MUNICIPAL PROGRESS THE THEME

Hearst News Service.
Atlantic City, October 20.—Delegates from cities in various parts of the country were present when the American Society of Municipal Improvement convened this afternoon for its annual session. Meetings of the executive and finance committees, addresses of welcome and the presentation of reports occupied the opening sessions. Papers on municipal topics by experts will be read at the sessions tomorrow and Thursday, and the concluding business meeting will be held on Friday.

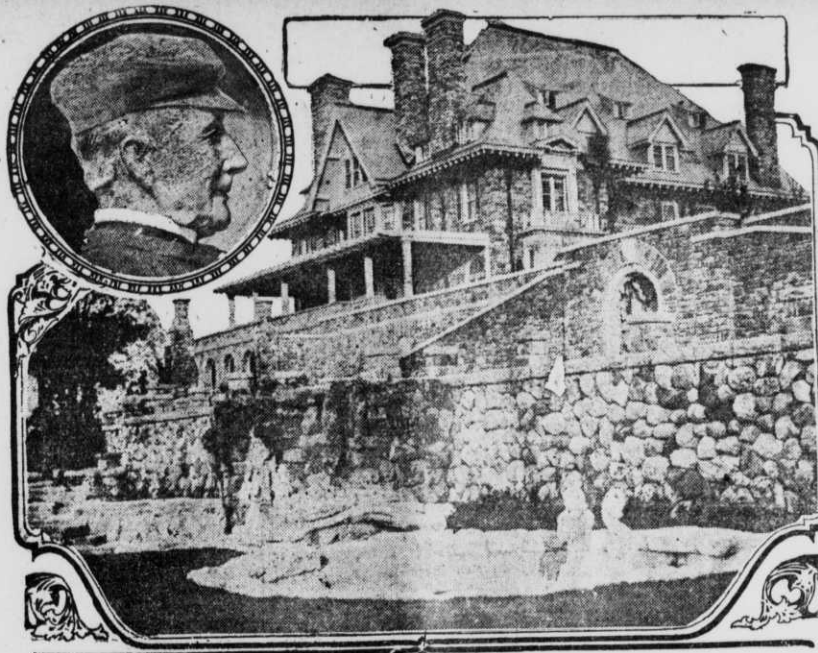

The society owes its existence to the efforts in the summer of 1894, of M. J. Murphy, at that time street commissioner of St. Louis. His persistent efforts resulted in a call for a meeting of interested cities on September 19th, 1894, at Buffalo, N. Y., for the purpose of effecting the organization. Delegates were present from Camden, N. J., Cincinnati, O., Fort Wayne, Ind., Grand Rapids, Mich., Indianapolis, Ind., St. Louis, Mo., Memphis, Tenn., Milwaukee, Wis., Newark, N. J., New Bedford, Mass., New Haven, Conn., Omaha, Neb., Portland, Me., and Syracuse, N. Y.

The society was organized on broad lines and its field of operation embraces every department of a municipality with particular attention to paving, water supply, sanitation, lighting and public improvements generally. It binds together for a common purpose the executive heads of the various departments, together with the mayors and councilmen who are responsible for the general policy to be pursued.

TUBERCULOSIS EXHIBIT MADE

Hearst News Service.
Fall River, Mass., October 20.—Men and women interested in the relief of the poor, the prevention and cure of disease and the reformation of criminals are gathering in Fall River for the seventh annual meeting of the Massachusetts State Convention of Charities, which opens this evening.

As a feature of the convention, an exhibit designed to illustrate the teachings of the society in hygiene has been installed by the Boston Association for the Relief and Control of Tuberculosis.

TO HONOR MEMORY OF LATE BISHOP POTTER

Body of Noted Divine Conveyed in State to Tomb in Crypt of Great Church Today.

IMPOSING CEREMONY MARKED THE EVENT

Anglican Bishops From All Countries Took Part in the Ceremonies and Thousands of People Witness the Procession to the Cathedral.

