

**HAVE YOU NO SOLE?  
(ON YOUR SHOES)**

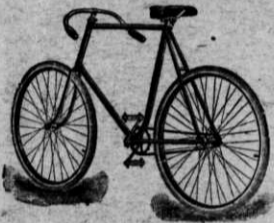

Or perhaps your heels are running down, but your old shoes feel so comfortable that you hate to give them up.

We can adjust that for you so that you can retain the comfort and shoes too. We have installed a modern shoe repairing plant, where every method of scientific shoe work is employed. By our methods we completely rebuild your shoes and make them as good as new. Leave your shoes here in the morning and get them on your way home in the evening.

We repair them while you wait—if you are willing.

**PARCELS POST LAW IS NOW IN FULL EFFECT**

Hearst News Service.  
Washington, June 30.—After today, under the parcels post agreement with Great Britain, parcels up to a weight limit of eleven pounds may be mailed to England, Scotland and Ireland. Postmaster General Meyer believes that this will materially increase the number of parcels sent to the United Kingdom and from the countries composing it to the United States. At the present time, a package weighing in excess of four pounds six ounces

cannot be sent in the mails to the United Kingdom.

There are now thirty-three foreign countries with which we have parcel post conventions; with nine, the weight limit is four pounds six ounces, and with twenty-four it is eleven pounds. It is the intention to make the maximum weight eleven pounds in all countries.

Owing to the objections of the express companies, however, this weight limit will not apply to points within the United States.

**CRUDE OIL FOR FUEL**

Hearst News Service.  
San Antonio, Tex., June 30.—The Southern Pacific Company has bought 5,000,000 barrels of crude oil, at 50 cents a barrel, for use in its locomotives on its lines in Texas and Louisiana. The deliveries will cover a period of three years.

**CORTEYOU WILL STAY ALL-SUMMER**

Hearst News Service.  
Washington, June 30.—Secretary Cortelyou will remain in Washington all summer and keep the departmental machinery running, while most of the other cabinet officials and the President are away.

**FLEET SOON TO SET SAIL**

**Pacific Squadron Will Visit Honolulu, Samoa and Other Interesting Points.**

Hearst News Service.  
Washington, June 30.—The vessels of the first squadron of the Pacific fleet will leave San Francisco on August 24th, for a cruise to Honolulu, Samoa and return. The squadron will consist of the cruisers West Virginia, Colorado, Maryland, Pennsylvania, Tennessee, Washington, California and South Dakota, the cruiser Charleston as tender. The Solace will go along as mother ship to eight torpedo-boat destroyers, the Hopkins, Hull, Truxtun, Whipple, Perry, Preble, Stewart, and Farragut. The squadron will return to San Francisco about October 15th.

**NAVY TO USE OIL FOR FUEL**

Hearst News Service.  
Washington, June 30.—Because of the success of the oil-burning torpedo-boat destroyers and torpedo boats of the English navy, the Board of Construction has recommended that the ten torpedo-boat destroyers provided for by the last Congress be equipped for oil burning only.

It is reported that recent tests by naval experts of oil as a fuel have given sufficient proofs of its efficiency to cause the recommendation.

The board has also recommended that the new vessels be equipped with turbine machinery. The opinion is expressed that the speed of the oil-burning destroyers will be much greater than that of those burning coal fuel.

**INTERNATIONAL STEEL COMBINE**

Hearst News Service.  
London, June 30.—The "Iron and Steel Trades Journal" advises, reiterates the statement that an international steel combination is approaching completion, in confirmation of which that journal publishes interviews with representatives of American and German syndicates, which affirm the truth of the report. The headquarters of the concern will be in London. Its capitalization will reach 150,000,000 pounds.

**HORSE FARM FOR THE ARMY**

Hearst News Service.  
Kansas City, Mo., June 30.—As soon as the stables can be built at Fort Reno, the new U. S. horse farm will open. It is proposed to turn out more than a thousand head of horses and mules each year ready for the army. By July 1st the three-year-olds are expected to go to the reservation and the training will begin.

**For a Sprained Ankle.**

As usually treated, a sprained ankle will disable the injured person for a month or more, but by applying Chamberlain's Liniment and observing the directions with each bottle faithfully, a cure may be effected in many cases in less than one week's time. This liniment is a most remarkable preparation. Try it for a sprain of bruise, or when laid up with chronic or muscular rheumatism, and you are certain to be delighted with the prompt relief which it affords. For sale by Hays & Field and Yellow Pine Pharmacy.

**NEAR BEER NOW TAXED**

**Georgia Will Assess Those Who Make and Sell Substitutes For Famous Beverage.**

Hearst News Service.  
Atlanta, Ga., June 30.—An ordinance imposing a tax of \$200 a year on all persons or firms selling "near beer", an imitation of lager containing less than 2-per cent of alcohol, will become effective tomorrow and will doubtless result in driving many individuals out of business. Near beer has become highly popular since the passage of the Georgia prohibition act and merchants of all kinds handle it, as well as scores of near-saloons. The ordinance prohibits free lunch to be served with near beer.

**GLASS GRAVE STONES NOW**

**Pittsburg Concern Gets Orders For a Great Many of Them.**

Hearst News Service.  
Pittsburg, Pa., June 30.—A Pittsburg concern announces that it has received several orders and will begin at once to manufacture headstones of glass to mark graves. A unique feature of the new tombstones will be that there can be blown in the glass a photograph of the deceased person.

**ARMY OFFICERS GRADUATE FROM STAFF SCHOOL**

Leavenworth, Kan., June 30.—Seventy-eight officers, including two from the Mexican army, were graduated today from the Army Staff College and Special Service Schools at Fort Leavenworth. Major General J. Franklin Bell, of the general staff, and Captain Milton F. Davis, Tenth cavalry, secretary to the general staff, were here for the graduating exercises.

Of the seventy-eight officers, twenty-four were graduated from the Army Staff College, fifteen from the Army Signal School and thirty-nine from the Army school of the Line.

The Mexican graduates are Lieutenant Jorge Landa and Lieutenant L. Monter, both of the Mexican Infantry. They were students at the Army Staff College, by special permission of the United States war department.

**One Dollar a Word For WANT Advertising**

**W**ANT ADVERTISING SPACE is about the lowest-priced thing of value you can buy in this city. This phrase of the matter probably never occurred to you.

But think it over. Suppose that the rate for want advertising in this newspaper were one dollar a word! A prohibitive rate, you say? Perhaps, for some classes of business.

But if you were compelled to sell real estate, word for an ad. would still be a profit-returning you if it found the best market for your property. would be a cheap rate for a Situation Wanted ad. if it found twice as good a job for you as you have ever had. It would be a profitable way to secure a tenant for vacant property.

In fact, perhaps half of the want ads. would pay the advertisers at a dollar a word--and a great many of them would be paid for at that rate if this newspaper charged that rate.

*The purpose of this comparison is not to announce any advance in the want advertising rates--but to bring to your mind the fact that want adv. space, as now sold, is a genuine 'bargain'*
