowly escaped. Losses not known.

Prendergast.

Chicago Ill., March 28.—P. E. Prendergast, the assassin of mayor Harrison, tried to kill himself in his cell this forenoon but the guards prevented him.

Prendergast tried to punch the eyes out of Charles Johnson, his death watch, yesterday afternoon. He used the cell broom and stuck Johnson in the face twice as the latter sat in front of the cell.

The guards left cheek and forehead were bruised considerably by the assault of the assassin. Prendergast has become very bold and defiant since Judge Chetlain's order giving him a new lease of life.

A cup of Parks Tea at night moves the bowels in the morning without pain or discomfort.—Sold by H. L. Tucker.

The criminal laws of Missouri are notoriously made in the interest of criminals and for the greater facility of crime. One of the worst of recent innovations is the statute under which a change of venue in criminal cases can be obtained on a mere affidavit of prejudice on the part of the judge before whom the case should be tried. No proof is necessary, and the judge has no discretion but to send the case elsewhere. We hope the next legislature will repeal or modify this law.—Globe Democrat.

Washington, D. C., March 28.—Mrs. William T. Wilson, wife of Representative Wilson, chairman of the ways and means committee, reached here to-day from Texas after a long visit at her husband's sick bed in that state and Mexico. She stated her husband was well on the way to regaining his health. He was up and about, and while still weak, he was rapidly getting back his strength. He needed no further nursing so his son had gone on a fishing expedition and Mrs. Wilson had come north.