Hearst News Service.
New York, October 20.—Marked by the most imposing ceremony in the history of the Protestant Episcopal Church in America, the body of Henry Codman Potter, late bishop of the diocese of New York, was today conveyed in state to a tomb in the crypt of the Cathedral of St. John the Divine, where last honors were paid to the illustrious dead.

The interment of Bishop Potter is the first in the great pile of gray stone which is slowly rising on Morningside Heights as a monument to his inspiration and labor in planning and putting into actual course of progress, the first great Protestant cathedral of this country.

Anglican bishops from all over the United States and Canada marched in the procession which wound about the heights upon which the cathedral stands. Hundreds of clergymen, in ecclesiastical robes, were in line, and the entire body was led by a surpliced choir which chanted dirges for the dead as the procession neared the cathedral.

Thousands of people witnessed the procession from the lofty ridge selected by Bishop Potter as the site of the inspiring house of worship. Today was selected for the ceremony because it marks the twenty-fifth anniversary of the ordination of Bishop Potter, who is the first of the bishops of New York to be interred in the great cathedral.

he planned, which will be the final resting place of the bones of all the bishops to follow him.

Preceding the removal of the body to Morningside Heights, formal memorial services were held this morning at Grace church, where the remains had rested since his death. These services were under the direction of Bishop David H. Greer, the successor of Bishop Potter, and the chairman of the committee of clergymen and laymen in charge of the funeral arrangements. Other members of the committee are the Rev. Dr. William R. Huntington, rector of Grace church; Rev. Dr. W. M. Grosvenor, rector of the Church of the Incarnation; Archdeacon George F. Nelson and George M. Miller.

Admission to Grace church was by card, as the edifice could hold but a small part of the people who desired to pay their last respects to the memory of the famous bishop.

After the services, the body was escorted to the cathedral by a great cortege of carriages. At the entrance to the extensive cathedral grounds the foot procession began. At the crypt services were again conducted, after which the body was laid in the tomb of honor directly in front of the communion rail. A stone simply engraved marks the last resting place of one of America's greatest churchmen.

CREDIT MEN IN MEETING

Hearst News Service.
St. Joseph, Mo., October 20.—Officers and directors of the National Association of Credit Men convened yesterday for a session that will be of great importance to jobbing concerns throughout the country. The place of holding the next general convention will be decided, and other matters of interest taken up. The visitors will be the guests of the St. Joseph credit men at a banquet to be held this evening at the Hotel Robidoux.

The officers of the national association are Frank M. Gettys, Louisville, Ky., president; George R. Barclay, St. Louis first vice-president; David S. Latham, Philadelphia, second vice-president; Charles E. Meek, New York, secretary-treasurer.

Mrs. E. H. Harriman, wife of the great railroad magnate, who lost a very valuable diamond pendant at a wedding in a New York church.

STATE GEOLOGISTS MEET NOVEMBER 4

Jackson, Miss., October 20.—The State Geological Commission has been called by the Governor to meet in this city on the 6th day of November. The regular meeting day is the 4th of November, but Governor Noel, who is one of the members, has another engagement on the 4th and the date was changed to the following Friday. The members of this commission are Governor Noel, Dr. Dunbar Rowland, Chancellor Kincannon, of the State University; State Superintendent of Education Powers, and President Hardy, of the A. & M. College.

Dr. Crider, state geologist, will be present and submit his report of the business of his office for the past six months. Secretary Rowland will also have a report to read on the business of the commission, telling in detail just what has been done.

RICHARD RAY CARRIED BACK

Richard Ray, the negro who was caught by ex-policeman Norwood and who was wanted in Demopolis, Ala., for robbing an express wagon, was yesterday morning carried to the Alabama town by H. A. Monnier, Chief of Police of Demopolis, who came for the negro. The negro had two accomplices, both of whom have already been convicted. Mr. Norwood received \$25 for the arrest. It is worthy of note that the chief of police who came for the negro has been in office since 1869.
