

# DENVER CONVENTION HALL NOW NEARING COMPLETION

More Than Half Million Dollars Has Been Expended in Erection of Structure.

**MONSTER EDIFICE SEATS OVER 12,000**

No Liquor Will Be Allowed on the Premises During the Convention. Other Facts Concerning Building and the Convention City.

DENVER'S CONVENTION HALL.

Hearst News Service. Denver, Colo., June 26.—Denver's mammoth auditorium, in which the Democratic national convention will be held is now almost ready and its doors will be formally thrown open tomorrow. Over a half million dollars have been expended in the construction of the monster edifice, with the result that Denver now has one of the largest buildings in the land for entertaining vast assemblages. Over 12,500 people can be comfortably seated within its walls, giving it a larger seating capacity than the Coliseum in Chicago, where the Republican convention was held, or Madison Square Garden in New York. A perfect heating and ventilating system and numerous exits, allowing the building to be emptied in three minutes, render it one of the most perfectly adapted halls of its kind in the world.

Arrangements for the Democratic convention are now nearing completion. A platform and rostrum occupies the west side of the auditorium, with the seats for the delegates and alternates extending along the floor of the stage proper. Upon the platform will be 445 seats, which will be reserved for the members of the National Committee and for the guests of honor. The number of seats on the rostrum will be 161.

Seats for the delegates in front of the rostrum are arranged nearly in the center of the building. The number of seats is 1,500 and immediately behind this section are the seats of the alternates, also 1,000 in number.

The main entrance is on Curtis street. On this side will be 1,973 seats for the general public. The same plan prevails at the opposite end of the building, where 828 seats will be reserved for the general public. Back of these sections and also along the Fifteenth street side of the building are covers with a total capacity of 544 seats. In addition there will be seating space for 700 people more at the Curtis and Champa street ends of the structure.

The front rows in the balcony and gallery will be reserved for the families of the delegates, alternates and convention officers. The actual seating capacity of the balcony will be 3,625 and of the gallery 1,889.

The auditorium is constructed without pillars or posts to obstruct the view, and the acoustic properties are so perfect that a speaker can be heard from any part of the building. The auditorium is fireproof, no wooden material of any sort being used in its construction, even the sashes in the windows and the lath being of iron.

A band of music will be stationed in each balcony. A signal wire will be run from each band stand to the desk of the sergeant-at-arms, so that the musical program can be governed at will.

Absolutely no liquor will be allowed on the convention hall premises during the convention, and those whose enthusiasm requires to be fired by intoxicants will have to go beyond the "dry" zone to secure even a glass of beer.

**SEMINARY WON GAME.** Daily News Special. Seminary, Miss., June 26.—Seminary and Ellisville crossed bats yesterday. A lively game was played all the way through, and at the end of the game the scores stood 9 to 1 in favor of Seminary.

Batteries—Ellisville, Stokes and Tucker; Seminary, Carter and Tyner.

A fit ending to any dinner, lunch or party is Hays & Field's Ice Cream. Phone No. 740. jun 23 5t

## NEW RAILROAD BEING PROJECTED

GOVERNOR NOEL HAS INCORPORATED THE ROAD.

Will Be Built Through Kemper County and Is Promoted by Home Capitalists—Will Open Up a Fine Farm and Timber Country.

Jackson, June 26.—Gov. Noel today issued his proclamation authorizing the organization of another railroad company. The new line is to be a branch of the Mobile & Ohio Railroad and is to be built in Kemper county.

It will be known as the "Snoody Valley Railroad Company," and proposes to run from DeKalb, the county seat of Kemper county to Sucarnoche, a station on the Mobile & Ohio road. The line will be between 12 and 15 miles in length. DeKalb is almost in the exact geographical center of Kemper county and Sucarnoche is about 12 miles distant on a bee line, and about 2 miles south of a direct east and west line. Kemper is one of the largest counties in the state in area with an almost exclusively white population and contains much splendid hardwood timber. At present it has only one railroad, the M. & O. which runs through the extreme eastern side of the county.

On the west the Mobile, Jackson & Kansas City road runs through the center of Neshoba, six miles from the west boundary of Kemper and 20 miles from DeKalb. The proposed line will give the county seat direct connection with the M. & O. greatly relieving its isolated condition.

The incorporators are Sam O. Bell, A. A. Overstreet, T. D. Stennis, T. A. Hopper and other citizens of the county, and it is proposed to construct the line at once so as to have it in operation by the first of January next. While the line is promoted by local people, it is doubtless backed by the M. & O. which for the past two years has encouraged the extension of these branch lines into Mississippi and Alabama.

## BOOKS FOR PRISONERS

Chaplain Webb Brame of the Mississippi Penitentiary is Making a Collection.

Daily News Special.

Jackson, Miss., June 26.—Chaplain Webb Brame, of the state penitentiary, expresses gratification at the success so far achieved in his effort to collect a good library at the Rankin farm, where most of the white convicts are kept.

