

No More Aching Joints.

The disease is cured, not merely relieved, but CURED permanently, if the medicine is used that goes to the seat of trouble—the rheumatic acid in the blood. When this acid is once eradicated the cure is absolute, the disease cannot return.

LALLEMAND'S SPECIFIC

FOR RHEUMATISM AND NEURALGIA.

will quickly get the acid out of the system. It is a powerful remedy, penetrates to every part of the body, destroying the rheumatic acid and conveying warmth, ease and strength to the aching bones and joints. Must be taken in drops only, yet it exercises the highest curative power.

THE HOME MAY BE MORTGAGED.

The Missouri Ex-Confederate Association in Need of Money Veterans.

St. Louis Mo., Nov. 15.—When the Confederate Home association of Missouri met here it was reported that the home needs financial help. The most popular suggestion apparently was that the home should be incorporated with a capital of \$100,000, and that every contributor should be given a share of stock for \$1. It was estimated that this sum would maintain the home for twenty years, the limit of life for a corporation in Missouri. It was argued that the ex-Confederate veterans would all have passed away by that time. Then the farm would revert to the stockholders, and net at least \$40,000.

The minority report of Judge Le Roy B. Valliant and Edward Cunningham of St. Louis objected to accepting promises to pay extending over twenty years. They endorsed the idea of mortgaging the home for \$200,000, but preferred issuing paid up stock for the amount in small sums from \$5 to \$50.

The meeting favored the minority plan, as it was held that the majority plan would necessitate endless bookkeeping and in no wise insure a steady income.

The minority report was adopted. The issuance of the mortgage bonds is contingent, however, on the action of the state general assembly, that the state has a right to give money by appropriation to a private corporation for the maintenance of its indigent and insane. Under this the association will appeal to the assembly for state aid. There are funds enough to meet current expenses till after January 1.

Clinton, Missouri. 3

Mr. A. L. Armstrong, and old druggist, and a prominent citizen of this enterprising town, says: "I sell some forty different kinds of cough medicines but have never in my experience sold so much of any one article as I have of Ballard's Horehound Syrup. All who use it say it is the most perfect remedy for cough, cold, consumption, and all diseases of the throat and lungs they have ever tried." It is a specific for croup and whooping cough. It will relieve a cough in one minute. Contains no opiates. Sold by H. L. Tucker.

Macon, Mo., Nov. 17.—The dead body of Wm Magnus was found lying in his field east of town at noon. There were three bullet holes in his head and he is supposed to have been murdered. Officers are after the suspected parties.

Maceo and Weyler Meet.

Chicago, Ill., Nov. 16.—A Tribune special from Jacksonville, Fla., says cipher dispatches just received report a fierce battle is in progress at Pinar Del Rio.

It is believed Maceo and Weyler have met. The reports of fire arms have been almost incessantly heard for several hours.

No details of the engagement are given, other than the statement that a most decisive engagement is being waged. The last definite news of Captain General Weyler located him at Oleaya, within a few miles of Maceo's intrenchments, where the battle is raging.

The dispatch adds: Insurgent forces are well located in the hills, and are pouring hot fire into the Spanish troops, which have repeatedly been driven back, in attempts to capture the Cuban stronghold. The insurgents have the advantage of position, being at a great elevation but the Spaniards are making a most desperate attack. From a distance it looks as if several towns are in flames. The sky is lighted up by the constant fire of the artillery. Whether or not Maceo himself is directing the insurgents' tactics can not at this time be learned.

The Democratic Future.

A heated and in many respects bitter campaign, conducted largely on new lines, has closed with the election of McKinley by a large majority in both the Electoral College and the popular vote. Under the administration of Mr. McKinley we may look for an era of trusts and high protection. His name is identified with an excessive tariff, and there is nothing in his history to show that he is unfriendly to oppressive corporations and aggregations of capital.

Many of the grievances of which the people have complained, and complained justly, are likely to be increased before 1900. It therefore becomes the Democrats to quit chasing rainbows and get together. The Democratic party has sustained a severe defeat, but it has sustained severe defeats before and risen triumphant from its fall. It can do it again. It is now, as it has always been, the party of the people, of popular rights, and though it may wander from the path and be beaten at times, destiny and the course of civilization are with it.—New York World.

Greene County Silver League

The Greene County Free Silver League held a meeting Saturday and elected E. A. Barbour president, Almus Harrington vice president and F. W. Hagerman secretary. Resolutions were adopted touching the character of the late campaign and pledging the organization to a renewal of its efforts for the success of the silver cause in the next national contest. The campaign of 1900 will be opened at once and free silver clubs are expected to hold their organizations for the new crusade against the gold power.—Leader Democrat.

To Reform the Currency.

Indianapolis, Ind., Nov. 18.—At a meeting of the Board of Trade tonight the following resolution was unanimously passed:

Whereas, The result of the recent national election signifies clearly a determination on the part of the people to have a sound system of currency and it is manifest that reforms in the existing system is necessary:

Resolved, That the Boards of Trade of Chicago, St. Louis, Cincinnati, Louisville, Cleveland, Columbus, Toledo, Kansas City, Detroit, Milwaukee, St. Paul, Des Moines, Minneapolis, Peoria, Grand Rapids, and Omaha be invited to send three delegates to a preliminary conference to be held in Indianapolis December 1, 1896, for the purpose of considering the advisability of calling a larger conference, composed of delegates from the Boards of Trade and commercial organizations of the cities of the United States to consider the propriety of creating a non-partisan commission to which shall be assigned the duty of formulating a plan for the reform of the currency, to be reported to a subsequent meeting of the conference.

