**MAY CONDEMN
"UNCLE JOE"**

Peoria, Ill., October 19.—When the Illinois State Federation of Labor meets here tomorrow, the delegates will probably be asked to endorse a scathing denunciation of Speaker Joseph G. Cannon and to call upon the union workmen of the Danville District to do everything in their power to prevent his re-election. The question of endorsing or condemning other state and national candidates for public office will probably come before the session and will likely lead to an acrimonious discussion, since the Republican, Democratic and Socialist parties are all well represented among the delegates.

EYES MADE EQUAL

If your eyes are not working together if one of them is unequal to its task, you are under a great disadvantage. You are what your eyes make you and can never do more than they permit. If they are not serving you properly, everything you do will be worse than it should be—though seeming right to you! Think what this means in this workaday world. Reflect upon how easy a reputation for skill may slip away from you, and your earning capacity so be injured. You can only be at your best while both your eyes, are giving you their utmost service. If they are not, you need advice.

WHAT TO DO.
I will tell you after an examination whether they need assistance or not, and if they do, my record during the past years is proof of my ability to benefit you. Why hesitate when so much is at stake, when the result can only be benefit, if such is possible?

**WHEEL OF FORTUNE
IS IN FULL BLAST**

Thousands Are Eager to Get Slices
of Land in the Rosebud Indian Reservation and Much Excitement Prevails There.

Hearst News Service.

Dallas, S. D., October 19.—The Louisiana Lottery Company in its palmist days was never able to arouse so much interest in a drawing as has Uncle Sam's personally conducted game of chance in disposing of the Rosebud lands in Tripp county. Today the wheel of fortune will begin revolving, and the agents of Uncle Sam's Land Lottery, Limited will dole out to the possessors of lucky tickets the choicest 160-acre farms in the 800,000-acre reservation formerly occupied by the warlike Sioux. The lottery will continue until all of the winning tickets have been drawn from the wheel. Then the happy few will congratulate each other on the fairness and justness of Uncle Sam's little lottery, and the disgruntled many will return to their homes all over the country, muttering maledictions on Fate and South Dakota and land lotteries and things in general.

Persons who are successful in this drawing will be permitted to make entry of one-quarter section, or less, under the homestead laws, at some date after March 1, 1909, and may obtain title by making the required residence and cultivation and the payment of \$6 an acre for all lands entered prior to June 1, 1909, or \$4.50 an acre for lands entered under the president's proclamation, after that date. One-fifth of the purchase money must be paid at the date of

MICROBES IN THE SCALP
The Latest Explanation is That
Microbes Cause Baldness.

Professor Unna, of Hamburg, Germany, and Dr. Sabourand, of Paris, France, share the honor of having discovered the hair microbe.

Baldness is not caused through a few weeks' work of these hair microbes, but is the result of conditions brought about by their presence. Baldness may not occur until years after the microbes began work, but it is certain to come sooner or later.

The microbes cut off the blood supply. They feed on the fatty matter about the root of the hair, through which the blood is absorbed. Finally the fatty matter is wholly consumed, the food supply of the hair is gone and it starves and finally dies.

Resorcin is one of the most effective germ destroyers; Beta Paphol is both germicidal and antiseptic; Pilocarpin, though not a dye, restores natural color to hair when loss of color was caused by disease. These curatives properly mixed with alcohol as a stimulant, perfect a remedy unequalled for curing scalp and hair troubles.

We want everyone who has any scalp or hair trouble to try Rexall "93" Hair Tonic, which contains all these ingredients. If it does not grow hair on your bald head, stop your hair from falling out; cure you of dandruff; make your hair thick, silky, luxuriant; if it does not give you complete satisfaction in every particular, return the empty bottle to us, and we shall return every penny you paid us for it, without question or formality.

Of course, you understand that when we say that Rexall "93" Hair Tonic will grow hair on bald heads, we do not refer to cases where the roots are entirely dead, the pores of the scalp closed, and the head has the shiny appearance of a billiard ball. In cases like this, there is no hope. In all other cases of baldness Rexall "93" Hair Tonic will positively grow hair, or cost the user nothing. Owl Drug Store, 113 Front St., Hattiesburg, Miss.

**ILLINOIS RIOTS

MISSION MEETING**

Hearst News Service.
Chicago, October 19.—Resolutions condemning the recent Springfield riots and the racial animosities which cause such outbursts will probably be passed by the American Missionary Association at its meeting in Galesburg this week, according to prominent Chicago members. The association maintains many schools and churches in the south for the benefit of the negroes.

Governor Hughes interrupted his tour of the West long enough this week to go to New York and register as he is seen doing in this picture, which was taken from a flashlight made for the Hearst News Service.