This movement was started several weeks ago by an appeal to the people of the state to make such contributions of books and other literature as they felt inclined, and the result is that more than 400 volumes have been collected, many of them coming from interested parties outside the state, as well as from those in Mississippi.

There are more than 100 convicts in the penitentiary, with varying tastes and conditions of literacy, and Mr. Brame states that many more volumes could be used, and that it would be almost impossible to find a volume which would not be suitable or acceptable.

A Sunday school has been established at Rankin, with the wives of the chaplain and one of the sergeants as teachers, and about fifty members have been enrolled among the prisoners, no compulsion or over-persuasion being used to secure the memberships. Services are held on Sunday afternoons, and the work is being very successfully conducted.

Born in Iowa. Our family were all born and raised in Iowa, and have used Chamberlain's Colic, Cholera and Diarrhoea Remedy (made at Des Moines) for years. We know how good it is from long experience in the use of it. In fact, when in El Paso, Texas, the writer's life was saved by the prompt use of this remedy. We are now engaged in the mercantile business at Narcoossee, Fla., and have introduced the remedy here. It has proven very successful and is constantly growing in favor.—Emmis Bros. This remedy is for sale by Hays & Field and Yellow Pine Pharmacy.

**HIS CHANCE IS GONE YOUR CHANCE IS HERE**

The Hattiesburg Business College is now in progress and will continue the year round. Special rates for the summer. Write or call for further information.

## TO DENVER CONVENTION IN BIG TOURING AUTOS

Chicago, June 26.—Four touring automobiles, loaded with Illinois delegates to the Denver Democratic convention, with a baggage car to bring up the rear, will constitute the queer caravan which will leave Chicago tomorrow for the "mile high" city.

Roger C. Sullivan, national Democratic committeeman from Illinois, is the promoter and originator of the scheme. The trip will be made by easy stages, as on account of the numerous receptions which will be planned at the different towns through which the train will pass the going will average about 125 to 150 miles a day.

One of the most important stops will be made at Lincoln, Neb., the home of W. J. Bryan, the heir apparent to the Democratic nomination, who will hold a reception for the visiting delegation. After leaving Chicago the train will pass through Dixon, Sterling and Morrisburg, crossing the Mississippi at Clinton, Iowa, and subsequently passing through Cedar Rapids, Des Moines and Council Bluffs, Iowa,

thence to Omaha, Neb., and, after a brief stay in Lincoln, will proceed to Denver over a route selected later. Tickets for the trip were issued on the same plan as those used in railroad traveling, and the fare is identical with that charged by the standard railways to the delegates who prefer traveling by rail. These tickets will be countersigned by the mayor of the various towns through which the delegates pass.

This is the first time in the history of American transportation that automobiles have been utilized for long distance passenger service in competition with trunk line railroads, and Committeeman Sullivan's selection of this novel method of travel for his delegates is a precedent. The touring cars which will compose the train each will seat seven passengers, and are built on the same type of chassis as that of the war message car, which recently made an arduous trip with army despatches from Ney York to Fort Leavenworth, Kan.

## NERVY WAGER ON ELECTION STATE GUARD ENCAMPMENT

FIVE OF THE SIX CONGRESSMEN WILL BE RE-ELECTED. JACKSON WILL SUBMIT INVITATION TO THE MILITIA.

This is the Proposition That is Being Offered Around the State House and Thus Far It Has Not Met With Any Takers. Board of Trade Has Taken the Matter Under Consideration, and Will Invite the Soldiers to Hold Their Gathering Here.

Daily News Special. Jackson, June 26.—State House politicians who are sportively inclined are offering wagers at even money that five of the six Mississippi members of congress who are candidates for reelection will be endorsed by the voters at the August primaries and retain their seats for another two-year period.

Ordinarily this would look like a long-shot proposition, but the confident manner in which certain men are offering to bet real money on their judgment has thus far prevented them from getting any takers. It is believed here that in some of the districts the races are not even going to be close enough to be interesting. In the fourth district of course, a very lively interest has been aroused in the three-cornered contest, and the same is true of the second district, where there are six candidates in the field. The individuals who are submitting the gambling proposition doubtless figure on the possibility of either Congressman Hill or Congressman Spight being defeated.

Daily News Special. Jackson, June 26.—Jackson is in the field to secure the annual encampment of the Mississippi National Guard, and the Board of Trade is getting in readiness to submit a proposition to the military authorities to capture the event. Natchez has withdrawn her invitation, owing to the lack of available site. Thus far Gulfport has not indicated her purpose to submit an offer. Columbus and Vicksburg, however, are putting forth strong efforts to capture the event, and it is more than likely that the choice will narrow down between Vicksburg, Columbus and Jackson, unless Hattiesburg and Meridian should make up their minds to apply. The war department allowance of about \$20,000 will become available after the 1st of July, and Adj-Gen. Fridge is busily engaged with the necessary preparations. It is expected that the encampment will be held during the latter part of July.
