of low, marshy, and overflowed regions, or where miasma prevails, and all

EMIGRANTS TO THE SOUTH AND WEST,

should not be, for a single day, without SPOONER'S ANTI-FEVER AND AGUE PILLS, in order that when they are attacked with Chills and Fever, Bilious, Intermittent or Remittent Fevers, Dumb Ague, Congestive Chills, Pain in the Back, Periodical Headache, Diarrhea or Dysentery, (to which they are constantly liable,) they may promptly and effectually be cured, without the loss of a single day's labor. Their success is not contingent upon anything; they will never fail to cure effectually and permanently.

For sale by all Druggists.

SPOONER'S

Immunity against the Fevers and Chills of Spring and Fall, the Dysenteries and Diarrheas of Summer, and the various Bilious complaints attendant upon the entire year, is what the South needs and must have before that favored region will attain the full meed of its greatness. Emigration thither has been and is retarded for the lack of it; and for the same reason, cotton raising has been restricted and interfered with.

ANTI-FEVER & AGUE

In view of these facts Dr. Spooner offers to the people of the South, and to Emigrants going thither, his ANTI-FEVER AND AGUE PILLS, which have been demonstrated, repeatedly and repeatedly, to be an unerring and never-failing preventive and cure of all Bilious complaints incident to the South and West. Try but one experiment; the cost is trifling, the result is beyond any contingency. It never has failed and never can, while Physiology remains a science.

FLATTERING TESTIMONIALS
OF THE
Ætna Insurance Co.
FROM THE
INSURANCE DEPARTMENT
OF THE
STATE OF NEW YORK.

The Insurance Commissioner to the Legislature:

"The Ætna Insurance Company, of Hartford, one of the most successful Fire Insurance Companies of this or any other country."

"Connecticut Companies follow the rules and practices of the Ætna almost as carefully as if they were embodied in statute law."

Again, pointing to errors of practice in New York Companies, the Ætna's successful management and solid rules are called to their attention thus:

"It still remains more a matter of wonder than imitation in the insurance world."

"By what subtle alchemy has this corporation been enabled to turn its full-paid capital into the philosopher's stone?"

"The extraordinary events which have distinguished its unparalleled financial history."
The average losses per diem in the United States, at this period of the year, are about $250,000. The Telegraph daily sounds startling notes of warning to all prudent Persons.

1866.

INCREASE OF RATS.—The Farmer's Gazette (English) asserts and proves by figures that one pair of RATS will have a progeny and descendants no less than 65,050 in three years. Now, unless this is an immense family can be kept down, they would consume more food than would sustain 65,000 human beings.
See "Costar's" advertisement above.

1866.

RATS *versus* BIRDS.—Whoever engages in shooting small birds is a cruel man; whoever aids in exterminating *rats* is a benefactor. We should like some one to give us the benefit of their experience in driving out these pests. We need something besides dogs, rats, and traps for this business.—Scientific American N Y.
See "Costar's" advertisement above.

1866.

"COSTAR'S" RAT EXTERMINATOR is simple, safe and sure—the most perfect RAT-libration meeting we have ever attended. Every Rat that can get it, properly prepared, will eat it, and every one that eats it will die, generally at some place as distant as possible from where it was taken.—Lake Shore, Mich. Mirror.
See "Costar's" advertisement above.

1866.

HOUSEKEEPERS troubled with vermin need be so no longer, if they use "Costar's" Exterminator. We have used it to our satisfaction, and if a box cost $5, we would have it. We have tried poisons, but they effected nothing; but "Costar's article knocks the breath out of Rats, Mice, Roaches, Ants, and Bed-Bugs, quicker than we can write it. It is in great demand all over the country.—Medina, Ohio, Gazette.
See "Costar's" advertisement above.

1866.

A VOICE FROM THE FAR WEST.—Speaking of "Costar's" Rat, Roach, Ant, &c. Exterminator—"more grain and provisions are destroyed annually in Grant County by vermin than would pay for tons of this Rat and Insect Killer.—Lancaster, Wis. Herald.
See "Costar's" advertisement above.

1866.

FARMERS AND HOUSEKEEPERS—should recollect that hundreds of dollar's worth of Grain, Provisions, &c., are annually destroyed by Rats, Mice, Ants, and other insects and Vermin—all of which can be prevented by a few dollars' worth of "Costar's" Rat, Roach, Ant, &c., Exterminator, bought and used freely.
