Six Children Perish in Flames.

Columbia, S. C., Sept. 21.—Andrew Smith and his wife, colored, living near Donalds, Abbeville Co., went to church and locked in their house six children, the youngest of whom was 18 months old, and the eldest 7 years. An hour later neighbors heard frightful screams coming from Smith's house, the interior of which was in flames.

Negroes made heroic efforts to save the children, but it was impossible to reach them and all perished. It is supposed that an oil lamp left burning was overturned. When the parents returned a pile of bones in the ashes was all they found.

How to Find Out.

Fill a bottle or common glass with urine and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys. When urine stains linen it is positive evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

WHAT TO DO.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp Root, the great kidney remedy, fulfills every wish in relieving pain in the back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and the extraordinary effect of Swamp Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists, price fifty cents and one dollar. You may have a sample bottle and pamphlet both sent free by mail. Mention **BUTLER WEEKLY TIMES** and send your address to Dr. Kilmer & Co., Binghamton, N. Y.

CHARGED WITH MURDER.

Warrants issued for Sheriff Martin and His Deputies.

Hazleton, Pa., Sept. 20.—Unless unforeseen developments occur the anthracite coal strike in this region is ended. To-day 1,200 men, half of the full complement, returned to work at the Honeybrook collieries of the Lehigh and Wilkesbarre company, as did 300 of the 1300 at Pardee's Latimer mines, while the Cranberry, Crystal Ridge and Harwood collieries of the same company and Cox's collieries in the Drifton district, remained at work. The latter were to have settled the question of the strike to day, but at the request of the operators held off until next Thursday. The employees of the Hazle mines of the Lehigh Valley company are tonight considering the question of returning in the morning and probably will do so. Nearly 5,000 strikers have returned or will do so tomorrow, and a little less than that number are still out with indications in favor of their joining the workers.

The warrants for the arrest of Sheriff Martin and his deputies were issued to-day by Judges Lynch and Bennett at Wilkesbarre. They were served here to-night. No resistance was made. The writs contain 78 names, including the sheriff's.

Ninety-Seven Years Old.

Mason City, Jo., Sept. 17.—James Blake died to day, aged 97. He was the oldest man in Northern Iowa, he shook hands with Lafayette on his farewell visit to America, and voted for Monroe. He had been married four times, had 27 children and over 200 grand children, and was for 80 years an inveterate smoker.

FEVER GAINS IN FURY.

Disease Distributed Throughout the South.

FIFTY CASES AT EDWARDS.

Eleven at Mobile Were Seized With It Saturday.

Mobile, Ala., Sept. 19.—The board of health reports eleven new cases of yellow fever, all in the affected southern district, except one which is in the northwestern portion, about a mile and a half from the center of the city. No deaths are reported in the city.

New Orleans, La., Sept. 19.—Rafael Foulson of 1426 Chartres street was yesterday afternoon reported suffering with yellow fever.

Edwards, Miss., Sept. 19.—A total of thirty-nine cases are pronounced yellow fever by the doctors. The rapid spread of the disease is remarkable. Five of the patients are in the country. The disease is now well distributed throughout the country. Several new cases are reported but not yet passed upon by the physicians, which will doubtless swell the total to fifty.

The general condition of the worst cases is improved and none of the cases is considered dangerous.

GOVERNOR IS QUARANTINED.

Jackson, Miss., Sept. 19.—The governor of a sovereign state denied admission to his capital city. This is the unique state of affairs that exist in Mississippi this morning as a result of the troublesome

times in which the people now find themselves.

Governor McLaurin at the outbreak of the yellow fever wave was in the interior of Simpson county, from which place he proceeded to his old home in Brandon. Being anxious to return to the state capital, he made application to the city board of health for permission to enter the city, which was promptly denied by the board.

DIRECTS THAT TRAINS BE FUMIGATED.
New York, Sept. 19.—An order has been issued by health officer Daniel W. Benjamin of Jersey City directing that trains arriving from the south, especially from the vicinity of New Orleans, be fumigated so as to guard against possible yellow fever germs being brought to Jersey City in the cars.

MONTGOMERY QUARANTINES.

Montgomery, Ala., Sept. 19.—Montgomery has quarantined against Atlanta on the grounds that she opens her doors to yellow fever refugees.

LAND OFFICE CLOSED.

Washington, D. C., Sept. 10.—On account of the yellow fever epidemic, the President has issued an order temporarily closing the land office at Jackson, Miss.

McLAURIN ORDERS OUT TROOPS.

Jackson, Miss., Sept. 19.—As a result of the destruction of the tracks and a culvert on the Alabama and Vicksburg road at an early hour yesterday Governor McLaurin has just ordered out the Capital Light Guards of this city, in order to prevent any further destruction of property.

It is learned that in addition to

tearing up the tracks of the Alabama and Vicksburg railroad, a short distance west of this city, a crowd has also burned a trestle on the same road a few miles west of the city.

Indignation is at fever heat here, and the people say that if necessary to compel observance of their reasonable quarantine regulations they will burn every bridge between here and Vicksburg.

Bryan Speaks to 8,000.

Des Moines, Ia., Sept. 21.—W. J. Bryan and F. E. White, democratic candidates for governor, were the principal figures in a free silver rally here Monday. Three meetings were held, Mr. Bryan speaking this afternoon to 8,000 people. He devoted his time to the silver issue and said that the eyes of the country are on Iowa and Ohio this year. He said free silver was more alive this year than last year.

Mr. White, in the evening, also devoted nearly all his time to silver. Mr. Bryan spoke in the evening at Newton. He will spend the whole week in the state.
