SHE WILL WEAR SHEATH GOWN AT SWELL WEDDING

Hearst News Service.
Washington, June 13.—The directoire or sheath gown, that daring, naughty garment which is said to cling to the dainty feminine form in a manner to leave nothing to the imagination, will make its first invasion of social Washington on Monday, according to reports that are now being whispered, in shocked, awed tones, by the social leaders of the national capital.

Mrs. Preston Gibson, daughter of Mrs. Thomas Nelson Page, will be the fair exponent of the charms of the sheath gown, according to reports. The occasion of the display will be the marriage of Miss Erroll Cuthbert and Lieu-

tenant Charles Train, at which Mrs. Gibson will be a matron of honor. It is a strange coincidence that Mrs. Gibson's adoption of the directoire gown follows the rumor that Charles Dana Gibson will dress his future Gibson girl pictures in that garb.

Mrs. Gibson's gown is said by those who have seen it to live faithfully up to the plans and specifications laid down by the Parisian designers of the grapeskin garb. The slash at one side which is a pronounced feature of the very unromy dress, is present, it is said, in Mrs. Gibson's gown. If it wasn't say those who have been allowed to see the dress, she wouldn't be able to walk.

CHICAGO SOCIETY GIRLS WILL APPEAR IN TIGHTS

Hearst News Service.
Pittsburg, Pa., June 13.—Pittsburg men who desire to get a line on the form of the society damsels of the smoky City will not have to wait for the arrival of the new style of Paris gowns. The daughters of Pittsburg millionaires have gone the Parisiennes one better and tonight some of the most prominent girls of the city will appear in a theatrical performance of "The Pirates of Penzance." Wearing pink tights and not much else. It is advertised that the chorus will be composed of young women representing an aggregate family wealth of \$500,000,000.

Sixty girls, petite and plump, all the daughters of Pittsburgers worth not less than a million each, will display their charms for the benefit of sweet charity and the Johannes of the Smoky City. The performance will be a benefit for the Industrial Home for Crippled Children.

Mrs. Claude Griffey, a bride of a few weeks and until recently the soprano of the super-fashionable First Presby-

terian church, will sing the principal role. Her husband is a Denver man and shortly before his marriage to the beautiful society soprano, was divorced from his first wife.

WANTED

Ten men of Good Appearance to do soliciting; \$10 to \$25 per week. Apply at once to Daily News Office.

For a Sprained Ankle.

As usually treated, a sprained ankle will disable the injured person for a month or more, but by applying Chamberlain's Liniment and observing the directions with each bottle faithfully, a cure may be effected in many cases in less than one week's time. This liniment is a most remarkable preparation. Try it for a sprain or bruise, or when laid up with chronic or muscular rheumatism, and you are certain to be delighted with the prompt relief which it affords. For sale by Hays & Field and Yellow Pine Pharmacy.

CIVIL TERM OF COURT BEGINS MONDAY FOR THREE WEEKS

Some Important Civil Cases to Be Tried---No
Grand Jury, But Petit Jurors Have
Already Been Summoned.

If there is any place on the earth where finer peaches will grow than around Hattiesburg, that place has not yet been discovered.

It has long been known that the very finest peaches of any variety could be grown here, and especially can the early varieties be made a great success.

As an evidence of this Mr. C. H. Colmer, of this place has been marketing fine, large, well-matured peaches since the 8th day of May.

Yesterday Mr. Colmer sent a box of peaches to the Daily News in order to show the possibility of the soil here for raising this fruit. These peaches were not selected from among a lot of others; they were the same size and kind that Mr. Colmer has been placing on the market, being of a variety that ripens in June. No one ever saw finer peaches anywhere. They were large, luscious and beautiful, well ripened and not a flaw or speck about them. Their flavor was delicious, far surpassing both the California and the Georgia peach. In no section of the country does a peach have such fine flavor as do the peaches grown here.

As showing the size, Mr. Colmer sent one of his largest peaches to a prominent gentleman of this city and it measured nine inches in circumference. Think of that! It is doubtful if its like can be found anywhere in the United States at this season of the year.

Mr. Colmer only has two acres in peaches and very near all of his trees are fruiting, this being their first year to bear.

Mr. Colmer is thoroughly convinced that the growth of peaches can be made profitable here and that the soil around Hattiesburg is peculiarly well adapted for growing the best and finest variety. Then, too, there is a more

delicious flavor to the fruit grown here than in any other place.

Another and very great advantage about peach growing in this section is that the fruit comes on early and if shipped to the market would bring fancy prices.

Good Place to Avoid.
Borneo holds the record for mosquito toes.

IN FRATERNAL CIRCLES
