129 ways to save on food!

You'll find many more at SAFEWAY

THE sure way to learn the facts about food savings is to compare ALL prices. Comparison of just a few advertised prices will not give you a true picture of total food costs because—you can't feed your family on weekend "specials" alone. We invite you to check each of our prices against what you pay if you shop elsewhere. Then compare the total. See how you can save on food when every price is low. Be sure... shop Safeway.
