THE EASTERN MAIL.

Post Office open daily from 9 A. M. until 6 P. M. on Sundays, from 9 to 10 A. M.

☞ City subscribers who may fail to receive our paper regularly, will oblige by giving notice at this office. We have been rearranging the carriers routes, and it is possible that some may have been overlooked.

AUCTION SALES.—Auctioneer Boyd will sell a valuable lot of furniture, household goods, and some stock at 11 o'clock on Wednesday in front of the Capitol.

☞ The body of Mr. Gordon was discovered in Pearl river yesterday evening, about five yards from where he was drowned last Sunday morning.

MISSING.—Mr. W. A. Waddell, who was known to have been fishing on one of the lakes at the storm came up on Monday, has not since been heard from.

HON. GEORGE T. SWANN.—It will be seen by reference to our advertising columns that Judge Swann has resumed the practice of law, having for some time acted as Judge thereof in the Special Court of Equity. The Judge is too well known to require any special mention at our hands. As law is becoming fashionable, we hope he will have more cases than he can attend to, and more fees than he can disburse.

PERSONAL.—Gen. E. McNair, formerly of Jackson, latterly a Confederate Brigadier, and now a Commission Merchant of New Orleans, is on a visit to our city.

☞ There was great excitement among the little folks in town yesterday, caused by the arrival of those Patent Return Balls, at Leudy & Son's. Those who could secure one of those popular toys, should call early or the supply will be exhausted.

AFFECTING.—We learn that a very affecting scene took place at the New Orleans Railroad depot yesterday evening—the occasion being the final parting of Sunday school marms with their colored pupils of this city. Tears were freely shed on both sides. It seems the best of friends must sometimes part.

MINE ALE.—Angelo advertises ale at wholesale.

☞ Messrs. Eyrich & Co., next door, have laid upon our table Frank Leslie's Magazine for June, and the latest dates of Chimney Corner and Harper's Weekly.

WHAT'S TO PAY?—We learn that the several Freedmen's schools of this city have suddenly and indefinitely suspended operations. Have the pupils already mastered the classics or has Northern philanthropy played out? Perhaps the weather is getting too warm? We want light upon this dark subject.

MISS MARY DALEY.—We regret to announce the death of this venerable and estimable lady, (wife of David Daley, Esq.,) which occurred yesterday morning at 8½ o'clock. She had almost reached the age of three score years and ten. She leaves a large circle of devoted relatives and friends to mourn her departure. Her funeral will take place from the Presbyterian Church at 4 o'clock this evening.

☞ The Red Jacket Bitters are a combination of nine herbs and plants, with the purest and mildest of all stimulants—fine old ripe Bourbon Whiskey. Call for the Red Jacket Bitters, and take no other.

THE CHOLERA.—Dr Bigelow, a noted physician of Boston, says:

"From our past observation I do not believe that cholera, should it appear in this country, will be so likely to trouble New England as it is to visit the malarious regions of the South and West."

Among all the many different remedies advertised there are none that act so completely as an antidote to this malarious poison, and which give vigor and strength, than Dr. Hoback's Stomach Bitters and Blood Pills. The Blood Pills act directly on the liver, causing it to throw off the deleterious matters, and the Bitters restore the appetite and invigorate the whole system, thoroughly keeping off the terrible scourge, cholera.

UNFADING LOVELINESS

Belongeth to the immortals, but whoever uses the fragrant SOZODONT can at least defy time to injure one of the elements of beauty, a good set of teeth.

☞ How did our friends in town fare yesterday? We partly know. They didn't have any ice-cream, for the man who daily proclaims the fact that he screams was off his beat, and we didn't hear him say "I scream" once. We met him in the course of the day, and he looked as if he had been run through his own machine. We trust you had not given away your flannel shirts, for you needed them yesterday; you grown folks, we mean, for the little chaps kept themselves warm running about with their pop-guns, shooting off loads of chinaberries—there was such a jolly lot of ammunition.—The facts, we hope, were good; those which we had were, and the experience of everybody whom we interrogated yesterday evening agrees with ours. Jackson cooks are evidently skilled in pastry, and it is well; for probably no instance was ever before known of the entire population of a city like this being invited to dessert upon green-apple tarts. They seemed to like it, and it has been suggested that annually, hereafter, the Jackson green-apple tarts be solemnly devoured on the 29th of May, in commemoration of the preservation of the city from the storms, and that the day be known in the Calendar as Applemas.

A correct knowledge and short inspection of Wilcox & Gibbs' Machines will dispense all prejudice.

The stitch made by Wilcox & Gibbs Sewing Machines is stronger and more beautiful than hand sewing.

Wilcox & Gibbs Machines are repaired and warranted at NO. 5 ST. CHARLES STREET.

A FEW REASONS WHY

WILCOX & GIBBS'

SEWING MACHINES

ARE SUPERIOR TO ALL OTHERS.

1st. The Superiority of their construction.

2d. Their noiseless motion; hardly perceptible in a large room.

3d. Their utility, performing all kinds of sewing in the neatest and strongest manner.

4th. The needles cannot be set wrong, hence do not break, as do others.

5th. They do not get out of repair, or require frequent expenditures for repairs, as others do.

6th. Their economy; consisting not more than one half the price of inferior machines.

7th. Their popularity, which is the best indication of their worth; they are now disposed of readily in every city in Europe, superseding every Sewing Machine hitherto in use.

8th. They perform their work with regularity and strength, without a false stitch or break, so frequent with others, and can be managed and made to work by a child.

It needs but a trial of these beautiful and simple Sewing Machines, to convince the most skeptical of their superiority over all others manufactured.

Please call and see them in full operation at