Judge Martindale, Hugh Hanna and George C. Tannor were named from the Indianapolis Board of Trade and committees of arrangements and entertainment were appointed.

Reduced Wages.

Chicago, Ill., Nov. 18.—About a month before the election the Pullman Palace Car Co., laid off a large number of employes, their re-employment being contingent on the election of McKinley. Now some of them have been taken back, but at reduced wages, and the pay of all other employes has also been cut down. In addition to this the company insists that all employes shall rent from their employer. This is a great hardship on workmen who have been buying homes in Roseland, Kensington and other surrounding towns, or who preferred to rent elsewhere on account of the high rates demanded by the Pullman Co.

Another important reason for the lay-off was not made public at the time. It was claimed, however, that the purchasing power of the gold dollar was increasing so rapidly that the workmen could not expect to receive as high wages for their work as heretofore. After the force was reduced, the various superintendents in the shops made new schedules under which the men were to work when re-employed. These are now being put into effect.

The big, hearty, hearty man is a continual irritant to his dyspeptic friend. Constipation is the root of nine tenths of the sickness of men, and of a large portion of women. It can be cured easily, naturally and quickly. Nature is continually working as hard as she can to throw off impurities, and to force out poisonous refuse matter. When there is an impediment, Dr. Pierce's Pleasant Pellets set the wheels working again without any trouble. They assist nature in a gentle, healthful, efficient way. There is nothing violent about their action, and yet it is just as certain as if it were twice as violent. "You do not become a slave to their use." They are different and better than any other pill for the cure of constipation, headache and kindred derangements. Almost all druggists understand this, and are conscientious enough to tell you so. The druggist who tries to sell you a substitute is not a safe man from whom to buy medicine. Send 21 cents in one-cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1008 page "Common Sense Medical Adviser," profusely illustrated.

The Bryan Party.

Ozark, Mo., Nov. 18.—Mr. Bryan and the gentlemen along with him in the hunting party arrived here yesterday evening. The hospitality of the Southwest has been extended them everywhere. At Springfield, Mr. Bryan was compelled to make two brief speeches, one at the hotel and one at the station on leaving. Crowds greeted the party all along the road to Ozark, and thousands were awaiting to meet them on arrival.

Pettus Wins.

Montgomery, Ala., Nov. 17.—Gen. Edmund Winston Pettus of Dallas county was nominated for Senator from Alabama by the Democratic caucus of the two houses of the General Assembly, by a vote of 67 to 26, over Wm. C. Oates, the present Governor of the State. Gen. Pettus is a free silver advocate.

Brutal Robbery.

Hannibal, Mo., Nov. 18.—News reached here today of a horrible outrage committed Monday night near Huntington, a small town in Rails county. George Smith is a wealthy German farmer, and he and his wife, both quite aged, live alone. Three masked men entered their home Monday night, bound them hand and foot, and then ransacked the house for money. Among the articles of furniture was a leather trunk which they cut open, and not finding any money they searched the old gentleman's clothing, where they secured \$60.

Mr. Smith had recently drawn considerable money from the bank to pay off a note, and it is believed these parties knew of it. Two of the men were recognized by Mr. Smith, and as soon as they can be found they will be arrested. As soon as they had secured the money they left, leaving both of the old people bound with a rope. At the expiration of an hour Mrs. Smith managed to free herself, but the old man was so strongly bound that the rope had to be cut before he could be released.

About five years ago near that place Mr. L. had McElroy was robbed in a similar manner of about \$3,000, most of which was in gold.

Blood Filtering.

Impure blood is the cause of many of the diseases that afflict the body. When the kidneys are healthy the blood is cleaned of all waste matter and impurities, and it carries food, strength and energy to every part. If the kidneys are prostrated the impurities in the blood rapidly accumulate, decay, and turn to uric acid which poisons not only the vital organs, but the very structure of the body itself, producing dropsy and Bright's Disease.

Prickly Ash Bitters is a successful kidney remedy. It cleans and strengthens the suffering kidneys, cleanses the liver, assists the digestion and purifies the bowels, thus the functional processes are carried on properly, the blood is purified and healthy conditions prevail. Tried to Murder his Wife.

Milan, Mo., Nov. 18.—News of an attempted murder reached this city this morning. Gus Menefee, a farmer living six miles north of here, has been in the habit of mistreating his wife and family when drinking. Late last evening they started to walk home from this city, when he began beating his wife unmercifully. They were accompanied by a citizen of this place for two miles. As soon as he left them he began mistreating his wife again, and when a short distance this side of Foynton, knocked her down. He drew a razor from his pocket and told her that he intended to cut her throat and end his own life. In the struggle she knocked the razor from his hand and thus saved her life. Her face and breast were horribly mangled and she is now lying at the point of death at a neighbor's residence. Menefee fled, but was captured yesterday near Linneus, and will be given a hearing before a justice to day. The grand jury, in session here, will indict him.
