High Taxes Cause Citizens to Pass Resolutions

Taxes, state, county and municipal, are high in Mississippi this year, and especially are we burdened by taxes since our crop yield has been light, and prices for farm products so low.

Interested in this matter, citizens of Union county held what might be called an impromptu mass-meeting in the court house in New Albany last week, and below we publish a synopsis of the proceedings, as published in the New Albany Gazette:

"As citizens of Union county we are glad to pay our share of the expense of the government, economically administered, but we should see to it that real economy in governmental affairs is exercised, and we regret that we have been hitherto so careless of these matters.

"Within the last few years salaries of officials have been raised; organized effort on the part of those interested has led to very much enlarged, if not prodigious appropriations, and expenditures. Many projects that call for much money have been saddled upon us so that today we find ourselves really tax-burdened and with no relief in sight.

"We offer no special criticism of any one citizen or official at this time, for all of us are more or less guilty, but we sound a note of warning, and hope that those in authority may bear us.

"If we have officials that we do not need let those in authority find a way to oust them.

"If there are deputy officials whose services might be dispensed with, let them go.

"We pledge our energy and united effort to sustain, in the right, all those whom we have chosen to serve us, and hope that our board of supervisors and legislators may, as soon as possible, give us some very much needed retrenchment and reform in the matters that so vitally concern us."

"Whereas, the legislature of the state of Mississippi at its 1920 session created a commission and clothed it with authority to issue and sell interest-bearing bonds to the amount of five million dollars for buildings and improvements at our various educational and eleemosynary institutions, and

"Whereas, our taxes are already heavy, amounting to a great burden upon us, be it therefore

"Resolved that we, citizens and tax-payers of Union county, do hereby petition and memorialize said commission not to issue and offer for sale any more of these said bonds so authorized, believing, as we do, that no interest of the state will suffer on account of their non issuance.

"Resolved that the chairman and secretary of this mass meeting assembled be authorized and they are hereby directed to send a copy of these resolutions to Gov. Russell, ex-officio chairman of said commission, and that he, the governor, be requested to lay the matter before said commission."

Whole World Seems Upside Down

The figures below may not be exactly correct, but they are certainly not far wrong, and will give an idea of the unsettled conditions brought about by the world war. No one will argue that Gen. Sherman's definition of war is wrong.

It takes—
Three pounds of seed cotton to buy one bottle of Coca Cola.
Ten pounds seed cotton to buy one admission to the movies.
One bale of lint cotton to buy an auto tire.
Two whole beef hides to buy one pair of shoes.
One whole hog on foot to buy just one cured ham.

Seventy-five pounds of ear corn to buy two pounds of cheese.
Twenty-five pounds of ear corn to buy one can of corn.
Fifty pounds of ear corn to buy one can of salmon.
One bushel of wheat to buy 24

What a Hog Needs For Quick Growth

For Frame—Alfalfa flour and tankage in Purina Chow builds a large frame on which to grow flesh.

For Flesh—Tankage, linseed flour and gluten feed supply flesh, blood, hide and hair.

For Fat—Molasses, hominy and ground corn make fat, heat and energy.

Purina Pig Chow insures 25% to 40% more hog.
