WEAK HEARTS

are caused by indigestion. If you eat a little too much, or if you are subject to attacks of indigestion, you have no doubt had shortness of breath, rapid heart beats, heartburn or palpitation of the heart.

Indigestion causes the stomach to expand—swell, and puff up against the heart. This crowds the heart and interferes with its action, and in the course of time the heart becomes diseased.

Kodol Dyspepsia Cure

digests what you eat, takes the strain off of the heart, and contributes nourishment, strength and health to every organ of the body. Cures indigestion, dyspepsia, sour stomach, inflammation of the mucous membranes lining the stomach and digestive tract, nervous dyspepsia and catarrh of the stomach.

After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured.

MRS. LORING NICHOLS, Penn Yan, N. Y.

I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me.

Quality vs. Quantity.

Most of the patent medicines testimentally are probably genuine. The following notice recently appeared in the Atchison (Kan.) Globe: "Joe Turk, a well known engineer, running the Missouri Pacific between St. Louis and Kiowa, lately appeared with a picture, and when he was in the picture, he asked him about it. He says he had terrible pains in his stomach, and thought he had cancer. His druggist recommended Kodol and he says it cured him. He recommended it to others, who have tried it." Kodol Dyspepsia Cure digests what you eat and cures all stomach troubles." Sold by E. J. Ward.
